## County Board Splits Big Note For Dickson

In a special called meeting of the board of commissioners here Monday resolution was passed authorizing the issuance of small denomination notes in lieu of a hundred thousand dollar past due paper that is being held by the R. S. Dickson & Company of Charlotte.

In return for splitting the hundred thousand dollar paper into smaller denominations the commissioners were given a write-off of \$15,000 in past due interest. The matter has been under discussion for some time, with the commissioners taking the stand that a material write-off or reduction should be made by the bond house in return for splitting the note so that it could be more easily sold to local taxpayers when paying taxes.

It is understood that the smaller notes, dated as of Jan. 1, 1935, and now past due, will be placed on the market within the next few days and made available to taxpayers.

## BREVARD MAN HELD UP AND CAR STOLEN

### L. D. Martin Left On Highway Near Hazelwood—Auto Found In Tennessee

L. D. Martin, Brevard taxi driver, was held up and robbed by unknown parties on Monday night, twelve dollars in money, a pistol, and a new Ford sedan being taken by the hold-up men.

According to Mr. Martin, he was hired by two men Monday night about eight o'clock to drive them to the new CCC camp just north of Brevard. Nearing the home of John Maxwell on the Royston road one of the passengers is said to have jabbed a pistol against Martin and ordered him to drive on instead of turning into the CCC camp.

Arriving at the Memorial Arch entrance to Pisgah National Forest two more men were picked up by the party and the ride continued to Canton, where they purchased ten gallons of gas, and then on to Hazelwood in Haywood county, where the men forced Martin to leave the car after relieving him of his gun and money. Mr. Martin said he walked into Hazelwood and called Sheriff Wood's office in Brevard and also called Sheriff Welch of Haywood county.

Search was instituted for the car and men and Wednesday report was received by Sheriff Wood that the car had been located in Greenville, Tenn. The men said to have held up Mr. Martin were not members of the CCC camp, but said they wanted to be driven to the camp. Mr. Martin came back to Brevard Tuesday afternoon on a bus.

## Important Meeting At C. of C. Thursday

Bi-weekly meeting of the Chamber of Commerce will be held on Thursday night of this week at 7:45 o'clock, and an urgent appeal is being made by President E. J. Coltrane that all members and other people interested in work of the community be in attendance.

Report of a special committee appointed in a meeting held last Thursday morning is expected to be of interest. This committee was appointed to see just what, if anything, could be done in regard to operating the Brevard golf course this summer.

Plans originally were for the town to operate the course, the city fathers going on the assumption that labor for repairs could be secured through the FERA. However, the labor could not be furnished, and unless the course is maintained and operated it reverts back to original ownership which would in all probability put Brevard on the map as a tourist town with no golf course.

Other matters of interest to the community are to be taken up, hence the request by President Coltrane that as many people as possible attend.
