

Dry Forces To Meet In Brevard For Business Transaction Next Saturday

Call is issued by the Rev. J. K. Henderson, chairman of the United Dry Forces of this county for all drys to meet at the Baptist church in Brevard on Saturday afternoon of this week at three o'clock for the purpose of electing a trustee to serve on the statewide organization. The following request from Cale K. Burgess, head of the Dry Forces in North Carolina, is printed at the request of Mr. Henderson: "On January 16, 1934, approximately 60 friends of temperance and prohibition in North Carolina held a Convention in Greensboro and decided that the United Dry Forces of North Carolina should become a permanent organization. I am sending herein to you a copy of the Constitution and a copy of the Resolutions that the Greensboro Convention adopted. "The affairs of the United Dry Forces will be handled by a Board of Trustees, consisting of 120 members allocated among the Counties of the State on the same basis as representation in the lower house of the General Assembly. The Board of Trustees will hold their first meeting on March 20, 1934. I want each County Unit of the United Dry Forces to select and report immediately its member or members of the Board of Trustees; and I hereby request the Chairman in each County to see that this matter be accomplished at the earliest possible date. I sincerely hope that all members of the Board of Trustees can be elected and reported before February 15th.

"We still owe approximately \$700.00 on our Campaign expenses. Also, we need a small amount of money to pay for stamps, stationery and similar expenses, pending the organization of the Board of Trustees on March 20th. Consequently, the Greensboro Convention instructed us to call upon each County to raise and send in a contribu-

tion immediately, expressing the hope each County would forward at least \$10.00. "Please give immediate attention to the two foregoing matters and let me hear from you immediately. In order to conserve and extend the advantages and benefits won on November 7th, the United Dry Forces must carry on continuously and effectively; and I hope that the Drys in every County will step forward immediately and maintain a united front against the liquor traffic in North Carolina.

Very truly yours,
Cale K. BURGESS"

Pursuant to the foregoing request I am asking the United Dry Forces of the county to meet in the Brevard Baptist church Saturday at three o'clock, February 17th.

If you are interested in the Dry cause be sure to come and bring a little cash to help the cause.
