\$1.00 PER YEAR IN TRANSYLVANIA COUNTY

4-H CLUB MEMBERS WIN AT STOCK SHOW

Cash Prizes and Ribbons Are Taken By Transylvania Boys and Girls

Transylvania county 4-H Club boys and girls walked off with big honors at the Asheville fat livestock show last Wednesday, winning over \$50 in cash prizes and a ribbon on each entry, and selling their entries at good prices following the exhibition.

Robert Whitmire was high score winner, with a \$30 cash prize for his entry in the show, and \$7.50 from the Hereford Association on the same animal. Whitmire's entry was a 9-month-old purebred Hereford. At the close of the show he sold the animal for a net price of \$67.66.

Bonnie Lee Glazener, member of the Connecticut 4-H, and daughter of Mr. and Mrs. H. B. Glazener, won \$7.50 cash prizes on her entry, and then sold the animal for a net price of \$43.23.

E. J. Whitmire placed twelfth with his 14-month-old bull, and while he did not win a large cash prize with his entry, sold the pure-bred Hereford at the close of the sale for \$106.61. E. J. is using the money he secured from sale of his 4-H calf to good advantage—going to college at State.

Glenna Shipman entered three in the show, won \$10, and sold the three for a total of \$225.46, which is counted a pretty good cash item for a 4-H or any kind of club member or farmer. His cattle were each a little less than one year old.

The Hereford yearling belonging to the county home placed tenth in the yearlings (under 12 months class) and while it did not win a cash prize, added to the county's entries, and enabled the Transylvania group to place fifth in the county (as a whole) entry. The calf has been attended to by Uncle Tom Pressley, who makes his home on the county farm, and he was one of the happiest men at the show when the judges placed his calf ahead of the large group.

Olin Raymer of Pisgah Forest, who has considerable experience with show cattle, aided the county agents and the 4-H club members in preparing their cattle for the show, and he was given the \$5 prize money which the group won for fifth place.

Interesting fact in the show entries from Transylvania is that the entire lot of cattle from here was home raised, and home bred. Two years ago, and one year ago, there were no eligible cattle to be entered through the 4-H, and agriculture leaders are elated that such improvement has been made here in livestock that the entries not only place, but win cash prizes as well.

It is expected that the fine showing made by the county group at the show will materially stimulate interest in 4-H club work here.

Schools Close Doors For Thursday-Friday

All schools of the county will close for two days this week—Thursday and Friday, according to announcement made by County Superintendent J. B. Jones.

Check-up over previous years has proven, Mr. Jones said, that it was nearly an entire loss of time to try to conduct school on Friday after Thanksgiving day, as attendance during the years when school was held the day after Thanksgiving, was cut to fifty per cent and less.

Steals False Teeth

DARLINGTON, S. C.—The house of a Lake Swamp farmer was broken into early Thursday morning, and among articles missing are a pistol and strong-box. The latter contained \$15 and a set of false teeth, slightly used.

42 DEER KILLED ON TRANSYLVANIA HUNT

Many Hunters are Making Brevard Headquarters—Use John's Rock Camp

First day's hunt on the Davidson River watershed of Pisgah National Forest netted 42 bucks, with 134 hunters out of the 176 entries Monday morning failing to make a kill.

Between 75 and 100 of the hunters this week are making Brevard their headquarters, and are checking in at the abandoned John's Rock CCC camp. Another group will start out Thursday morning of this week.

Largest buck killed Monday was a 192-pounder, taken by W. P. Merck of Six Mile, S. C. Largest one so far this season weighed 206 pounds, killed by Dr. O. W. Thompson, of Pikeville, Ky., last Friday.

A total of 176 bucks had been killed Monday night, by 494 hunters from a widely scattered area.

The hunt will continue to December 12, with 1700 hunters scheduled to take part. Ranger W. P. Duncanson is in charge of the hunt, and is alternating the checking stations each week from Mills River to John's Rock.

Jack Miller To Play For Navy Footballers In Nation's Big Tilt

Jack Miller, Navy center, will have his father and mother, Mr. and Mrs. J. A. Miller, of Brevard, as most interested of all spectators in the "reserved seat" section at Philadelphia on Saturday, when the Army-Navy classic is played.

Mr. and Mrs. Miller and their son, Henry, who is a junior at Brevard College, will sit on the Navy side of the field, while Fred Miller, another son of the Millers, will sit on the Army side and cheer just as vociferously for the Army Mules.

