

GIRL SCOUT BENEFIT ON FRIDAY-SATURDAY

Comedy Will Be Presented By
Local Talent At Brevard
High School

A comedy from the pen of George S. Kaufman, "The Butter and Egg Man," will be presented as a Girl Scout benefit play on Friday and Saturday nights of this week at 8:00 o'clock in the high school auditorium. This is the play that Kaufman wrote without the collaboration of Marc Connelly. The wise-cracking comedy concerns the adventures of the unsophisticated youth from a small town down South who comes to New York to buck the theatrical business. He is welcomed as an easy mark by two Broadway producers. They take his money, sell him half interest in a decrepit show, and when circumstances force him to buy out the entire show with the help of another "Butter and Egg Man" the awful production begins to make money. Then Mr. Butter and Egg Man No. 1 sells the show back to the two come-on men at a handsome profit.

The play is being directed by Frank McIntosh and the cast is as follows: Peter Jones, Donald Jenkins; Jane Weston, Dorothy King; Joe Lehman, Leon English; Fanny Lehman, Christine Young; Jack McClure, Thomas Whitmore; Mary Martin, Helen Morrow; A. Waite, Randolph Myers; Bernice Sampson, Frank McIntosh; Peggy Marlowe, Margaret Pullbright; Kitty Humphreys, Mrs. Asa Macfie; Oscar Fritchie, Jimmie Deaver; Cecil Benham, Ernest McFaul, and A. J. Patterson, Frank McIntosh.

EXCHANGE OF CIVIC CLUB OPENS 15TH

Plans for re-opening the Woman's Exchange on June 15 were discussed and completed at the regular meeting of the Women's Civic club, held Monday afternoon at the library.

Miss Katherine Griffin, chairman of the exchange committee of the Civic club, will be manager in charge of the exchange this season, which will be operated at the former location on East Main street, and be open every day in the week, beginning next Friday.

Miss Griffin pointed out that the membership dues will be the same as formerly, 50 cents for the season, it that the commission charge for members entering articles for sale will be increased from 10 per cent to 15 per cent. The 50 cents membership fee will entitle the member to enter as many as five articles for sale at one time. All kinds of eatables, flowers, fancy articles, home-made furniture, quilts, antiques or anything ordinarily obtainable at a woman's exchange will be admitted by members to be placed on sale.

Further plans were also discussed concerning the annual flower show, sponsored by the Civic club, which will be held this year on July 27. Mrs. John Maxwell, chairman of the committee in charge of the flower show, told of plans the committee is making for this outstanding event of the summer season. The classification and rules for entries in the flower show will be re-printed in this paper at an early date, for benefit of the many people who expect to enter exhibits competing for the various prizes to be offered.

In the absence of the president, Miss Florence Kern, and the vice president, Mrs. W. E. Brees, the meeting was presided over by the secretary, Miss Alma Trowbridge. Mrs. Beulah Zachary acted in the secretary's place for this meeting.

CAMP GREENVILLE IS READY FOR OPENING

Record Attendance Expected
During Ten-Week Period
—Mulligan Director

(By L. E. Hamby)

Camp Greenville Y. M. C. A., camp for boys located on Cleveland mountain, will open June 18 for a period of 10 weeks.

The 400 acres of land on which this camp is situated was donated by Harvey Cleveland and the Saluda Land and Lumber company through the interest and love of John M. "Uncle Johnny" Holmes, the "Builder of Boys" and author of "Howdy Boys" that is published in many papers.

This camp is on one of the most prominent peaks overlooking the Jones Gap road, with a most beautiful view that has been famous with lovers of nature since before the Civil war.

The first term of boys between the ages of 7 and 11 years will meet June 18. The senior camp for boys will open July 2, giving a period of 10 weeks the camp will be open. The camp will be under the active management of W. B. "Monk" Mulligan, a man of exceptional ability who is trusted and loved by the boys. Mr. Mulligan will be assisted by four assistant directors. The attendance this year will break all records for the past six years the camp has been open, it is believed.

Without a doubt this camp is one of the most modern in the south, with an athletic field that will compare favorably with many colleges, row boats of different types, two tennis courts, woodshop where many things are made, ten huts that hold 20 boys each, dining room, club room in the lodge. Through the interest and help of "Uncle Johnny" Holmes there has been built the Thos. F. Parker lodge, a building of native stone, containing many objects of educational value and historical interest from every state in the union and many countries of the world. These objects are embedded in the walls, many being of value as museum pieces. An hour of most profitable time can be spent examining the 400 objects.

