

WILL AID OWNERS IN HOME REPAIR WORK

WASHINGTON, July 11—The big drive to pump \$500,000,000 or more into the lagging construction industry before snow flies got underway Monday.

James A. Moffett, housing administrator, set up temporary headquarters and started assembling his staff for a high speed campaign which is one of the administration's major bets.

Moffett has \$1,000,000,000 with which to back his program. He hopes through several agencies to finance the construction and modernization plans of some 5,000,000 home owners. His immediate goal is to get a half billion dollars worth of projects underway by mid-autumn.

As soon as his staff is assembled, the administrator who has relinquished a Standard Oil vice presidency for the government job, will launch a nation-wide advertising campaign.

The campaign will be designed to acquaint home owners and lending agencies generally with all features of the housing setup. While similar in scope to that which introduced the NRA to the public last summer, this new drive will omit the ballyhoo, Moffett said.

"This is going to be a difficult job," Moffett said, "but I'm enthusiastic about it. I've found industrial leaders and bankers enthusiastic, too."

Moffett will use every medium of propaganda for his selling campaign. Housing will be featured in newspapers, billboards, magazines and the radio. Speakers will tell the housing story to groups of bankers, builders and home owners. No opportunity will be lost to make the nation housing-conscious.

Through the new federal legislation, easy credit awaits home owners for almost any purpose connected with housing. Loans for the most part will be made through accepted agencies, banks, mortgage companies and building and loan associations. The government will then protect the lending agencies against loss through a system of guarantees.

NOTICE OF SALE OF LAND

Under and by virtue of the power conferred upon me by that certain deed of trust from Otis M. Galloway and wife Allie Galloway dated November 16 1928, and recorded in Book 24, page 123 Records of Deeds of Trust for Transylvania county, I will at 12:00 o'clock noon on Saturday, July 28, 1934 at the court house door in Brevard, N. C., offer for sale and sell to the highest bidder for cash the following described property to-wit:

Being in Gloucester Township, beginning at a down Spanish oak and Chestnut N 21 1-2 degrees W 64 poles to a stone and three pointers. S 63 1-2 degrees W 53 poles to a stake and pointers; then S 3 1-2 degrees E 32 poles to a small Dogwood; then S 35 degrees E 65 poles to a stake; East 20 poles to a stake in an old line; then N 7 degrees E 45 poles to the beginning containing 35 1-2 acres more or less.

Being the same land deeded from Sylvannus Galloway and wife D. L. Galloway to Otis M. Galloway and Allie Galloway, dated 8th day of May 1926 and recorded in Book 57 page 64 of the Deeds Records of Transylvania county, N. C. This the 28th day of June, 1934.

Sale made to satisfy said debt, interest and costs of sale.

R. R. FISHER.
28th, 5th, 12th, 19th, 26th.

MCOUNTAIN MUSIC EVENT AT ASHEVILLE AUG. 2ND

ASHEVILLE, July 11—Throughout the length and breadth of the mountain section of North Carolina dance teams and string musicians are practicing the steps and the music of the famous mountain dances in preparation for the annual Mountain Folk Festival to be held in Asheville August 2 and 3. Dancing groups, many of them champions in past years of the celebration, will enter the lists this season to do battle on the dance floor for the highest honors in their art, the mountain championship.

QUEBEC NEWS

Mrs. Marvin Upright and children of Kannapolis are visiting relatives in this community.

Miss Rosa Waldrop and Miss Ailene Owen left Sunday for Conestee community.

Ernest Fisher is spending some time at Easley, South Carolina.

Miss Hattie Thomas spent Saturday night with Miss Lillian Dodgin.

T. B. Reid of Oakland visited his brother, John H. Reid, Saturday.

Mrs. Lesa Loving and daughters, Misses Lillian and Opal Dodgin, and Misses Nellie, Ruth and Virgie Thomas had an enjoyable picnic dinner at Lake Toxaway on Thursday of last week.

Born to Mr. and Mrs. Hinkle Bowie, on June 28, a son.

Mrs. Lewis Thomas and son Edward of Sunset, South Carolina, were week-end visitors with friends and relatives in this community.

Mary Dodgin spent Friday with Milly Fisher.

Charles Reid spent Saturday night with Charles McCall.

Miss Beulah Reid and Vera McCall were Brevard visitors Saturday evening.

Miss Reba McCall of Lake Toxaway spent Tuesday night of last week with Miss Jessie Fisher.

