LOCAL COMMITTEE STILL ENDEAVORING TO ELECT TEACHERS

Jones, Glazener, Miss Puette and Miss Strickland Not Approved By Bush

Editor The Times:

was held with County Superintendent G. C. Bush on Tuesday afternoon, at which time the matter of selecting teachers was again taken up. Names of Professor J. B. Jones,

Professor Julian Glazener, Miss Juanita Puette and Miss Janie Strickland were presented to Superintendent Bush for his approval, it being the opinion of all members of the board that these teachers should be re-elected along with the other teachers whose names were published two weeks ago. Mr. Bush refused to approve the selection of Mr. Jones, Mr. Clarance Miss. Poette and Miss. Mr. Glazener, Miss Puette and Miss Strickland, but would give no definite reason for his not so doing. All of the other teachers elected weeks ago were approved.

We reiterate, we have heard of no reason why these teachers should not be re-elected, and as we are residents of the County of Transylvania, own est of the children of the district at Otho Scott, as the canning season beheart, as well as the welfare of the gins. property here, and have every intergeneral public, we want the public to understand that delay in opening of the schools of Brevard district cannot be charged against the local committee.

Respectfully submitted,
J. A. MILLER,
MRS. G. H. LYDAY,
A. E. ENGLAND, Local School Committee.

SCHOOL BUSES NEED FIXING SAYS DRIVER

Should Raise Allotment For School Transportation Instead of Cutting

Transylvania school children during the year 1934-35 had been cut \$1,800. I can't understand how it could be cut any as all the bus drivers get only \$17.75 each per month, and the officials said that there was not enough money last year to buy sufficient parts to fix up the old trap that was hoing used last year to transport. Scott Galloway, Charles Nelson,

would look into the matter of such a cut and see that there are trucks that NAB MOONEY NEGRO will be in the best of repair. The school board has a very able mechanic or the old traps that have been on the roads ten years would have been smashed to pieces long ago, and very probably would have killed or crippled lots of children.

The reason I am calling this to year-old negro of the Etowah section who died at the local hospital drove one of the old traps for two last week came to his death at the and one-half years, and there never hands of Elijah and Edgar Mooney, was a time that either the foot brake or the emergency brake would lock tion. a wheel, only slow the bus down, and in case of a quick stop would have been calamitous. This was no fault party that was held prior to the of the mechanic—it was the old worn out bus, and I hope that there will be busses that will not cause ately fled the scene Elijah Mooney ately fled the scen

BEAUTIFUL FLOWERS DISPLAYED AT SHOW

Judge Says Quality of Exhib-its Superior To That of Other Years

Brevard's seventh annual flower show, held Friday afternoon and evening in the vacant room adjoining the Woman's Exchange, proved a successful event, sponsored by the Woman's Civic club.

The judge, Hugo Strongmiller, of the Wayside Nursery, Biltmore, pronounced it outstanding among the flower shows held here, from the standpoint of quality of exhibits and carefully arranged classification. There were fewer varieties of flowers which were but making up the exhibits this year, but, according to Mr. Strongmiller, "The quality of the display made up for the lack in quantity." The judge especially commended the Keystone
