Why Liquid Laxatives Do You No Harm

The dose of a liquid laxative can be measured. The action can thus be regulated to suit individual need. It forms as habit; you need not take u "double dese" a day or two later. Nor will a mild liquid lexative vertate the kidnens.

The right liquid laxative will bring a more natural movement, and with no discomfort at the time, or ofterward.

The wrong cathartic may often do more harm that good.

An approved liquid faxative (one which is most windly used for both adults and children) is Dr. Calewell's Syrup Pepsin, a prescription. It is perfectly safe. Its laxative action is based on senna-a natura! fasative The bowels will not become derendent on this form of help, as they may do in the case of extharties containing mineral drugs.
