

CHARLOTTE SENDING MANY PUPILS HERE

Brevard College Looking For Full Enrollment—Will Open September 10

Prospects for a full enrollment in Brevard College are brighter every day. Applications for admission are coming in from several counties in the Piedmont section of the state. Last week President Coltrane received nine applications from Stanley county. When questioned yesterday Mr. Coltrane indicated that probably Mecklenburg county and the city of Charlotte would send twenty-five students this year.

Last week the president attended the Charlotte District conference and presented the cause of Brevard College. Ministers and laymen in that district evidenced great enthusiasm for the college and gave assurance of active support. The president received several applications from students. Last Saturday Mr. Coltrane and Mr. Cathey, who is representing the college in the field, held a conference in Lincolnton with prospective students in that territory. Next Saturday there will be a similar conference in Gastonia. Mr. Cathey is working in Henderson county this week.

College authorities believe that all available space in the college dormitories will be taken before the opening September 10. Families in different sections of the state are making inquiries about living accommodations in Brevard. There has been a growing demand for copies of the new catalogue. Nearly two thousand copies have been distributed and a new edition of the issue of the catalogue is now contemplated.

PHILMORE SEARCY IS SOUGHT BY SHERIFF

Sheriff Tom Wood refuses to trust any more prisoners, whomsoever. The sheriff's faith in mankind of the type that runs afoul of the law was shaken last week when Philmore Searcy left the care of the guardian of the law while being loosed from the sheriff for a brief moment.

It seems that Searcy was charged with stealing a cow, and the sheriff was sent out to bring the alleged culprit in, which he did. Coming through the corridor of the court house with his prisoner en route to jail, someone stopped the sheriff and asked to speak to him "right now." Turning half around to discuss the more or less weighty matter with the gentleman who stopped him, the sheriff released his hold on Searcy, who took this opportunity to make a dive for the back door of the jail. A quick turn around the corner at the Methodist church and Philmore was in parts unknown.

ENON CHURCH CALLS REV. HILEMON AGAIN

PENROSE, July 11.—The Rev. C. W. Hilemon was re-elected Sunday as pastor of the Enon Baptist church. This is the third time the Rev. Mr. Hilemon has been selected by the church folks. The first call was tendered him in 1925 when he served three years, later leaving for school. He was called again a year ago. Following a ruling adopted by the church to elect all officers yearly the church re-elected Mr. Hilemon Sunday with no other names considered.

Ward Recovering

T. P. Ward, of Ward's News Stand, is improving from injuries received in a wreck last Friday night. Mr. Ward's arm was broken and several cuts were received about the body. Charles Corn, who was with Mr. Ward at the time of the accident, escaped with minor injuries. The car was damaged considerably.

FAIR ASSOCIATION TO MEET SATURDAY EVE.

Plans To Be Laid For Staging Transylvania County Fair Here This Fall

Saturday night of this week has been set for meeting of the Transylvania Fair association, the meeting to be held at eight o'clock at the county court house.

J. Wade Dickson, chairman of the association, stresses the fact that plans must be made at once if the county is to have a fair this fall which will equal that held here last year, when the two-day event was accorded a success in every way.

Original plans of the association were to build a permanent fair grounds at the county home, a project being made out and request for Federal funds having been made. However, curtailment of funds has held up the project and it is not known now whether the permanent grounds will be located at the county home or not.

TEACHER MEETING TO BE HELD HERE JULY 18

All principals and teachers of the county are requested by County Superintendent Bush to meet at the Brevard high school auditorium at 10 o'clock on Wednesday, July 18, for a conference with Dr. J. Henry Highsmith, state director of instructional service. Chief subject to be taken up at the meeting by Dr. Highsmith will be the new course of study.

ALL DOGS MUST BE CONFINED BY ORDER

Order Made as Preventative Measure Against Out- break of Rabies

Order was passed by the Transylvania County Board of Health last Thursday to the effect that all dogs in the county must be kept confined during the months of July and August. In cases where dogs have been inoculated against rabies by a veterinarian or a physician, and the owner has certificate showing that such inoculation has been made, such dogs will not come under the ruling.

Any dogs found running at large in the county during the months of July and August without tags showing are subject to be shot forthwith, according to Dr. G. B. Lynch, chairman of the board of health, or the owner fined or given a prison sentence.

