Order was also made by the board in the matter of accepting bonds in payment of collateral notes held by the county, the order reading as follows:

"It coming to the attention of the Board that a misunderstanding had arisen in regard to the maturing of bonds to be accepted at par for notes owed the County, on motion duly made and carried that bonds be accepted maturing not later than 1946 at par, for the full amount of the note and interest to be paid."

### NURSERY SCHOOL IS PROBABLE IN TOWN

#### Twenty Teachers Take Adult Work--Chance To Bring Big Payroll Here

(Contributed)

Brevard is offered one of the 50 nursery schools to be allowed in North Carolina, provided it can meet the requirements laid down at Washington. Last winter the state had 300.

Equipment must be furnished locally, and an inspector must put an O. K. on it before it is accepted, and so those concerned are anxious, knowing that other counties stand ready to take over the work.

The school must have three rooms. There are that many unused in the primary building, and it is hoped the school board will certainly encourage it by allowing their use. Then they must have places for the little ones to take a nap. Mrs. Avery Galloway for the Red Cross has offered 30 blankets and 60 sheets toward this. It must have a place to prepare lunches, and material for them, and other equipment. It is for children of those who need relief, and the teachers who conducted it last year have been to Cullowhee where they were approved and sent back to plan the school. They are Mrs. John McLean and Mrs. Constance Banks. If accepted the school must also provide a medical clinic for the examination of the kids, and have a maid to do the chores. Altogether it would add around \$250 a month to the payrolls of Brevard.

### BREVARD SQUAD TO PLAY STRONG TEAM

#### Lees-McRae Football Game Is Set For College Grid Next Saturday

With four boys on the injured list Wednesday, Coach Ralph James did not know at that time just who would or would not be in the starting line-up for Saturday afternoon's game when Lees-McRae College comes here for the second game of the college season.

Prentice, experienced backfield man, is limping around the field hoping that he will be able to make the grade Saturday. Wahnick, guard, is definitely out of Saturday's melee, with Bud Neill, substitute, blessed with a broken nose. Albert Kilpatrick, heavy lineman, was nursing a sprained hip Wednesday but hopes to be straightened up Saturday.

Coach James' boys know they are not going up against a Cullowhee junior varsity eleven Saturday, and consequently are taking every inch of practice that they are allowed. The Lees-McRae outfit has played two four-year college first strings for their first two games, and while they suffered defeat both times, the team is regarded as a strong match for Brevard, and Saturday's game promises to be a hard fought one.

Of especial note at the college field are the goal posts erected by Ward's News Stand and Smith's Barber shop, the posts being constructed entirely of steel piping.

A record attendance is expected to witness the game Saturday.