The athletic field has a quarter mile track, a standard baseball diamond, with a smaller diamond for the juniors. Two games of ball can be played at the same time. Rotary Lake that covers five acres of ground fed by bold springs of purest water is a battleground of boat and swimming races. Two life guards are in charge during the water activities.

The program is so diversified that each boy receives a training that is beneficial to mind and body. Swimming, hiking, athletic events, baseball, nature study, night around the camp fire where stories of bygone days are told, are included in the various activities. Any boy making 500 points a week receives a Y. M. C. A. emblem. Each boy strives to win this honor. Other awards are made every two weeks.

It is well worth the time to visit this camp and see what the generosity and interest of our leaders are doing toward the upbuilding of our young manhood of today.

PRECINCT MEETINGS SET FOR SATURDAY

Call is issued by the Democratic Executive committee through the advertising columns of The Times to the effect that precinct meetings are to be held on Saturday afternoon of this week at two o'clock at the various polling places.

Business of the Democratic precinct meetings is to elect committee chairman, vice chairman and delegates to the county convention which will be held at the court house in Brevard on Monday, June 11, at two o'clock.

In the Old Toxaway precinct the meeting will be held at the Wylie Meece home and in Rosman at the D. H. Winchester store. Other meetings will be held at the polling places.

TENNIS COURTS ATTRACT; AT BROAD AND JORDAN

Jack Trantham and Mitchell King are completing this week several tennis courts at the corner of Jordan and Broad streets that give promise of being a decided asset to the summer business here.

The courts are of standard size and have an excellent type of top-soil that will make of them a fine place for those who enjoy the popular game of tennis.

WATERING TROUGH TO BE REBUILT HERE

Taking into consideration the fact that real "horse power" is coming back into its own, the town officials are planning to build a public watering trough on the city-owned lot just in the rear of Mactie's Drug store where Old Dobbin may have his best refreshments after he has made the trip into town.

It was deemed best by the officials that the watering trough be moved from the old location in front of the court house, which trough has not been in use for several years, on account of the congested traffic in that immediate vicinity.

HOLLIDAY REUNION WILL BE HELD FOURTH SUNDAY

Annual Holliday reunion will be held on the fourth Sunday in June at the home of Mr. and Mrs. D. R. Holliday and Blancy section.

A large number of people from various sections of North Carolina, South Carolina and Virginia always attend the Holliday reunion, the family having a wide circle of friends in this section.

U. D. C. Hour Change

New summer opening hours of the U. D. C. library, beginning Monday, will be Mondays, Wednesdays and Saturdays, open from nine to twelve in the morning and three to six in the afternoon.

WASTING WATER TO BE STOPPED IN CITY

Plumbing Inspector Will Be
Sent To All Homes and
Business Places

Plumbing inspection of all residences and business places served by the town of Brevard water system was ordered at the regular meeting of the board of aldermen Monday night, inspectors to be placed on this work within the week.

It was brought to the attention of the board Monday night that there is a great waste of water in the town and suburbs, most of this coming from negligent causes, such as leaky spigots, outlets and continuous flow of water from bursted pipes and faulty bathroom fixtures.

The inspectors will point out faults in plumbing to patrons and suggest repairs, it being understood that such requested repairs and replacements will be made immediately.

With increased load on the city water supply, it was felt by the water committee of the board that unnecessary waste should be eliminated. There is no actual shortage of water, or is there likely to be, it was emphasized by the water committee, but with the increased load on the system that will be used at the swimming pool, that to be used by Brevard College, and the natural increase of summer usage, it is deemed proper by the officials that unnecessary waste be stopped.

GLAZENER APPOINTED TO MARS HILL BOARD

Professor Julian A. Glazener, head of the vocational agricultural department of Brevard high school and active Baptist church worker, has been appointed as a trustee for Mars Hill college.

Mr. Glazener will fill the vacancy made by the resignation of F. Brown Carr, who is now in business in New Orleans.

Fish-Game Body to Meet

Regular meeting of the Transylvania Fish and Game association will be held at the court house next Tuesday night at eight o'clock.

People from all sections of the county who are interested in the conservation and promulgation of fish and game are invited to attend the meeting.

MARKET AND GROCERY WILL OPEN SATURDAY

Announcement is being made in this week's Times by C. O. Robinson and J. E. Waters of the opening of their new business, the Central Meat Market and Grocery Supply, the new place of business to be open Saturday morning.

Both Mr. Waters and Mr. Robinson are natives of this section. Mr. Waters having been in the market business here for the past 15 years, while Mr. Robinson has been in the market and grocery business for 12 years.