It is pointed out by Dr. Lynch that any person who allows a dog to run loose, and such dog should contract rabies and bite people or animals, that the owner would be doubly liable, both for damages and criminal violation of the order, which when passed officially by the county board of health, as in the manner of the present order, becomes law.

The board met and passed the order after reports were made from several sections of the county of mad dogs.

DAHLIA CLUB MEETING TO BE HELD ON FRIDAY

The Transylvania Dahlia club will meet on Friday evening of this week at eight o'clock at the offices of Fred Shuford in Brevard, at which time plans will be discussed for staging the annual dahlia show next month.

Request is made by officers of the club that all members be present at this meeting and that non-members interested in dahlia growing and the dahlia show also attend.

Norton Gore To China

Mr. and Mrs. Felix Norton have received word from their son Lamar Norton, to the effect that he is sailing this week on the U. S. S. Henderson for China for a stay of three years. Young Norton has been in the navy for several years.

BASEBALL GAME HERE SATURDAY AFTERNOON

Transylvania Tanning company's crack baseball nine will meet the Gloucester CC camp team on the high school field Saturday afternoon at 3:30, according to Manager Mischenheimer.

The local outfit defeated the Gloucester bunch last Sunday afternoon on the latter's diamond by the score of 6-2 in a game that was interesting throughout.

LOCAL TRUCK HITS CAR; TWO MEN DIE

J. F. Long of Saluda, N. C., was killed instantly early last Thursday morning in Columbia, when the car in which he was riding with R. B. McCarty of Watts Mill, S. C., and Ben Sample of Saluda, N. C. crashed into a truck driven by Allen Brittain of Brevard, accompanied by Tom Mitchell, also of Brevard.

McCarty, seriously injured, was carried to a hospital in Columbia, where he died last Saturday. The third man in the car escaped with minor injuries. Neither Mr. Brittain nor Mr. Mitchell, both employees of the B. & B. Feed & Seed company, were hurt.

At a coroner's jury hearing Tuesday night in Columbia, the jury found that the two men came to their death from a collision, and made no recommendations as to negligence of either of the parties. However, the local men were allowed to return to Brevard without making bond or being detained in any way.

Mr. Brittain said that the car was on his side of the road and, thinking it was about to park or turn left, he pulled toward the middle of the road. The car, he said, did likewise, the crash resulting.

EQUALIZATION MEET SET FOR JULY 23RD

The county commissioners will sit as a board of equalization and review for the county in the court house on Monday, July 23, the sessions to open at ten o'clock in the morning.

Any tax payer who is dissatisfied with his listing may come before the board for a rehearing on his property assessment.

Greenville Business People Visiting In Brevard Wednesday on Annual Outing

As The Times went to press Wednesday afternoon, nearly one hundred fifty Greenville citizens were scheduled to arrive in Brevard.

According to prearranged schedule the motorcade was made up of members of the Greenville Retail Merchants Bureau and their wives, accompanied by the Greenville Municipal band and an escort of South Carolina highway patrolmen, was to leave Greenville at three o'clock, and was to be met at the state line by a party of Brevard business men and two North Carolina highway patrolmen, who were sent here by Lieutenant Fisher of the Asheville office as a courtesy to Brevard.

The itinerary as announced Tuesday by Secretary L. M. Glenn of the Greenville Chamber of Commerce follows:

2:45 P. M.—Motorcade forms on North Main street opposite Springwood cemetery, heading north.

3 P. M.—Do not move your car until signal is given at 3 P. M. Motorcade moves up North Main to Stone avenue; left turn into Stone street; right turn into Rutherford street; straight ahead; slow down at traffic light at junction of Rutherford and Camp roads; straight ahead on new Buncombe Road entrance.

4 P. M.—Pause at North Carolina-South Carolina state line for few minutes but do not leave cars.

4:15 P. M.—First stop Rockbrook Camp. This is one of the most exclusive camps for girls in the South. Owned by Mr. and Mrs. Henry N. Carrier, the former a native of Greenville. Fifteen minutes allowed for inspection of camp.

No Steps Be Taken On Dam Matter Until More Information Is On Hand

No official steps will be taken by people of Transylvania county in regard to the proposed French Broad dam until such time as definite information can be had as to actual plans of the TVA. This action was taken at a meeting held in the county court house last Friday night.

