The speaker praised the Roosevelt regime for increase in American business, and outlined his policies as candidate for congress, with especial emphasis of payment of the "soldier bonus" which he described not as a bonus but as an adjusted compensation, and pointed to the fact that payment of the adjusted compensation certificates, which fall due in 1945 could be made at this time, without strain on the federal treasury if the government would make the certificates negotiable.

# Vote For COS PAXTON

the PEOPLE'S candidate

TO THE PEOPLE OF  
TRANSYLVANIA COUNTY:

I am offering myself as a candidate for State Senator, as a Democrat—not having a Committee and NOT belonging to any clique, clan or organization—I am running on my own hook.

I can accomplish as much as any man towards lowering your taxes, and in a feasible way I shall endeavor to figure out a plan with the help of experts and with advice from my home people to adjust the back taxes due the County of Transylvania to the satisfaction of all concerned.

I can get on more important committees than any other candidate, and in this manner I can get more important legislation through the General Assembly than either of my opponents.

I can and will, also listen to the advice of ALL my constituency and hearken to their call—and I will be governed by the majority in all important legislation.

I believe in a higher wage scale for the laboring man.

I believe the county officers should receive a living wage as compensation for their labor in order that we may have the best men to fill our offices.

I believe the school teachers should be paid more for their work, as they have gone to the great expense of fitting themselves to do this work, and they still have considerable expense and work each year in order to keep themselves in proper training to teach school. The school teachers are builders and molders of our future citizenship, and we should not let this great work fall by the wayside on account of a few paltry dollars.

I was born and raised in Transylvania county. My ancestors settled in this county more than a century and a quarter ago, and I expect to live out the balance of my life here, and then rest on a Transylvania hilltop. If I can be of service to my neighbors and friends in the few short years that I still have here—and I believe I can as their representative in the State Senate, then I am yours to command.

I stand on the principles of Democracy as handed down by Thomas Jefferson and am always willing to be ruled by the majority.

I shall thank the people who vote for me and assure them that I will answer ALL roll calls as I did in 1915 when I was your Representative in the Senate.

With my best wishes and thanks for your votes and support, I am,

Respectfully