Jack, who played jam-up football for Brevard High, has played two years on the first string Navy eleven, last year as substitute center, and this year in every game as regular. He graduates this year from Annapolis, while his brother, Fred, graduates from West Point, Fred, who is lighter in weight, played two years on the Army second string.

A number of relatives and friends of the two popular Brevard boys from both North and South Carolina plan to attend the Army-Navy game Saturday. In the party with Mr. and Mrs. Miller will be Mr. and Mrs. Henry N. Carrier, of Brevard, whose son, Henry Nash, Jr., is a midshipman at the naval academy.

South Feels Spain's War

NEW ORLEANS.—Repercussions of the Spanish civil war are being felt in the South. Last year \$15,000,000 worth of American cotton was sold to Spanish firms. This year, with the season nearly one third over, statistics compiled by the New Orleans cotton exchange disclosed that not a bale has been shipped to Spanish mills.

SECURITY FORMS TO TRANSYLVANIA FOLK

Workers in Industrial and Office Lines Come Under New Set-Up

Between 500,000 and 1,000,000 wage earners in the Carolinas Tuesday received Forms SS-5 or applications for account numbers with the Social Security board.

The applications were being sent out from the Charlotte postoffice, with the Brevard postoffice handing out approximately 2,000 applications to workers.

A temporary organization of about 75 employees will be set up at the Charlotte postoffice to undertake the task of assigning account numbers for the employees in the Carolinas. The file of these account numbers will be kept in Charlotte until the task is completed, then it will be sent to national headquarters of the Social Security administration in Baltimore, Md.

The account numbers issued are small cards which should be carefully kept by the owners, as they are the owners' sole identification with the Social Security administration.

The completed forms should be returned to the branch postoffices as soon as possible, December 5 having been set as the final date for which they may be returned to the Charlotte postoffice.

The forms may be returned in any one of several ways. They may be returned by the employer, although it is not necessary or required that he see them; they may be returned by any labor organization of which the employee is a member; they may be returned in person or by messenger or they may be mailed in a sealed envelope addressed to the postmaster. No postage is required.

The account numbers will be transmitted to the employees in the same manner used to distribute the applications, or Forms SS-5. Therefore employees may, within a reasonable time, receive their account numbers in the same manner in which they received the application.

All questions on SS-5 must be answered legibly. If the applicant is unable to answer a question, the word "unknown" should be written in the blank space. All classes of employees under 65 years of age qualify under the act except the following nine classes:

1. Those self-employed.
2. Employees of the railroad industry, who are subject to the carriers taxing act.
3. Agricultural labor.
4. Domestic service in private homes.
5. Casual labor.
6. Service performed as an officer or member of a crew of a vessel documented under the laws of the United States or any foreign country.
7. Employees of the United States.
8. Employees of States and divisions thereof.
9. Service performed in the employ of a corporation, community chest, fund or foundation, organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to animals, no part of the net earnings of which accrue to the benefit of any private shareholder or individual.

Special Services At Church Wednesday

Thanksgiving will be observed at the Methodist church with special services to be held at the church Wednesday night in the ladies' parlor.

The first service will be held from 7 to 7:30 o'clock, at which time the pastor will deliver a Thanksgiving message. This will be followed by a candle-light service and communion in the main auditorium, concluded by a cash offering for the Children's Home at Winston-Salem.

Mrs. H. J. Bradley, Mrs. C. E. Orr, Jr., and Mrs. Ernest Tilson will be in charge of the decorations for this occasion.

Final Football Game Will Be Played By Brevard College Thanksgiving Day

The game will be called at 2:30 o'clock, and special seats have been provided for the 800 to 1000 fans who are expected to be on hand to cheer the college squad on to victory.

Coach Ranson will leave early Thursday morning with his boys, and will have luncheon as guests of Mars Hill.

Mrs. W. A. Thomas Is Buried At Hayesville

Funeral services for Mrs. W. A. Thomas, 72, who died in Brevard early Thursday morning at the home of her daughter, Mrs. J. F. Zachary, were held Saturday afternoon at 2 o'clock at the Hayesville Methodist church. The services were in charge of the Rev. J. H. Brendall, pastor of Brevard Methodist church, assisted by the pastor of the Hayesville church. Interment was in the Hayesville cemetery.