Around two hundred people attended the meeting, with a number of discussions being heard in regard to possibilities of the project, most of which were surmises, exception being that the Tennessee Valley Authority is making surveys in the valley with a view of establishing data on storage possibilities and economic conditions.

Professor S. P. Verner presided at the meeting and introduced the several people who spoke more or less briefly, among them being Miss Florence Kern of Brevard, who stated simply that she was opposed to the building of the dam; Judge Meekins of Hendersonville, who stated that he was not cognizant of facts in the case, but that he was opposed to the government going into business; E. W. Eubanks of Hendersonville, stated that he was in Brevard to learn what the folk here had to say in regard to the matter. He stated, however, that in his opinion, if the governmental agency found that the dam was necessary to the Muscle Shoals project that it would be built.

Dr. T. Thompson, of Virginia, who has been coming to Camp Carolina for a number of years, stated that he was a listener only. C. W. Talley of Penrose said that we would like to have some definite information about the matter, wanting to know how much the authority would pay for lands condemned, and on what ratio a farmer situated as he is in the path of the proposed storage reservoir, receive for improvements, and on uplands. Oliver H. Orr, J. M. Gaines and Dr. J. H. McLean, when called on by Mr. Verner, stated that they were at the meeting to learn something about the matter.

Fidella Henderson, sage of Conestee, declared that some of the bottom lands in Transylvania and Henderson county are worth more than \$40 to \$100 per acre, which he understood had been paid in the Tennessee section where a dam is now being built. It was his opinion that farmers of the two counties should band themselves together and demand a fair price for their lands and damages incurred, and failing in these

demands, tell the government to build their dam somewhere else. He stated that President Roosevelt has done more than any one man to alleviate suffering and give the people a fair deal and he did not believe he would allow drastic steps to be taken to dispossess people of their property unfairly.

Dr. J. C. Owen, defeated candidate for the Democratic nomination for congress, emphatically declared that the dam was one of the biggest and best things that could possibly come to Western North Carolina. He dwelt at length on the possibilities of water transportation and summer resort business that would follow in the wake of the proposed development. His argument was given rebuttal by C. M. Douglas.

Mr. Verner asked Chairman W. L. Aiken to preside at this point in the meeting and suggested that an organization be formed to represent all the people of the county in the matter, and made motion that another meeting be held at an early date for organization purposes.

After the question was put to the assemblage, W. E. Breesee, offered an amendment to the effect that Mr. Verner be empowered by the meeting to get in touch with Chief Engineer A. C. Bock of the Tennessee Valley Authority, and that another meeting of the people be held at such time as Mr. Bock could be here and give out something definite in regard to the proposition. "No one knows where the lake will reach to," he said, "and no one knows what price will be paid for our lands."

Mr. Breesee stated that he, Ralph Ramsey and A. H. Harris held a conference with Engineer Bock and that the engineer himself did not know and told the Brevard party that he did not. He said that he was opposed to the building of a storage dam that would cover up a part of the valley and ruin practically the rest of it due to bad drainage and other attendant bad features. However, he reiterated, no one knew just what was to be done, and that the authority itself did not know as yet. It would be foolish, he stated, to fight something that nothing was known of and urged waiting until something definite was known.

FINE POTATOES ARE BEING GROWN HERE

The one-acre plot of potatoes at the county home, project of Brevard high school vocational agriculture class and the county commissioners is one of the finest plots in the state, according to G. K. Middleton of the state college who was here last week inspecting crops that are to be certified. The state inspector also went over a plot being grown by W. Merrill of the Little River section, and praised the work that is being started in this county for the growing of certified seed potatoes.

The plot at the county home was started this year by Professor Julian Glazener in an effort to introduce certified seed in this county, and produce seed for sale to farmers here.

5 P. M.—Move off on signal. Follow motorcycle escort through city of Brevard, without stopping, for visit to Camp Sapphire, one of the finest camps for boys in the South. One hour allowed for swimming, as guests of Bill Fetzer, owner of camp. Band concert at camp, by Greenville Municipal band.

6 P. M.—Return to Brevard. Motorcade will pause in front of courthouse to permit members of band to dismount, cars will then proceed on down street and park in front of Franklin hotel. Members of motorcade will please walk back to courthouse lawn and mingle with Brevard citizens during the band concert.

