Dr. Osborne Brings Airplane To Rosman

ROSMAN, July 22—To Dr. Joe E. Osborne goes the credit of bringing modernity to Transylvania county, and special recognition to the town of Rosman.

Dr. Osborne, popular medical and dental practitioner, has established a landing field for airplanes in the eastern end of the town, and on Monday brought his new Waco F two-seater plane in.

The large row of trees along East Main street have been topped, and the old ball field otherwise improved to make a very good landing field. Permission is being sought by Dr. Osborne to move the forestry telephone line at the lower end of his landing field, and when this is done, a landing field adequate to care for several planes at a time will have been completed.

Dr. Osborne, a flying enthusiast, has had his pilot's license for some time, and believes that in a few years, airplanes will be the more accepted mode of travel, especially for those who want to get out of dangerous highway traffic, and wish to "get somewhere in a hurry."

S. C. MENTOR WILL COACH AT COLLEGE

Erskine Man Elected Head Of Athletic Department At Brevard College

President E. J. Coltrane has just announced the election of Arthur J. Ranson, of Due West, S. C., as director of athletics at Brevard College for the coming year.

Mr. Ranson is a graduate of Erskine College, 1934. During his college career which included both Bryson College and Erskine, Mr. Ranson played football, basketball, and baseball. For two years he has acted as freshman coach at Erskine College. For the past year he has been director of athletics in Greer high school. Mr. Ranson has attended coaching schools at Duke University, University of North Carolina and University of South Carolina. He expects to attend the Northwestern University coaching school for two weeks in the month of August. Mr. Ranson comes with the recommendation of Coach J. C. Todd, Erskine College, and other members of the college faculty. In Brevard College he will be in complete charge of athletics and a program of physical education which will embrace all the men in the college. The new coach has been employed to give his entire time to the interest of Brevard College, and will report for duty here September 1st.

Mrs. Ranson, a graduate of Winthrop College, will be in charge of a physical education program for the young women of the college. Mrs. Ranson graduated from Winthrop in 1933. Since that time she taught two years in Woodruff high school in South Carolina. Mrs. Ranson specialized in home economics, health education, and is prepared to direct the various phases of a suitable program for young women.

Since the resignation of Ralph James as director of athletics, President Coltrane has interviewed about twenty men who have been interested in the position at the college. It is understood that several men were highly recommended and possessed enviable records in high school and college athletics. In selecting Mr. Ranson, President Coltrane feels that he has found a man who will, with the assistance of Mrs. Ranson, develop a program suited to the needs and interests of the entire student body and will at the same time be able to produce excellent teams in the major sports. Mr. Ranson in accepting the position has indicated his willingness to remain in the college over a period of years in order to develop his plans for a suitable program.

College officials have indicated that all men interested in football practice will be called to the college for special training beginning September 3rd.

One-Way Street Now Thing of Past Here

There is no such thing as a one-way street in Brevard.

Jordan street, from Broad via the postoffice to Caldwell, is now a metropolitan boulevard passage-way, with cars whizzing hither and yon as they please. So far there have been no wrecks on "death corner," which was one reason the short connecting pavement was listed for years as "one way-go east" route.

Stop signs have been placed at the intersection of Jordan with to be little attention paid to the Caldwell, and while there seems warning, Mayor A. H. Harris, states that it may be necessary to place a policeman on the corner to make a few arrests in order that people will understand that "stop" on a street sign means just what it says.

Fire Destroys Home Of Ed Wilson Sunday

Fire of an undetermined origin totally destroyed the home of Mr. and Mrs. Ed Wilson at Selma Sunday night, together with most of the household furniture and all clothing of the family except that which was being worn at the time.

The large two-story frame structure was first noticed to be on fire a little after eight o'clock Sunday evening by Mr. and Mrs. Walker Galloway who resided nearby, and Robert Kilpatrick of Gloucester, who was visiting at the Galloway home.

Mrs. Wilson and the children were at Cathey's Creek church at the time of the fire, and had left Mr. Wilson and Leon Parker at the Wilson home less than an hour before the fire started.

Wilson and Parker state that they left the home immediately after Mrs. Wilson and the children left for church, and they have no idea as to origin of the fire.

Mr. and Mrs. Galloway and Mr. Kilpatrick are positive that they saw a light being carried about in the house just a few minutes before the blaze started in an upstairs room. Sitting on her front porch, Mrs. Galloway is certain that a lamp was carried up the stairs and down not more than fifteen minutes before she saw the flames burst out in the upstairs section of the home.

Much excitement was caused in the community and in Brevard Sunday night when word was put out that Mr. Wilson was in the home. However, he was located in Brevard late Sunday night by Sheriff Tom Wood, after plans had been made to search through the embers as soon as the fire had cooled sufficiently to allow work to be done.

The building was partially covered by insurance.

Square Dance Will Be Given Thursday

Second in a series of dances will be given at the Brevard City Gym on Main street Thursday evening of this week, the dance to start at ten o'clock following the beauty contest at the swimming pool.

Mr. and Mrs. Frank McIntosh and Mrs. Ralph Fisher are chaperones and sponsors of the dance, and the Fisher String Band of Rosman will make the music. The dance given last Thursday night was a success in every way, with a large number of people, visitors and home folk, in attendance.

WOOD BOYS NAMED IN WARRANT SWORN OUT BY KILPATRICK

Deputy Sheriff Alleged To Have Used Black Jack On Jail Prisoner

Virgil Kilpatrick is in Lyday Memorial hospital being treated for injuries to his head and face, and a warrant has been sworn out by Mrs. Lula Kilpatrick, mother of the injured man, against Tommy Wood and Walter Wood, charging the two Brevard young men with assault on Kilpatrick.

The warrant was sworn out Monday before Mayor A. H. Harris, and the hearing of the case is scheduled for Friday evening of this week at 7 o'clock in the mayor's court office at the city hall.

The warrant charges that Kilpatrick was "assaulted with a deadly weapon, to-wit, a black jack, with intent to kill." The affair is alleged to have taken place in the county jail late Saturday afternoon. Kilpatrick was placed in jail by Policemen Church Morris and Spurgeon Hamlin on a drunk charge.

The man was taken from the jail Sunday morning by Chief of Police B. H. Freeman and carried to Lyday hospital for treatment. Dr. Harold J. Bradley, hospital surgeon, who treated Kilpatrick said that the man had a fractured left lower jaw, a break over the frontal sinus, both eyes bruised and black, and bruises about the head and face. Dr. Bradley said that the man was in a dazed or semi-conscious condition when he saw him Sunday morning at the hospital, but that he had greatly cleared up by Monday. The doctor said that condition of Kilpatrick was satisfactory Wednesday.