Margaret Hope Burt spent the day Sunday with Roma Whitmire.

Miss Gussie Whitmire went to a hospital at Greenville last week for treatment for afflictions of which she has been suffering for a long while. Her parents, Mr. and Mrs. B. T. Whitmire, went to Greenville Monday to see how she is getting along.

Misses Reba McCall and Willie Ray Fisher of Lake Toxaway were dinner guests at the home of Mr. and Mrs. Gideon Miller on Thursday of last week.

Rev. and Mrs. J. E. Burt were dinner guests of Mr. and Mrs. T. C. Henderson Sunday.

Mr. and Mrs. Bart Brown and children and Misses Hattie and Ruth Thomas of Easley, S. C., spent the Fourth of July holidays with their brother, Waymon Thomas.

Mrs. L. E. Reece and daughter, Mrs. Marvin Upright, are visiting relatives in Brevard this week.

Bruce Reid has been suffering for quite a while with a carbuncle on his face. He went to Dr. Osborne who performed the necessary operation, and his face is now nicely healing.

Misses Lillian and Opal Dodgin are spending this week with relatives and friends in Easley, C. S.

Medford Chapman and Paul Fisher have returned from Big Ivey.

Rev. J. E. Burt, our pastor, preached a most excellent sermon at Oak Grove Baptist church last Sunday. "Adorning the Doctrine of God" was his subject, his text being, "Not purloining, but showing all good fidelity: that they may adorn the doctrine of God our Savior in all things."

Doctors Risk Lives To Test Vaccine

New York—Three of the city's physicians risked their lives Friday when they inoculated themselves in an experiment against infantile paralysis.

The three are Dr. William H. Park, chief research laboratory director of the city and a world authority on diphtheria immunization, Dr. Joseph Neal and Dr. Henry Wirt.

B. Y. P. U. MEETING MT. MORIAH CHURCH

County Convention To Meet At Cedar Mountain On Fourth Sunday

Of much interest and inspiration was the regular quarterly meeting of the upper district B. Y. P. U. held at Cherryfield Sunday afternoon.

The program topic was "Patriotism and Prayer." Following two songs, "America" and "The Star Spangled Banner," led by James Dickson of Selma, Miss Beatrice Sisk, district leader, took charge of the meeting. Miss Ruth Jordan of Calvert led the devotional and Rev. J. N. Hall of Rosman led the opening prayer.

The topic, "Prayer, a Powerful Kingdom Force," was discussed by Miss Beatrice Sisk of Rosman. Paul Glazener of the Calvert union gave an interesting talk on the subject, "Marks of a Good Citizen." The last number on the program was a song, "Faith of Our Fathers," sung by Misses Ruth Whitmire and Catherine Waldrop and Mrs. Roy Waldrop of Cherryfield.

The business session of the convention was presided over by Miss Hyounia Shipman, county B. Y. P. U. leader. Calvert and Cherryfield unions had the largest representations. It was welcome news to report a newly organized intermediate union at Calvert and a study course completed by both the Calvert and Rosman unions.

Miss Shipman urged each union to keep up its good work, and especially commended Miss Sisk upon her faithfulness as district leader.

The next B. Y. P. U. meeting will be the annual county convention, which meets at Cedar Mountain the fourth Sunday in July. Each union in the county is urged to attend this meeting and help with the election of officers for the coming year.

After a talk by Rev. J. E. Burt of Rosman and a song, "I Am Praying For You," the benediction was pronounced by Mr. Burt.

PRIZE OFFERED FOR BEST WILD CHERRY

In line with the TVA program of growing tree crops trees and bushes that bear food for birds, the TVA is running a contest for the biggest wild cherry, "P. serotina" that can be found. The tree bearing the best, biggest, and sweetest cherry will be used to graft trees from for a seed orchard, from which the TVA will grow its thousands of seedlings to use in forest plantings. Remember, the planting of food bearing trees will bring the birds which live on insects that now make so much trouble for the farmer. Your assistance in this will help your children to live happier contented lives. And, too, may get some benefit unless you die mighty soon.

Rules of Contest
First: Hunt for a tree in your neighborhood bearing the largest cherries you ever saw.
Second: Gather five nice bunches, pack carefully in a box with crumpled newspaper. Rush to your post office and mail to me. Ask your county agent to assist you.
A contribution by the TVA will be as follows:

Best fruit, \$2.00.
2nd best fruit, \$1.00.
3rd best fruit, \$.50.