8 P. M.—Supper served at Hotel Franklin. Miss Rose Shipman, manager.

Motorcade will leave immediately after adjournment.

In a letter to The Times, Mr. Glenn stated that there "is no special significance to our coming to Brevard, other than one of friendly interest. It's been hot down here, and we want to come up to Brevard for a spell and cool off."

The Greenville merchant's take a short trip each summer in July, it being the first Wednesday half-holiday observed by the business house workers and employees. By unanimous vote the members of the retail bureau of the Chamber of Commerce decided to come to Brevard.

Several of the business men of Brevard received invitations to be guests of the Greenville folk at the Franklin Hotel dinner at eight o'clock Wednesday evening.

MEANEST MAN CUT TAIL OFF MILK COW

The meanest man in Transylvania has bobbed up again, this time in Brevard, and his dirty deal was the cutting off of a cow's tail. The fine milker belongs to Mr. and Mrs. Will Hunt, and the mean act was committed while the cow was in the pasture. Naturally Mr. Hunt was riled up, and no blame is attached to Mr. Hunt's intention of keeping a weather eye peeled for the "next fellow" and a shotgun in hand to help him express his sentiments.

The real mean thing about cutting the cow's tail off is the fact that instead of "whacking" the appendage off in a cross manner, the diabolical minded mean guy took a long slice at about a 45 degree angle.

SHERIFF CRAIG RESIGNS PLACE AFTER SHOOTING

PICKENS, S. C., July 11.—Sheriff John B. Craig, rounding out nine years as chief law enforcement officer for Pickens county, resigned his office last Wednesday, his resignation growing out of the shooting of his son.

In a statement made public from the Craig home the day following the shooting, Sheriff Craig stated that "he regretted very much the affair." The 22-year-old son was shot three times with a pistol.

CIVIL TERM COURT STARTS JULY 30TH

Judge Warlick To Preside — Jury Drawn Saturday By Commissioners

Superior court for trial of civil cases will convene in Brevard on July 30, with Judge Warlick presiding. The term is scheduled to last two weeks with the following having been selected by the board of commissioners last Saturday to serve as jurors:

First Week
Jack Trantham, C. C. Williams, T. H. Hart, Charley Gillespie, Ernest Allison, A. W. Hubbard, Elisha Gravelly, Jess Bredow, W. P. Allison, Clyde Baynard, Oliver Galloway, G. C. Neely, T. F. McCall, W. M. Brittain, J. T. Harrison, C. F. Norton, J. C. Gravelly, A. C. Price, Frank Whitmore, A. N. Jenkins, M. G. Cunningham, Cole I. Lee, Fred Batson and Arnold Williams.

Second Week
C. C. Reece, H. D. Lee, Pat Henry, G. F. Gallimore, E. C. Fortesque, J. Colie Owen, M. O. McCall, C. C. Yongue, Wm. H. Warren, A. J. Fisher, Sam L. Cooper, N. M. Henley, C. H. Morris and C. K. O'Brien.

UN-CANNED SALMON FOR BOYS AT CAMP SAPHIRE

The Greenville News tells of the 90 campers at Camp Sapphire who sat down to an "un-canny" salmon supper Monday night.

It seems that the 35-pound salmon had been taken from Canadian waters by Col. Frank W. Clark president of the Anglo-Canadian paper company, shipped from Quebec to Greenville, S. C., to Roger C. Peace. It was taken to camp by Roger Peace, Jr., affording many campers their first taste of fresh salmon. They seem to have enjoyed salmon that didn't come from cans.

UNLUCKY THIRTEENTH FRIDAY OF THIS WEEK

Walk under no ladders Friday, let no black cat cross your path, take no money in the left hand, kill no cats... do nothing that will incur the wrath of the unlucky demons, for double bad luck is destined to come on Friday, July 13th.

Transylvania county people evidently were very careful on the previous "bad luck" day which occurred in April of this year, as there were no dire calamities reported on that date.

Negro Bail Game

The "Brevard Sluggers," year colored aggregation, will meet the "Pickens Stars," reputed to be pretty good baseball players, on the high school field here Monday afternoon at four o'clock.

BAPTISTS CALLED TO MEET SUNDAY, 2:30

Special meeting of officers and pastors of the Transylvania Baptist association is called for Sunday afternoon at 2:30 at the Brevard Baptist church. This meeting is to be held in the interest of the coming regular session of the association.