Tom Masters Held By Coroner's Jury In Death of Roper; Heart Shot Out

Tom Masters of the East Fork section was held to Superior court by a coroner's jury here Monday morning in connection with the death of D. Wyatt Roper, who was killed near the Masters home last Friday afternoon.

After hearing four witnesses in the matter, the coroner's jury rendered a verdict to the effect that "The jury finds that Roper met his death on the first day of June at the hands of Tom Masters by the shot of a gun." Coroner G. C. Kilpatrick turned Masters over to Sheriff Wood to be remanded to jail without bond.

Luther White was first witness called at the hearing. He testified that he was returning with his wife from the home of Herb Pressley when he met Roper just above the Masters home. He started with Roper up into the woods to get some axe handle timber, he testified. Passing the Masters home, witness testified that he and Masters had a conversation about a "fence cutting story" that involved Mrs. Tom Masters. White denied that he had told the story as Masters had heard it and Roper interposed at this juncture to the effect that White "did not say it that way."

At this time, White testified, he turned away from the two men, and he heard a few words of conversation

PRISON CAMP WORK BEGUN AT CALVERT

Materials Being Placed For
Construction—To Be Per-
manent Stockade

Construction work on the state prison camp at Calvert has been started with Lloyd Cutting of Statesville as superintendent in charge and a crew of thirty prisoners doing the work at present.

The camp, located on the T. P. Galloway Jr. place, is being built to accommodate 125 prisoners, Mr. Cutting said, and plans being followed will make of it a permanent camp.

It is expected that the force of workmen will be increased within the next few days, with carpenters and craftsmen added to the crew of laborers. Materials are being trucked from Rosman, cement, sand and gravel now being placed on the grounds.

The prison farm, under supervision of Din Paxton, is in fine condition, with nine acres of Irish potatoes growing nicely; tomato and cabbage plants out and thriving, and other garden crops making a fine showing.

Mr. Cutting has been with the state public works department for several years, and has had charge of a number of camp jobs similar to the one at Calvert. He together with Mrs. Cutting and their small daughter are stopping with Mr. and Mrs. Galloway.

BONDS TURNED-OVER TO COMMISSIONERS

Receipt was given O. L. Erwin, tax collector, for \$14,000 on Monday by the board of commissioners, the county bonds having been taken in by the county on debt service portion of taxes.

L. V. Sigmon was appointed by the board to make up the tax lists for the coming year. Other business of a routine nature was also taken up at the meeting.

Aerial Survey To Be Made of French Broad Valley Section By TVA Officials

Hendersonville Times-News
June 5th
Information brought to Hendersonville on Thursday, May 3, by a group of city and county officials and citizens that an aerial survey would soon be made of the French Broad river valley by the Tennessee Valley Authority, was borne out today when announcement was made that the survey is underway.

News dispatches today from Washington also gave credence to the belief of many persons that a huge dam is to be constructed on the French Broad river near Asheville, thus creating a huge storage basin for water to be utilized in the gigantic electric power project of the TVA. A total of \$48,000,000 for construction of two dams in Western North Carolina was allotted yesterday by the national house of representatives in its passage of the deficiency appropriations bill, the other dam to be constructed near Murphy.

After a trip to Knoxville a month ago, the local group quoted Dr. A. E. Morgan, head of TVA, as saying that Henderson county had nothing to fear with respect to the construction of the French Broad dam, but that an aerial survey would soon be made in line with announced plans for pre-

paring data on the possible development of the valley. Should the dam eventually be constructed, he said, the TVA will work in cooperation rather than in conflict with local interests.

In an article today, quoting Carl Beck, assistant chief engineer, and secretary to the board of TVA, as saying that the aerial survey had been started, the Asheville Citizen points out that the areas now being surveyed are two of four included in the continuation of the economic and social planning project of the TVA. The other areas are at the mouth of the Little Tennessee river and near Muscle Shoals, Ala. The house yesterday passed the deficiency appropriations bill allowing a new allotment of millions for TVA development, \$124,000,000 of which will be expended on four dams, it was explained. The bill must face action in the senate.

The dams with their estimated ultimate cost were listed by Dr. Arthur E. Morgan, TVA chairman, as follows: Annona, near the mouth of the Little Tennessee river, \$42,000,000; Pickwick, near Muscle Shoals, Ala., \$39,000,000; French Broad, in the valley of the French Broad, between Asheville and the Murphy area, \$30,000,000; and Hiwassee, in the Murphy area, \$13,000,000.
