Mr. Glazener plans to start organization of the farm communities within the next two weeks, after which the community groups will select the demonstration farms in each of the sections to be used as test farms under the Land Use and Conservation Plan which is being sponsored by the TVA. ## Clemson Theatre Has Fine Week's Program

Shirley Temple and Lionel Barrymore in "The Little Colonel" will appear at the Clemson Theatre Monday and Tuesday of next week. Movie-dom's five-year-old baby queen, co-starring with Lionel Barrymore in this picture, further endears herself to her millions of admirers. Her dancing feet, smiling eyes and lovely curls are her ammunition in her campaign to soften the heart of an old rebel colonel, who forgot the Civil War was over, and nursed his prejudices.

Herold Bell Wright's story, "When A Man's A Man," will be the screen film for Friday and Saturday of this week. The setting of the story is an Arizona ranch, showing the conflicts and romance in far Western life.

On Wednesday and Thursday, March 6 and 7, "Shadow of Doubt," with Ricardo Cortez and Virginia Bruce, will be shown. From a tragic murder suspect to a glamorous torch singer is depicted in this detective mystery story.

## CORN-HOG MEETS CALLED BY AGENT

By J. A. GLAZENER

Monday evening, March 4, at 7:30 in the agricultural class room of the Brevard high school will be held a community meeting for the interested farmers of Brevard and Conestee townships. It is very important that all those who have signed applications be present as well as others interested in signing who live in either of the above named townships. At this meeting a committee is to be elected and a community organization set up.

Tuesday evening, March 5, at 7:30 in the agricultural class room of the Rosman high school building a meeting will be held for all townships in the upper end of the county, including Catheys Creek, except those nearest to Brevard.

Thursday evening, March 7, at 7:30 a meeting will be held in the Enon school house for Boyd and Little River townships.

As stated above all those who have already signed applications and others interested in signing should attend the community meetings for their respective townships. If we all work together and cooperate, which I feel positive we shall do, I see no reason why we should not be able to have just as an efficient and economical Corn-Hog Association as any other association of its kind in the state.

Remember the date, remember the place, and try not to be late.

## Nursery School Wins Praise of Mrs. Day

An interesting account of the local ERE nursery school is given in a recent issue of the North Carolina Nursery School News, of the state department of public instruction.

Mrs. J. M. Day, supervisor of the ERE program writes the following in the state publication: "I know you will be delighted when you come and see the Brevard nursery school in their new quarters. I visited them yesterday and they have an almost ideal setup. It is thrilling to see the large number of beds, blankets, sheets and the private sleeping rooms. In fact, it is just about ideal."

An urgent plea is made by teachers of the local nursery school for cash donations with which to buy coal to heat the building. Any donation, large or small, will be greatly appreciated for this urgent need, it is stated.

## FIRE DAMAGES HOME OF MRS LOTTIE DUCKWORTH

The home of Mrs. Lottie Duckworth corner of Jordan street and Oakland avenue, was damaged to the extent of several hundred dollars by a fire last Saturday afternoon which caught in the attic of the two-story frame dwelling.

Alarm was turned in by a passerby and the fire was under control within a few minutes after the alarm was sounded, but not until the blaze had eaten its way through the roof and down into the second floor. ## TVA Representative To Be Here March 8

By J. A. GLAZENER  
Mr. W. N. Landis, agricultural specialist for the TVA, has agreed to meet the farmers and business men of Transylvania County, Friday, morning, March 8, at 10 o'clock in the court house. Mr. Landis will not only give a general background of the interest of the TVA in reference to the agricultural program, but will explain the value of the demonstration farms and how to go about selecting them.

I am extremely interested that we give Mr. Landis a good showing of our interest in a real farm program by filling the court house. The more of these men we can interest in visiting our county the more I fully believe it is going to mean for the county's development.

Working through Congressman Zeb Weaver, the Kiwanis club and others interested in the project have kept constantly after the bureau of fisheries in effort to have the hatchery built in 1935, and Mr. Breese was sent to Washington last week, representing the club, the town and county. ## Game Warden Asks For Support Of Law

February 20 was the close of the hunting season. Now that the season is closed, I am appealing to all hunters to clean up their guns and put them away until the season opens in the fall, and during the closed season I especially request land owners to cooperate with me in any illegal shooting. There is a good carry-over of all kinds of game, if the closed season is observed, giving the wild life a chance to raise a new crop, we will have good hunting next season.

The department is preparing a bulletin that will attempt to point out to farmers and land owners the benefit of their game as a revenue producing crop and how to provide and maintain necessary cover and food for the game.

Fishing season opens April 15.
