District Manager

Hugh Montieth was named chairman of arrangement committee Monday night at Sylva. J. W. Cooley and J. H. Dietz will serve with Sovereign Montieth. This local committee will make all arrangements for our district convention which meets with Sylva next month. A dinner committee with B. E. Harris chairman was also appointed to look after the delegates that get hungry while attending the convention, others on this committee are C. H. Nicholson, L. C. Moore, Chas Wilds and J. E. Long. Hickory Camp No. 80 held their oyster supper Friday night. Several invited guests attended the meeting and helped take care of the oysters; four signed of the dotted line. It was a fine meeting—Tom Newton came over from Kinston to see how we do things in the Western Carolina way.

The fish supper at Rhodiss Saturday night was a huge success. A large crowd of Sovereigns and their friends were already eating fish when I arrived late on account of snow storm. After talking awhile and listening to other good talks by Consul Commander Jones and several others, I wrote three applications. Secretary Benfield said they had several more ready to sign up but the snow storm kept them from attending the meeting.

T. O. Grigg, secretary, Camp No. 518, Shelby, said they would have several prospects ready for me to write up next Thursday night. Dr. Grigg also said he wanted to help honor President Bradshaw by sending several applications during the month of March.

Head Watchman C. P. Goforth, who is Consul Commander of Kings Mountain Camp and president of the Western N. C. Log Rolling Association, told us again last week that he was going to get some applications this month to help honor

Sovereign Bradshaw in a big way.

All camps that have been having one kind of get-together meetings his year, have been getting applications. If your Camp is dead at this time, try having an oyster supper and invite prospects and me. You'll be surprised at the results—try it!

Applications last week, each of which is a special honor to President Bradshaw! Rhodiss 3, Mill Spring 1, Hendersonville 3, and No. 80 Hickory 5. Total for week 12.

Try and get your camp on this report next week.

Most of the talk here is concerning the taking to prison of four of our prominent citizens, and most all give expressions like this: If this is what it costs to be an official and try to save the people their money in a bank, we don't want to be elected. Brother, the ones that are back of this are no saints, no sires.

We have more measles in our community than money, but we are more desirous for the latter.

THIS REALLY HAPPENED:

An acquaintance informed us the other day that his wife had decided to switch from washwoman to laundry. This is the reason:

About a week ago the washwoman came for the weekly bundle. The man's wife opened the door and said: "Don't come in here, Liza. My baby has the measles."

"Oh, dat's all right!" assured Liza. "I don't mind that. All three of my chilluns is jus' gittin' up from de measles!"

This would indeed be funny if such a tragedy occurred less frequently than it does. But the stark truth is THAT MANY INFECTIOUS DISEASES ARE TRACED DIRECTLY TO CLOTHES WASHED IN DIRTY, GERM-INFESTED SURROUNDINGS.

It is wise to safeguard your health and the health of your loved ones by patronizing the Carolina Laundry, where all clothes are sterilized and washed under the highest sanitary conditions. And remember, the Carolina Laundry has a service to fit any family budget.
