RUPTURE

E. J. MEINHARDI
OF CHICAGO HERE AGAIN

He will demonstrate the "Meinhardt Rupture Shield" privately in his rooms at the George Vanderbilt Hotel, Asheville, N. Car., on Wednesday only, April 4th, from 1:00 P. M. to 7:00 P. M.

Ask the Hotel Clerk for the numbers of Mr. Meinhardt's rooms. Only men are invited.

Mr. Meinhardt says: "The Meinhardt Rupture Shield contracts the opening in 10 days on the average case regardless of the size or location of the Rupture—no matter how much you exercise, lift, or strain." The Meinhardt Rupture Shield is skillfully molded to each individual as a Dentist makes false teeth. (No leg straps and no cumbersome arrangements).

It is waterproof, sanitary, practically indestructible, and may be worn while bathing or sleeping (continuously day and night) until no longer necessary.

After twenty years of experience—seeing thousands of cases—Mr. Meinhardt will be glad to answer questions regarding all methods for Rupture.

Do not neglect to see him on the above date. There is no charge for demonstration. This visit is for white people only. Chicago Office, Pure Oil Bldg.

Willie Dunn and party were cut short a trip to Carr's Hill Saturday night when he mistook a side ditch for the road.

We were reminded of olden times when before the day of autos people rode old Joe and Fan, when Freeman Galloway and party came through our section Saturday evening on horseback.

Born to Mr. and Mrs. Crate McCall on March 25 a son, Crate Jr. Mrs. McCall will be remembered as Miss Sallie McKinna of Brevard and Cedar Mountain.

The work on Mr. and Mrs. Alvin Fowler's house has been delayed because of rain. They hope to get moved next week.

An Easter entertainment is to be given by the Selica union Sunday, next Saturday evening and Sunday afternoon, the latter in the form of an egg hunt. Time and place will be announced at Sunday school.

There are more cases of measles in and around Selica than we wish to enumerate, but we are glad to believe it will soon be through, as nearly everybody will soon have had the disease.

Wake up Selicaites and help your reporter, as we can't say without having it to say. We know our community is worth our efforts and some sacrifices.

YEP, IN A MINUTE

"Mother, shall I run out and post this letter?" asked a little girl of six years.

"No, child, certainly not," was the reply. "It's pouring in torrents, and not fit to turn a dog out of doors. Let your father go."

The common house fly is somewhat of a speed demon. He makes 330 wing beats a second.

SEE...
the difference
in chick feeds!

YOU'RE RIGHT... it's hard to see any difference in chick feeds by looking at feeds. But chicks have an honest way of showing you the difference at six weeks. They show you in no unmistakable way. You see it in the feathering... in the development... in the weight.

This is why we have made PURINA STARTENA, America's best in chick feeds, our choice. We know beforehand what we can promise in chicks at six weeks. We know you can't get STARTENA results with "just as good feeds." Only STARTENA can give you STARTENA results. Before your chicks come... see us. We have a nice surprise for you in a Chick Management Chart and a Chick Sanitation Kit. Come in any time!
