**Why
Liquid Laxatives
are Back in Favor**

The public is fast returning to the use of liquid laxatives. People have learned that the properly prepared liquid laxative will bring a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And mild liquid laxatives do not irritate the kidneys.

Doctors are generally agreed that senna is the best laxative for everybody. Senna is a natural laxative. It does not drain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It has the average person's bowels as regular as clockwork in a few weeks' time.

You can always get Dr. Caldwell's Syrup Pepsin at any drugstore, ready for use. Member N. R. A.

SUNNYSIDE DAIRY

PAUL GLAZENER

WALTER GLAZENER

MERRY CHRISTMAS To One And All!

DURING THIS YEAR

WE HAVE PAID MORE THAN \$45,000 IN CASH

To the People of This County for Produce, Chickens and Poultry

We Buy From The Farmer His Produce

It would be an "eye-opener" to some people of this section to know just how many carloads, even trainloads, of potatoes, produce, poultry and eggs that we have bought from the good farmers of Transylvania county. Year in and year out our place has been a Cash Market for much that has been grown in this county, and we have shipped it to other sections, bringing in new money in somewhat larger quantity when the sum total is considered.

The farmers and poultrymen have co-operated with us in every good way, and we have made every effort, in turn, to bring to the farmers of this county every cent of money that could be obtained for the re-sale of their products.

We Sell To The Farmer His Feed and Seed

Nothing is more interesting to us than the continuous game of Agriculture. At planting time we glory in providing the proper seed that the farmer is to plant in Old Mother Earth. Time passes, and when the harvest days roll around we buy from the farmer his surplus crop that grew from the Seed that he had purchased from us at planting time.

Or it may be that the farmer has brought in a load of chickens to sell to us, or a crate of eggs. If so, we think back to the time when we sold him the proper feed to start the chicks off in their growth, or the laying mash to make them lay. Whichever it is, the interest is there, for we feel that we had a part in the process all the way through. THE FARMER WHO USES PURINA FEED FROM THE CHECKERBOARD BAG is the successful man or woman.

HEAVY GROCERIES

Handling of Heavy and Staple Groceries has become one of the most important departments in our business. Buying grain from farmers here, shipping to other sections, soon resulted in giving us connections for buying Flour, etc., direct, at prices that we could, in turn, sell to the people at lower prices. The same principle worked as to cured meats. Then we added coffee, sugar, and many other articles, selling at prices that appealed to those who like to save every penny they can.

EVERYBODY CAN SAVE MONEY

By Doing the Bulk of Their Trading Here

We buy in large quantities, whether it be Flour, Groceries, Feeds, Seeds, Hay, Fertilizer—and sell at prices you can afford.

UP-TO-DATE CORN & FEED MILLS

Ready at all times to serve you. We operate two corn mills and a Hammer Mill. The Corn Mills do custom grinding and manufacture meal to be shipped.

The Hammer Mill grinds most anything, including Shelled Corn, Ear Corn, Unshucked Corn, Rye and other grains into feed for your stock.
