

OAKLAND NEWS

(By Mrs. Lee F. Norton)

The farmers of this community are starting their farm work in real earnest. If they can't get horses or mules to plow with they go right ahead with an ox team.

T. B. Reid was in the Rosman section last week surveying, and came home almost crippled from climbing over the rough cliffs.

Mrs. Clarence Norton was a recent dinner guest of Mr. and Mrs. E. A. Reid.

I. S. Sanders, Mrs. Mary Burgess, Mrs. S. E. Alexander and Mrs. W. F. McCall were in Brevard one day last week on business.

Rev. and Mrs. S. R. Robinson have hosts of friends who read The Times who will be glad to know they were recently heard from by friends here and that they were getting along fine, and would probably visit this county in the near future.

Mrs. W. F. McCall visited Mrs. Dewey Bryson one day last week.

Mrs. Etta Alexander and Miss

Annie Keown of Tamassee, S. C., were guests of Mrs. S. E. Alexander over the week-end. They are making an extended visit to relatives and friends in this section. Miss Keown is a teacher in the D. A. R. school at Tamassee and is on her vacation.

Dan Reid and his mother Mrs. E. D. Reid were Lake Toxaway visitors Saturday afternoon.

Rufus Galloway of Cullowhee visited his daughter Mrs. Mamie Rigdon and family last week.

Alton Holden of Glenville called Saturday on Mrs. Mary Burgess and family.

Woodfin Miller was in Brevard Saturday on business.

Louis Rigdon was a Brevard business visitor last week.

Clarence Norton came home from the CCC camp Friday night sick and was not able to return to camp Sunday.

Leo Reid visited Clarence Norton Sunday afternoon.

Gus Glazener of Rosman called on T. B. Reid Sunday afternoon.

Kile Galloway, who was seriously ill last week, is able to be up again.

Our Sunday school folks got another measles scare and we had a small crowd out Sunday, for which we were sorry. Sunday's lesson was one that should be studied and seriously considered. We had with us our old friend Ward Breedlove, who made an interesting talk. It was like old times to have him in the Sunday school class.

In the business meeting of the committee for the Fisher reunion C. R. Clark was elected as second vice president, and Mrs. S. L. Sanders was appointed on the committee to fill the vacancy made by the death of Mrs. Walter McKinney. There will be another meeting of the committee on May 13 to transact some unfinished business. It is hoped every member of the committee will keep this date in mind and be present. The hour will be at the close of the preaching service and the place of meeting at Lake Toxaway Baptist church.

Few things worse than the smile that never comes off except at home.

The Davidson County Board of Agriculture has recommended a continued campaign for soil improvement and the culling of unproductive animals and poultry during 1934.

Tax Foreclosure Law Gives Citizens More Chance Than Before--Galloway

Editor, Transylvania Times:

The point raised in an article in last week's Times by Mr. T. C. McCall of Lake Toxaway, N. C., in connection with tax sales foreclosures, is a very pertinent and timely one and one that will have to be faced by many of us, myself included, some time out in the future, and, should we read only that section referred to by Mr. McCall we would readily conclude that it would be the easiest thing in the world for one's home or other property to be sold and absolute title made therefor, shutting off any avenue of redemption. However, if those who are interested in this matter will but read some of the preceding and succeeding sections of the chapter in question it will be found that every safeguard possible has been thrown around the property owner and that it is really much more difficult and at the same time

less expensive to sell property, outright, for taxes than has been the case under any former statute on that subject under which we have operated.

Sections 13, 14, 15 and 16, Chapter 148, laws of 1933, mark out the procedure to be followed in foreclosure actions and these sections seem to offer every possible protection and safeguard to the property owner. He has the right to go before the clerk of the court and answer the foreclosure proceeding and if the clerk's ruling in the matter is not satisfactory he has the right to appeal to the Superior court from such decision—privileges never before had by a citizen under any former tax sales foreclosure law—together with other rights and privileges which he may exercise all of which would delay final foreclosure. And no foreclosure can possibly be had within less than twelve months after the action has been commenced with various means of delay which the property owner may avail himself of.

Not being a lawyer my opinion on any statute might, and doubtless would be, worth very little, but under the provisions of Chapter 148, Public Laws of 1933, no citizen or property owner can be "railroaded" off his property or out of his home by any tax collector whomsoever he may be. Let those who are interested read the chapter as a whole so that all its provisions may be understood and appreciated.

Respectfully,
M. W. GALLOWAY,

story teller, while Charlie Hines will be the best eater and J. Milton Todd with his new double breasted suit will be the best dressed visitor unless his daughter wears that red Easter hat.

Tom Newton will more than likely ride to the convention on that Texas Bull that was talking to him at the Salisbury meeting. Perhaps the best part of the program will be when Mrs. L. L. Odom meets those four young ladies from the four towns that we held our last four conventions in. I'm sending them special invitations to be there.

Camp Secretaries will be sure and give names of all deceased members since our last convention. We want every secretary to mail your report even though your camp will not be represented. However, we know no reason why you should not send a delegate or several delegates. That's the only way to keep up with what's going on, and then you will find that it will help your camp when the reports come back that other camps have been doing things while yours were slumbering. Try it this time.

Head Consul Chas. A. Hines of Greensboro, N. C., will deliver an address at Hendersonville on Tuesday night, April the 24th. A good musical program will be rendered at this meeting and an old time square dance will be held after the meeting. The Hendersonville Woodmen extend an invitation to all delegates on way to Sylva convention to spend Tuesday night at Hendersonville and take in the program there.

We have arranged for a beautiful mountain trip from Hendersonville to Sylva on Wednesday the 25th. The trip will pass through Brevard, Rosman, Lake Toxaway, Cashiers Highlands, Franklin and on to Sylva. Stops will be made at High Hampton, White Side Mountain, High Falls and other beautiful spots. Write me if you will be on this side trip.

The convention will open at Sylva Wednesday night with a banquet. Hugh Montieth will be the toast master at the banquet. President C. P. Goforth of Kings Mountain will preside at business sessions and B. E. Harris, secretary of Camp No. 560, will have charge of the free dinner Thursday at noon. Al Westmoreland of Hickory will be promoted to the office of president by virtue of being vice president for last term. Hugh Montieth will be one of the candidates for vice president and will be elected if he does not talk too much while acting as toastmaster. We will have plenty of good looking and good talking visitors from far and near. Mrs. Effie Rogers and Mr. Elisha Lewis will be our honor guests. Sovereign L. L. Odom of Wadesboro, president of the Piedmont Log Rolling Association will be the best looking visitor and Judge Barrington T. Hill the best

CORN

THE STAFF OF LIFE

A GOOD CROP of corn is the best insurance against want and hunger. It leaves the land in a better state than a poor crop. It affords the soil more protection from the sun, winds and washing rains. It has a better root system, more stalk and foliage to go back to the land. A good crop means less cost, per bushel.

BASIC TEN-O-FOUR carries a liberal amount of LIME and MAGNESIUM in addition to the PHOSPHATE and POTASH content. Corn is a heavy feeder on these PLANT FOODS. They are all required in the proper combination to develop a good crop of corn.

Phosphate has a relative advantage as a plant food during wet seasons; potash has a relative advantage during the dry seasons. The plant food in BASIC TEN-O-FOUR consists of a chemical combination of phosphate, lime and magnesium, and potash. This relation is such that it largely overcomes the handicaps of extreme seasons.

BASIC TEN-O-FOUR is BASIC and PULVERIZED. It will sustain your corn from the seed to the harvest. IT FILLS THE CRIB.
