

RAW DEAL IS GIVEN EAST FORK SECTION

(Continued from page one)

bers of one family just couldn't work and still we notice that more than one and sometimes two from one family living in Brevard are working under the CWA.

There's one other fact in regard to our East Fork-Rosman road. In the last two years there has been more truck hauling on our road than on any other road in the county, and yet there's been no appropriation for our road. If we only could be allowed the gas tax on what gas is used on this road, they could just take the CWA and go to the dickens with it. For the past two years on this road the trucks alone hauled timber, lumber etc. to such an extent that the average gas tax, federal and state, would amount to more than four thousand dollars per year. Now, we wonder just who is to blame for this situation. So far as we've been able to learn every section in the county has had some road project except the East Fork section.

Well, we feel like we've been sat upon and if we don't miss our aim we'll find out some time just where to lay the blame.

Say, it would make you laugh to know the varied and funny excuses that have been put to the ladies in regard to their sewing room project for East Fork.

Making more of what you have is as good as having more.

Yes, money talks; usually just long enough to say goodby.

Why the Sudden Change to Liquid Laxatives?

Doctors have always recognized the value of the laxative whose dose can be measured, and whose action can be time regulated to suit individual need.

The public, too, is fast returning to the use of liquid laxatives. People have learned that a properly prepared liquid laxative brings a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The wrong cathartic may often do more harm than good.

Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help. Dr. Caldwell's Syrup Pepsin is at all druggists. Member N. C. A.

HAMPTON SELECTED HERE AS DRY REPRESENTATIVE

At a meeting of the United Dry Forces of Transylvania county held Saturday afternoon at the Baptist church, A. E. Hampton was appointed trustee to represent this county on the statewide organization.

The meeting was in charge of Rev. Z. K. Henderson, chairman of the dry forces in Transylvania county. The constitution of the state organization was read by the chairman and other matters pertaining to the cause were discussed.

The affairs of the United Dry Forces of North Carolina will be handled by a board of trustees consisting of 120 members allocated among the counties of the state, according to adoption of resolutions at the recent meeting of the state dry forces held in Greensboro, which meeting was attended by approximately 600 friends of the cause.

NEGRO USES SHOTGUN WHEN REFUSED CREDIT

J. F. W. Mills, known as "Jip", and recognized as leading negro business man of Brevard, had warrant issued for Will Price, colored, early Monday morning, charging that Price threatened his life with a shotgun.

Price is said to have demanded that "Jip" sell him some supplies from his store in West Brevard last Sunday "on a credit," which "Jip" refused to do for reasons best known to himself. After being driven from Mills' place of business, the negro is said to have procured a shotgun and returned, but did not shoot.

When arrested Monday morning by Sheriff Wood (the negro being awakened at his home around nine o'clock) a single barrel shotgun loaded with buckshot reposed beside his bed. He was placed in jail.