Every pastor, church clerk, deacon, Sunday school superintendent and leaders in other departments of church work are urged to attend this meeting. Any member of a Baptist church who is interested in the work of the association is cordially invited to attend.

Paul Hartsell, Moderator.
Mrs. G. F. Gallimore, Clerk.

MUCH INTEREST SHOWN IN TEACHER QUESTION

Much interest is being shown in the matter of teachers for the schools of the Brevard district, with Dame Rumor seemingly holding the trump hand in the matter.

No statement has been made for publication by either the local school committee or the county superintendent.

SPELLING BEE TO BE GIVEN FRIDAY NIGHT

A spelling bee will be given at the Conestee school Friday night of this week at 8 o'clock, sponsored by the Conestee Beneficial Society music club.

The contest will be between the boys and girls of the community. Music will be furnished by the musicians of the Conestee section. The public is invited to be present and to take part in the entertainment.

COUNTY WILL TAKE BONDS AS PAYMENT

Fourteen Thousand Dollars Re- quired During The Past Two Months

The county commissioners in meeting Saturday made an order to the effect that county bonds would be accepted at face value in payment of notes now held by the county and in the hands of County Attorney W. E. Breesee for collection.

The notes in question are collateral paper put up by the now defunct Brevard Banking company as deposit guarantee and are the property of the county. Considerable saving may be effected by those who take advantage of this offer, as county bonds are selling at much below their face value.

Five bonds of \$1,000 each were turned over to the county commissioners Saturday by Tax Collector Erwin, having been taken in on debt service portion of taxes. Fourteen such bonds were turned in the first Monday in July.

The order in regard to note payment by county bonds follows:

"RESOLVED that the county attorney be directed to accept county bonds at par in the payment of any notes held by the county. Provided, That no reduction be made in the amount of the note, or accrued interest thereon.

"Provided, further, that this authority shall continue for such time as the board may deem proper."

NEW ARRIVAL

Mr. and Mrs. Mitchell Fortune announce the birth of a daughter, Betty Frances, on Sunday, July 8.

BREVARD BAND SETS FIRST CONCERT DATE

Brevard's first band concert of the season will be heard Saturday night, July 21, according to Goode Lottis, manager of the musical unit and Donald Lee Moore, director.

The group practices Tuesday and Thursday evenings of each week and Manager Lottis is urging that all former band members who have not been working with the faithful attenders supplement them Thursday night in order that the first concert be a successful one.

These band concerts in past summers have gained popularity among local and visiting people and it is with eagerness that the first concert is awaited.

KIWANIS WILL MEET ON EACH THURSDAY

Brevard Kiwanis club will meet each Thursday at noon during July and August according to action taken at the meeting Wednesday. The day of meeting was changed at request of some of the members, and the schedule changed from bi-weekly in account of the fact that there are numerous visiting Kiwanians in Brevard each summer who wish to make up their attendance.

Mrs. C. E. Cody, of Savannah, Ga., who is spending the summer in Penrose, delighted the members with several vocal selections, accompanied by Mrs. Carl McCrary.

W. D. Gash, a new member, was appointed to the public affairs committee, and E. J. Bogen made a member of the entertainment committee.

AVERY CASE APPOINTED CITY BUILDING INSPECTOR

Avery M. Case has been appointed building inspector for the town of Brevard, taking over the office made vacant by the death of H. A. DuRant several days ago.

The law requires that a permit be secured from the building inspector before any new building or repairs to old building in the town limits be started.

TAX RATE ESTIMATE GOES UP FOUR CENTS

Final Adoption of Budget 1. Set for Next First Monday Meeting

Budget estimate as presented to the county commissioners at their meeting Saturday by County Accountant L. V. Sigmon calls for a rate of \$1.59 on the hundred dollar valuation, an increase of four cents on the hundred over the rate of 1933 which was \$1.55.

Final adoption of the budget will be made by the commissioners in their meeting the first Monday in August, a study of the estimated budget being made in the meantime. The commissioners have the right to either raise or lower the estimated rate.

A seventeen cent increase is noted in the debt service column of the summary as carried on page 3 of this issue of The Times. The county health and poor fund and health department was cut from 17 to 14 cents, with the county general left at 17, and estimate for schools was made the same as last year, 30 cents.