Mark the tree carefully that you picked the sample from.
The TVA will buy grafts from you later, if you have the best fruit. Be sure to state size of tree, age as near as you can guess, and whether standing in an open field or in the woods, and whether on rich or poor soil. Give us a drawing of the fields and fences, showing where the tree stands, marking with a circle, also the name of owner of farm.
Owners of the best trees must consent to sell grafting wood at 10c per foot.

John W. Hershey,
Tree Crop Specialist,
Forestry & Soil Erosion
Division, TVA,
Knoxville, Tenn.

Election Officials Fined
Asheville—Judge J. P. Kitchen, presiding in Buncombe county general court, Friday fined Dave M. Snelson, Leicester, and Charles Prestwood, Sandy Mush, \$25 and costs each on charges of violating the election laws at Sandy Mush and Leicester polling places during the June 2 primary.

NEW BATTERY BUILT BY FIRESTONE FOLK

The first battery separator made exclusively of rubber is now in production in the Firestone Battery factories at Akron, Ohio, and Los Angeles, California. It is considered as great an advancement in batteries as the balloon tire was in the tire industry, for it is not affected by heat, cold or acid, and yet so porous it increases power flow. It is used in the Firestone Extra Power Battery.

The All-rubber Separators are made up of millions of tiny balls of rubber joined together in such a way as to give extreme porosity, allowing quick flow of power. They give much longer life under adverse conditions in fact they last the life of the battery. Separators of rubber have long been the goal of the battery industry. A number of separators have been brought out combining rubber with fiber, wood and rubber, etc., and though some obtained long life, they were considerably less porous and thus gave less starting power, especially in cold weather.

The battery of today must have greatly increased power. It is estimated that 600,000 cars were equipped with radios in 1933, and 1,000,000 more will be sold in 1934. More than a million cars now have hot water heaters which require electric power to operate. Gas and oil gauges, cigar and cigarette lighters, double stop lights, windshield defrosters, double horns and many other appliances are found on the modern cars. The 1934 cars have larger generators—30 ampere capacity instead of 20 amperes.

The Firestone Extra Power Battery with the all-rubber separators furnishes more and quicker starting power—at zero it gives 30 per cent more starting power. It is especially superior for cars operating in severe service, and for commercial cars and light trucks.

A paper company has found use for house flies; the legs and wings mixed with fine paper pulp give a peculiar and handsome pattern.

BIRTHDAY ANNIVERSARY HELD BY TOXAWAY LADY

LAKE TOXAWAY, July 11—Mrs. W. E. Patterson celebrated her 67th birthday on July 4th with a picnic dinner at "Negro Camps" near the home of her step-daughter, Mrs. W. J. Owen, at Lake Toxaway.

Included among those enjoying the occasion with Mrs. Patterson were all of her step-children and 13 step-grandchildren, as follows: Mr. and Mrs. W. J. Owen and children Ralph, Frances, Harold, Junior and Juda Christine, Mr. and Mrs. Dock Banther and children Leo, Lawrence, Ruby, Annie and Curtis, all of Toxaway, Mrs. Walter Woodring and children Eugene, Rufus and Junior, of Gloucester, and Mrs. Loomie Anders and children Pauline, Leon, Bert, Hazel and Delia Mae, of Piedmont, S. C. C. R. Clarke arrived just as the others had finished eating but there was plenty left.

Mrs. Patterson says she is not very old, and all hope to see her enjoy many more birthdays.

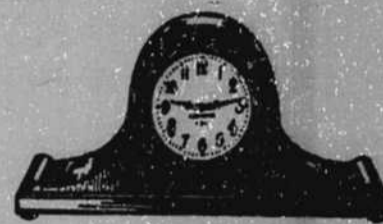

Policeman Loses 62 Pounds of FAT

Mr. J. W. Frost writes: "I've used 7 bottles of Kruschen and reduced from 272 to 210 pounds with no ill effects whatever. In fact I feel much better than I have for some years. As a police officer I recommend Kruschen to brother officers to keep in regulation weight and health."

Kruschen is the safe, healthy, sensible way to lose unhealthy, surplus fat -- simply take a half teaspoonful every morning in a glass of warm water—you'll feel so good—so energetic. You'll gain in strength and ambition—you feel years younger and look it. By reducing excess fat you'll be apt to live years longer.

One bottle lasts four weeks. You can get Kruschen Salts at any drug store in the world.
