

WHIRL AT THE WORLD OF NEWS

Items of interest gleaned during the past week

Scenic Drive Allotment
Washington—An allotment of \$2,000,000 for construction work on the route which will connect the Great Smoky Mountains and Shenandoah National parks has been released by the public works administration.

Hitler Defends Action
Adolf Hitler has defended his ruthless course of action which he said cost 77 lives in Germany to suppress a revolt that would have killed tens of thousands.
"In this hour I was responsible for the fate of the German nation," Hitler declared.

Ramsey Is Press Leader
Banners Elk—D. Hiden Ramsey, general manager of the Asheville Citizen-Times company, was elected president of the North Carolina Press association Friday at the close of the three-day annual convention held at Pinnacle Inn here.

Paraguay Forces Decimated
La Paz, Bolivia—The war ministry announced in a communique that Paraguayan forces in the Gran Chaco "had been repulsed in a bloody fashion since the first minute they unleashed an offensive."

"Action was carried on at various points intermittently for the past 96 hours," the communique said. "The enemy left hundreds of dead as pen-

alty for frontal attacks in which they waited their effectives."
"During four days of offensive the enemy has not advanced," the communique added. "On the other hand the attacking forces have been decimated by the defensive lines of General Penaranda's forces."

Get Pay Boost
Raleigh—Leroy Martin, executive secretary of the state school commission, returned to Raleigh from a trip to Washington expressing the opinion there was some hope that North Carolina teachers may receive a 10 per cent increase in salary next fall.

To increase teachers' salaries 10 per cent would necessitate \$1,500,000 yearly and would push school expenditures well above the approximately \$17,000,000 appropriated for schools.

Blunt Note Sent Germany
Washington—The United States Tuesday in a note refused to grant Germany special agreements involving trade concessions or clearing arrangements in order to secure equal treatment for American holders of Dawes and Young bonds estimated at \$600,000,000.

Truck Drivers Strike
Minneapolis—The creeping paralysis of a strike halting 90 per cent of the city's commercial traffic struck forcefully today at the industries and homes of 600,000 persons.

A thousand national guardsmen waited under arms for development of violence in a strike of 6,000 truck drivers.

Trouble In Alabama
Birmingham—Union spokesmen and textile mill operatives were in sharp disagreement today over effectiveness of a state-wide textile strike as the walkout entered its second day.

Operators reported that only one-third of the state's 34,000 textile employees were participating in the strike. Union headquarters termed the strike successful, predicting that the industry would be paralyzed by the end of the week.

N. D. Has Martial Law
Bismarck, N. D.—North Dakota was placed under complete martial law Wednesday by Governor William H. Langer.

The executive convicted recently of a federal felony and facing a penitentiary sentence, virtually dazed the state supreme court and his political opponents to oust him from office.

Hell Judges Strike Again
Paris—The "Three Judges of Hell," after three weeks of silence, again put their mark on Paris Friday. A powerful bomb loaded with 25 cartridges of high explosive was found by police at the base of a lamp post. It was removed before it exploded.

Public Barred From Benefits
Washington—A NRA legal ruling threatens to restrict public participation in price slashes, resulting contracts may go 15 per cent below their usual blue eagle prices.

Mr. and Mrs. Davis returned on Wednesday to their home in Ocala, Fla., after being guests at the home of Dr. and Mrs. E. S. English.

GLANCING BACK AT BREVARD

Taken from the files of The Sylvan Valley News, beginning 1895, through the courtesy of Mrs. W. B. F. Wright.

(From the file of April 22, 1898)

Mr. and Mrs. Brown (nee Miss Nancy Wilson) have been visiting at Mrs. Brown's home on Cathy's Creek. The illness of Mrs. T. Garren was the occasion of the visit.

His honor ex-mayor W. J. Coker of Asheville registered at the McMinn house Tuesday evening en route to Sapphire, but when he discovered that the turnpike was not completed he concluded to forego a ride of five hours over these rough mountain roads.

The dearly beloved wife of Dr. M. M. King, Essie King, died at their beautiful new home in the western part of town early Tuesday morning after a lingering illness of several weeks. Mrs. King was a daughter of Captain W. H. Anderson of Pickens county, S. C., and had been a great sufferer during much of her married life. The funeral occurred Wednesday at the Methodist church of which she was a member, and the interment was at the Brevard cemetery. Funeral services were conducted by Rev. L. A. Falls. Pallbearers were W. A. Gash, R. J. Pickelsimer, E. S. English, O. C. Morgan, V. B. McGaha and J. L. Wright. The deceased leaves a devoted husband and son to mourn her absence.

