## CORN MEAL IS WANTED BY THE RELIEF OFFICE

Bids are wanted by the Emergency Relief office at Brevard on 100 bushels of corn meal, to be delivered at the store room in Brevard the first of next week. W. A. Wilson, supervisor, states that he wants the meal to be furnished from this county if possible, and that preference will be given to half-bushel bags.

The earth gets about 44,000 thunderstorms a day.

## DO YOU SUFFER FROM GAS?

Mrs. Fannie Sewell of 921 No. 3d St., Wilmington, N. C., said: "I was in a general run-down condition. After eating, I would suffer from gas and sour stomach, would feel dizzy and had frequent headaches. I became weak and lost weight but after taking Dr. Pierce's Golden Medical Discovery all this trouble was gone and I gained in weight and strength. New size, tablets 50 cents, liquid \$1.00. 'We Do Our Part.'"

## Old Masonic Paper Tells History Of Transylvania County's Organization

The following narrative of formation of Transylvania county taken from an old Masonic publication will be of interest to many of the older residents of the county, some of whom can remember when Transylvania county was formed, and will be enlightening to the younger generation, as well. The story follows:

## TRANSYLVANIA

The General Assembly ratified February 15 1861, an act erecting this county, out of Henderson and Jackson, with the following boundaries:

"Beginning at the Standing Store, on the South Carolina line, near the head-waters of Green river and Little river, running with the Blue Ridge to Green river gap, thence to the top of Hickory mountain, x x x thence to the top of Pisgah mountain to a point on the Blue Ridge between the head of Indian creek and Toxaway river," etc.

The act directed that the first session of the county court, to elect officers of the county and transact other business, should be held on the third Monday in May, 1861, at the house of R. C. Lankford. It appointed James L. Linyard, Joseph Bryant, George Orr, T. W. Johnston and Col. Joseph Hamilton of Transylvania and A. Henry of Henderson to select the site for the court house and the name of the county seat was given as Brevard; this to be located within five miles of W. P. Poor's store; the commissioners to acquire, by purchase or gift, not less than 50 acres of land, James Killian, W. P. Poor and Charles Patton were appointed commissioners to lay off the lots of the town and sell the lots, to meet the cost of the court house and jail.

The county was given a romantic name, composed of two Latin words, *trans*, meaning "across," and *sylvania*, the woods. The county seat was named in honor of Col. Ephraim Brevard, a patriot of the Revolutionary war period. The first court was held in a store in Brevard. The first court house and jail, both of wood, were built there in 1866. Those buildings were removed and replaced by the present court house and jail in 1874. The first will book begins May 20, 1861, the first deed book May 24, 1861. In 1920 the court house was remodeled.

He is survived by his second wife, Mrs. Carrie Crowe Aiken, and a brother, M. C. Aiken, North Carolina, besides twenty grandchildren and several great-grandchildren.

## WADDIE T. AIKEN IS BURIED SATURDAY

GREENVILLE, March 7.—Waddie T. Aiken, 85, one of the oldest residents of the Mount Carmel section, died Saturday afternoon at the home of his daughter, Mrs. J. A. Chappell near the Mount Carmel Baptist church, where he had made his home for the last three years.

He was born in Pickens county, and while still a lad, the family moved to North Carolina where he lived for many years. He was a member of the Antioch Baptist church.

Mr. Aiken was a Confederate soldier, having served the four years in the War Between the States.

Mr. Aiken was twice married, his first wife being Miss Sarah Galloway of North Carolina. From this union the following son and daughters survive: J. F. Aiken, Dacusville; Mrs. J. A. Campbell, Greenville county; Mrs. J. N. Galloway, Piedmont, and Mrs. J. M. Martin, Six Mile.

Edgar Osborne gets place on honor roll.

Wake Forest, March 5.—Transylvania county's representative on the Wake Forest College honor roll for the first semester is F. E. Osborne, senior from Brevard. Mr. Osborne averaged 90 and above on all his class work for the first semester.

It is considered a great honor to be listed on the honor roll, as it included this time only thirteen per cent of the student body of 900.

Last month Wake Forest rounded her first century and is making plans for the Centennial celebration in May when the new Administration building will be dedicated.

## SOIL EROSION WORK BEING DONE BY TVA

The construction of 24,000 soil erosion check dams by CCC boys and preparations for the establishment of a Soil Erosion Experiment Station and two forest nurseries with an ultimate capacity of 60,000,000 forest tree seedlings per year mark the preliminary advances made by the Tennessee Valley Authority in its war against the depletion of soil resources in the Tennessee River watershed.

"An effective beginning at soil erosion and flood control has been made with the aid of 25 CCC camps," Edward C. M. Richards, chief of the Authority's forestry and soil erosion division said today.

