**OPPORTUNITY OFFERED IN TEXTILE INDUSTRY**

RALEIGH, July 25.—That the textile industry offers exceptional opportunities to young men with a textile education is evidenced by the following quotation which was taken from an article entitled "Bull Market for 1934 Graduates of Textile Schools," in the June issue of Textile World: "Reports from the schools were almost monotonous in their repetition of the fact that the graduates had found employment before commencement."

Every member of the 1934 graduating class at the Textile School of State College secured employment in the textile industry and Dr. Thomas Nelson, dean of the Textile School, stated that the number of men exceeded the number in the graduating class. A large majority of these young men will be located in North Carolina, thus indicating that a textile education enables North Carolina boys to find pleasant and profitable employment in their native state.

Textile graduates of State College have established such a record of achievement that already requests for information regarding the school's program for next year have been received from nine states and two foreign countries. Present indications are about 15 states and three foreign countries will be represented by students this fall, and that the Textile School enrollment will be higher than in any previous year.

**Public Enemy Dies By Gun**  
Chicago—Michael "Babs" Quinlan, racketeer and public enemy, has met his measure in gangdom.

A single bullet, fired into his back by a deliberate gunman, took his life Thursday night as he sat in a Cottage Grove avenue cafe with Thomas McLaughlin, his reputed confederate in the pre-repeal beer business.

The slayer, youthful and well dressed, walked to Quinlan's table and leaned in front of McLaughlin. As guests and employees looked on aghast, he said, "This is for a double crosser," and fired once.

In the confusion that followed he calmly put the gun in his pocket and was lost in the crowd.

**Denies Resignation Report**  
Columbia — Governor Blackwood feels that if he were to resign he should be "about the first to know about it."

Told Saturday night of a rumor originating outside of Columbia that he had filed his resignation to accept a federal appointment, the governor said:

"I haven't heard a thing about it." "And," he added with a chuckle, "if there were anything to it, I suppose I would be the first one to know about it."

Your Chance to Select Science's Greatest Contribution to Lighten the Duties of the Housewife — A Cool, Modern, Economical

**ELECTRIC RANGE**

Saturday, Last Day of Sale

Modern Women Depend on Their Fast, Cool, Economical Ranges

Few husbands apparently think of the drudgery their wives experience when their kitchens are not equipped with an electric range. Therefore this message is directed primarily to husbands.

**HUSBANDS:** You can select a modern, fast, cool, economical electric range and pay for it over a period of 30 months—you can buy a range at the rate of 10 cents a day.

While paying for this range at this easy rate your wife will be relieved of hundreds of hours of kitchen duty a year, to say nothing of the worry, drudgery and discomfort that attend the use of old-fashioned stoves—and your food will be better flavored and more nutritious. Incidentally your wife will be fresher, more buoyant and more companionable because of her relief from drudgery and her increased hours for recreation and pleasanter duties.

Our special offer on electric ranges ends Saturday, July 28. Investigate now while it is still possible for you to benefit through the unusual features of our special offer.
