Ten Million People, HELPED BUILD THIS TIRE.

The NEW **Firestone CENTURY PROGRESS TIRE**

THE TIRE SENSATION OF '34 **Sells on Sight!**

TO SEE it is to buy it! That's the way extra value stands out in the new Firestone Century Progress Tire. We found out what car owners wanted most in a tire—then we gave it to them. Out of more than ten million visitors to the Firestone Factory at the World's Fair last year, we obtained this opinion: "Give us Blowout Protection, Non-Skid Safety, and Long Wear, at a Moderate Price."

That was a large order, and the price part of it was our biggest problem. We said to ourselves: "Surely, if millions of people could get the tire they wanted, they would BUY!" We could see volume production . . . resulting in unbelievably low prices—and savings for millions of car owners who wanted the safety, long wear, and dependability of a first quality tire, at a price that would permit them to replace not only one tire but all four tires.

So we built the greatest tire ever made to sell at these low prices. Then the wave of buying started—car owners from Coast to Coast bought—not just one or two tires—but complete sets!

Go to the Firestone Service Dealer or Service Store in your community TODAY! See the new Firestone Century Progress Tire—just look at the broad, husky shoulders, massive flat tread, deep-cut non-skid and Gum-Dipped cords. Did you ever see so much tire for so little money? No wonder it's the Tire Sensation of '34 and **Sells on Sight!** Why not equip your car with a complete set—while prices are still at today's low level. And remember, you get the new Firestone Triple Guarantee
