**FISHER REUNION IS
ATTENDED BY MANY**

Several hundred relatives and friends of the Fisher and Norton families gathered for an enjoyable day at the Lake Toxaway Baptist church last Saturday, it being the occasion of the annual Fisher reunion.

C. R. Clarke presided over the business session held in the morning, with the Rev. Clyde McCall in charge of the devotionals and giving the welcome address. Songs and short talks were heard after the business session with W. E. Breeze of Brevard delivering address of the day on the topic of "What family reunions mean to a community."

At the noon hour a sumptuous picnic dinner was spread on long tables in the church yard, which added much to the enjoyment of the occasion. Visitors were present from many sections of North Carolina and South Carolina.

**TEACHERS TO ATTEND
SCHOOL AT CULLOWHEE**

All unemployed teachers who expect to work in adult and children's schools under the ERE are expected to attend a week's training course at Cullowhee during September 24-29, according to W. A. Wilson, ERE director here.

Those who attended the course held last fall for the same type of work will not be required to attend, Mr. Wilson said. Teachers eligible to attend the school and teach in the county are those who have been approved by the director, county superintendent and state board. Around fifteen have applied.

Bank Robbery In South Carolina City
Lake City, S. C.—Three men robbed the Palmetto bank of Lake City of approximately \$100,000 Wednesday after kidnaping J. H. Carter, the bank president, and his wife from their home and tying Carter's three children to their beds. The robbers invaded the Carter home at 8:15 Wednesday morning, held up the family with pistols, tied the three children in bed, forced Carter and his wife to accompany them to the bank, where they found the cashier had already arrived and had opened the vault. Taking what money was in the vault, the robbers then forced the two bankers and Mrs. Carter in their car, driving out about three miles where they released Mrs. Carter, who ran home and notified officers. About 30 miles out from Lake City the two bankers were released from the bandits' car, unharmed, and then the bankers returned to Lake City.
