Hickory Camp No. 20 had the whole show, in the whole state of North Carolina on the occasion of President Bradshaw's visit there Friday and Saturday. The members of this camp proved themselves able to entertain their many distinguished guests and send them on their way happy and benefited by having come in contact with the splendid citizens and Woodmen of Hickory.

President Bradshaw said "The finest thing I can say about my visit to Hickory, is that it is most refreshing to meet you people who say what you think, do as you please, and breathe this wonderful mountain air. In my capacity as chief executive over an order with ultimate obligations to pay \$382,000,000, and with \$114,000,000 on hand, it certainly does my jaded spirits good to rub elbows with such jolly friends".

The banquet on Friday night was well attended and thoroughly enjoyed by every one present. General, E. B. Lewis acted as toastmaster. Judge Barrington T. Hill of Wadesboro introduced the state officers and other distinguished guests. President Bradshaw and Mayor Young were the high lights and high spots at this meeting; both were in the proper mood to give and receive the best jokes of jokes. Of course, we on the side lines enjoyed it all.

After the program an old time square dance was enjoyed by all. I wish I might quote here in full the wonderful speech delivered by President Bradshaw at the city auditorium on Saturday morning at 11 a. m., however his description of his office work and duties as president of this great fraternal insurance organization with his earnest desire to serve the Order and humanity at

large was felt by his hearers as he discussed these problems before his fellow Woodmen. He made it clear that the world needs today more men and women to serve, rather than so many leaders or perhaps I should say, so many would be leaders.

The many fine degree teams with their uniforms and axes along with the band from Wadesboro did their part to perfection. They made a fine showing in the parade and lent color to the occasion all through Saturday. The degree work by Company L, 97th Regiment of Kannapolis, in charge of Captain H. A. McKern was well done. Around five hundred Woodmen saw the degree work which was put on in the large overall factory, a class of 50 candidates was secured in sixty days for this occasion.

The first meeting night in December will soon be here, it's an important night for all W. O. W. camps, for on this night officers for 1934 will be elected. The future welfare of your camp depends on your wisdom in selecting your camp leaders for next year. You should choose only those that will be loyal and true to the principles of Woodcraft, right living and good citizenship. We must move up or down because there is no half way ground where we can remain stationary. Therefore, we need only the tried and true to head our local units, men that know how to advance regardless of the enemy that may confront them. Find and elect a good set of officers for 1934 and we will be able to reach many more homes that need our protection, many more widows and orphans will have something to eat and wear and many more children will be educated because you made wise selections on first of December 1933.

Thanksgiving Wishes

Set aside since the days of the Pilgrim Fathers in appreciation of divine guidance through peril and prosperity—and after their illustrious example—we reverently pause on Thanksgiving Day to offer thanks for the year's blessings.

We take this opportunity also to express our appreciation of the patronage and good will extended to our store and to promise continued diligence in the same faithful service characteristic of this store since its founding 20 years ago.

Store closed all day Thanksgiving.

Why Children Need a Liquid Laxative

The temporary relief children get from some synthetic, habit-forming cathartic may cause bowel strain, and even set-up irritation in the kidneys. A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to give the child "a double dose" a day or two later.

Can constipation be corrected in children? "Yes!" say medical men. "Yes!" say many mothers who have followed this sensible medical advice: 1. Select a good liquid laxative. 2. Give the dose you find suited to the system. 3. Gradually reduce the dose until the bowels are moving regularly without aid.

An approved liquid laxative (one that is widely used for children) is Dr. Caldwell's Syrup Pepsin. The mild laxative action of this excellent preparation is the best form of help for children—and grown-ups, too. The dose can be regulated for any age or need.

Your druggist has Dr. Caldwell's Syrup Pepsin, Member N. R. A.