"The soil erosion prevention work already completed includes 6,000 rock dams, 5,000 log dams, 1,000 brush dams, 12,000 bag dams and 200,000 yards of bank protection and matting. About 30 per cent of the erosion prevention work in the half million acres surrounding the area which will later be submerged by the new Norris Lake has been completed. Preparations for vegetative control for the region are now being completed and this part of the work will get under way as soon as the planting season opens."

The establishment of a Soil Erosion Experiment Station for the Tennessee Valley by the Soil Experiment Station for the Tennessee Valley by the Soil Erosion Service of the United States Department of the Interior has been secured, and the selection of lands for this purpose is now under way.

## CONNESTEE NEWS

There are only a few important notes this week, but our editor tells us a man wrote all the way from New York city to inquire why Connestee wasn't represented in his paper any more. We are glad that somebody was interested in us that much. But during the winter things are rather dull out here, with a muddy road and few visitors.

Born to Mr. and Mrs. Leo Raines twin girls—Jenny and Jeanette. They are two lovely babies and doing just fine. We are very sorry to say the mother has a bad case of pneumonia.

The nurse, Mrs. Ada Teague, is now nursing the case. The family seem to have very little hope of Mrs. Raines' recovery. The out-of-community sisters of Mrs. Raines have come to be with her, Mrs. Summey Brown, of Taylors, S. C., Mrs. O. Holden, of Lyman, S. C., Mrs. Ella Lence of Rosman and Mrs. Tell Brown of Brevard. We wish so much for Mrs. Raines to get well. How pitiful to think of little children growing up to never know what a mother's love means. There are now six little fellows in that family.

Announcement has been made of the marriage of Miss Lilly Gravely to Mr. Payne of South Carolina. We understand they are to make their home near Greer.

Master Orvil Mull is improving nicely after a siege of measles.

Mrs. Fred Batson, Mrs. Mitchell Holden and Mrs. Walter Raxter were visiting the sick in our community last Monday.

Miss Edna Henderson, who is attending the Western Carolina Teachers College spent the week-end at home, returning Sunday with Miss LaVerne Whitmire and Austin Hogsted.

Miss Margaret Gash left for her home at Blantyre on Thursday afternoon. We miss her from among us.

Miss Dallas Glazener has been ill for some days but is improving.

We are certainly glad to see the sun shine again for a lot of reasons. But as long as it rains the cock crusher will not work, and we are very anxious for the "good road" to hurry and come past our house before the funds give out.

## PISGAH FOREST NEWS

Circle No. 1 of the Brevard-Davidson River women's auxiliary met at the home of Miss Annie Jean Gash Thursday afternoon for their regular monthly meeting. Mrs. Boyce Walker, chairman presided over the meeting, and Miss Maggie Deaver led the devotionals with Miss Julia Deaver as program leader. The hostess served refreshments during the social period.

Mr. and Mrs. Francis Plummer accompanied by their guests Mr. and Mrs. Ira C. Kennon of Sumter, S. C., spent the week-end with Mr. and Mrs. C. C. Morris in Biltmore.

Mr. and Mrs. W. A. Stophel, of Marion, S. C., have been visiting here for the past week. Mr. and Mrs. Stophel are former residents, he being sawyer for Carr Lumber company.

Mr. and Mrs. Arthur Sentell and Mrs. Henry Mackey have been taking treatment for the removal of their tonsils.

Miss Martha Cowan left Saturday for a visit with Mr. and Mrs. Harold Foster in Columbia, S. C. Her parents Mr. and Mrs. Tim Cowan accompanied her as far as Greenville, S. C.

Mr. Oscar Masters, a former resident, but now of the U. S. Army stationed in New York, was recently calling on old friends here.

## BOY SCOUTS TO GET CLOTHING SATURDAY

Boy Scouts of Brevard will canvass the town on Saturday morning of this week to collect clothing and household articles for distribution to needy families. Housewives are asked to have any such discarded, but still useful articles ready for the Scouts on Saturday morning.

Original plans were to have the Scouts make the canvass last Saturday morning but the excessive rain all that day prevented the collection.

It is predicted that dental fillings of the future will be non-metallic, chemically inert, and natural-looking.

Tasks of a male African elephant usually weigh about 40 pounds each, but record-breaking tasks weigh over 200 pounds apiece.

## Announcing

A NEW PLAN TO ASSURE YOU THE KIND OF CHICKS YOU WANT!

DOZENS OF EXTRA EGGS next fall and winter when egg prices are at the peak—think of the extra money they'll mean for you! It takes good pullets to do that. And it takes good chicks to make good pullets.

We've made arrangements with a quality hatchery whereby we can supply you with the kind of chicks you want—sturdy, healthy, vigorous chicks hatched from eggs produced from carefully selected purebred flocks. Come in and let us show you the difference.

Don't forget to start your chicks on Purina Startena. It saves you money by saving you chicks—and gives them a flying start on the way to money-making pullets. Order a supply with your chicks.