Mrs. Matilda McCall Hamilton, wife of Commissioner M. L. Hamilton, died at their comfortable home on Little River Monday night, and was buried Wednesday at the Little River cemetery. Rev. E. Allison officiated. She was the third wife of Mr. Hamilton, to whom she had been married less than two years.

A correspondent in another column suggests the name of W. H. Faulkner for mayor. Well, Brevard might further and fare worse.

In a note from J. F. Hayes of the Toxaway company he says: "I trust matters are progressing in the interest of our road, but regret that we

cannot move a little faster." It would seem that the present delay is not to the advantage of our town.

Winter paraphernalia is disappearing and light clothing is in evidence. Even the editor has donned a spring suit.

It may not be generally known but it is nevertheless true that Brevard has a literary society in connection with the academy. It meets on Friday evenings and the question up for discussion last Friday evening was "Resolved that the United States should make war on Spain." There is no doubt but the war question was settled by the decision of the judges.

The Waynesville Courier comes to us now as a seven column quarto—four pages of home print. The Courier is fast coming to the front as a newspaper of which any town may well be proud. It is doing valiant service in the cause of humanity and democracy and we wish the Brothers Boone and Luck abundant success.

A mountain wild cat or catamount captured by Wm. B. Wright on the Toxaway company's preserves was quite a center of attraction in Brevard Tuesday evening. Mr. Wright was enroute with his pet to Hendersonville where he will hold the animal subject to a New York fur dealer.

MEN...STEP RIGHT IN

Find Glove-Soft Comfort...Ironclad Wear in WOLVERINE SHELL HORSEHIDES

How can any work shoe be so amazingly soft and pliable — so supremely comfortable as Wolverine Shell Horsehides, yet wear miles longer than the ordinary kind? They wear so much longer — resist scuffing, sweat and barnyard acids so much better because they are the only work shoes with both soles and uppers made entirely of genuine shell horsehide.

They are given that extra softness and comfort by a secret triple tanning process known only to Wolverine tanners. So if you want work shoes that are worlds easier on your feet yet cost less per mile than any you have ever worn — there is but one thing to do — try a pair of WOLVERINES. They are available in a variety of styles and a complete range of sizes. Come in and learn more about them.

BROAD STREET BREVARD, N. C.

NOTICE Building Regulations In Town Of Brevard

The following information is given in order to acquaint the public with the law in regard to erecting new buildings and repairs to old buildings in the corporate limits of the Town of Brevard, N. C.

Building Permits
Before a building is begun the owner of the property shall apply to the inspector for a permit to build. This permit shall be given in writing and shall contain a provision that the building shall be constructed according to the requirements of the building law, a copy of which shall accompany the permit. As the building progresses the inspector shall make as many inspections as may be necessary to satisfy him that the building is being constructed according to the provisions of this law. As soon as the building is completed the owner shall notify the inspector, who shall proceed at once to inspect the said building and determine whether or not the flues and the building are properly constructed in accordance with the requirements of the building law. If the building meets the requirements of the building law the inspector shall then issue to the owner of the building a certificate which shall state that he has complied with the requirements of the building law as to that particular building, giving description and locality and street number if numbered. The inspector shall keep his record so that it will show readily by reference all such buildings as are approved. The inspector shall report to the Insurance Commissioner every person neglecting to secure such permit and certificate, and also bring the matter before the mayor, recorder or municipal court for their attention and action.

Owner of Building Failing to Comply With Law
If the owner or builder erecting any new building, upon notice from the local inspector, shall fail or refuse to comply with the terms of the notice by correcting the defects pointed out in such notice, so as to make such building comply with the law as regards new buildings, he shall be guilty of a misdemeanor, and shall be fined not exceeding fifty dollars. Every week during which any defect in the building is willfully allowed to remain after notice from the inspector shall constitute a separate and distinct offense.

Fees of Inspectors
For the inspection of every new building, or old building repaired or altered, the local inspector shall charge and collect an inspection fee before issuing the building certificate, as follows: Two dollars for each one-story mercantile storeroom, livery-stable, or building for manufacturing, and fifty cents for each additional story, and for other buildings twenty-five cents per room; but the inspection fee shall in no case exceed five dollars.

A. M. Case is duly elected Building Inspector for the Town of Brevard and all persons are required by law to secure permits from the Building Inspector before any work is done on new or old buildings.