Mrs. Thomas, who had been in declining health for several years, was found dead in bed Thursday morning, having succumbed to a heart attack in the early hours of the morning, it is believed. She had apparently passed away peacefully while sleeping. Her husband, the Rev. W. A. Thomas, who was a member of the Western North Carolina Methodist conference for many years, died six years ago. Mrs. Thomas was a native of Hayesville, but made her home with her daughter and family here for a number of years.

Surviving are three children: Mrs. Zachary, of Brevard; Mrs. R. D. Jenkins, of Durham; and C. H. Thomas, of Stone, Ky., besides several grandchildren.

Promotion Committee To Meet At Calvert

The quarterly meeting of the enlarged Promotion Committee of the Transylvania Baptist Association meeting Saturday, November 28th, with Mt. Moriah (Cherryfield) church, will discuss the general question: "The Relation Between Pastor and Church," under such questions as—The necessary educational preparation of the country pastor? What a church should expect of a fourth time pastor? What a pastor should expect of a fourth time church? What should be the relation between pastor and deacons? What should be the relation between pastor and other church officers? Pastoral visitations? When, and under what conditions should a pastor accept a call to a church? When, and under what conditions should a pastor resign a church?

The discussion of these questions, and any other question on the main subject, will be open to any one present. The entertaining church will furnish lunch. We hope to have a large attendance, with a free for all discussion of every question.

Come and bring someone and let's have a good day together.

M. L. Lewis, chairman of Promotion Committee.

Transylvania County Given Free Publicity

Transylvania county came in for a nice block of publicity through the current issue of "Comfort Magazine," which is published at Portland, Maine, and circulated to all parts of the United States.

A letter to the magazine, written by Guy Galloway of Brevard R-2, was published in full with comments by the department head to whom it was addressed.

Following is an excerpt from the letter written by Mr. Galloway:

"We have some beautiful scenery here in these mountains. There are some very beautiful waterfalls. One is named Conestee, after an Indian maiden whose lover had gone back on her. She was broken-hearted and decided that life would not be worth living without her big bronze warrior. So she threw herself over the falls and ended her life and her great love in a broken heap in the cool clear waters. I could name many more spots of history and beauty in this country. The lovely French Broad river which flows through Transylvania county was named first by the Indians. It bears the name of Tahkeestee, but I don't know the meaning of the word. Some people say it means one thing, and some say another."

New Arrival

Born to Mr. and Mrs. M. L. Shipman, Jr., in Raleigh, a son, Mitchell Lee III, on Saturday, November 21. Mr. Shipman, a nephew of Mrs. James K. Mills, has been a Brevard summer visitor for many years and is well known in the community.

He is taking his entire squad on the trip.

Brevard tied the strong aggregation in a game there two years ago, but lost in the final game of the season here last Thanksgiving.

Coach Ranson has been putting his boys through hard workouts for the past two weeks in anticipation of the "game of all games" which will be played Thursday, and fans here who have watched the improvement of the team during the past several weeks, are boosting the home team to win.

Midgets Get Revenge From Hendersonville

Professor Edwin Wike's Midgets took some of the sting of the Hendersonville varsity defeat away when they held the "big town" boys to a 6-0 shutout Saturday afternoon.

This was the third game of the season for Mr. Wike's boys, and the third shutout victory for them, as well. On two previous occasions the Wike-men defeated Christ School by the score of 20-0, and 13-0.

Vance Jackson scored Brevard's lone counter which won the game, in the second quarter when he took a pass for 15 yards, trotted the remaining five. Jackson played an extra good game at end. Other outstanding players were: A. B. Galloway at center, Misenheimer at quarter, and Wright at the fullback position.

The Midgets won again Tuesday afternoon when the Hendersonville team came here for a return game, by the score of 12-7. All three touchdowns were made in the first half, and the visiting eleven pressed the Brevard Midgets hard in the second half, but were held at bay by dint of hard play and a few "lucky breaks" of the game.

Brevard High Loses To Hendersonville

Seemingly unable to get going against their heavier opponents, the Brevard high school eleven closed their season at Hendersonville last Friday afternoon, and lost by the one-sided score of 35-0.

A large group of Brevard fans went with Coach Tilson's players to Hendersonville, and saw the defeat handed them by a better coached team than the one the boys here have been playing against for the past several years when Brevard has come off victor.

Two first downs against Brevard's five were rolled up by the Hendersonville power house and other departments of the game were led by Hendersonville. "Another year, and we'll show 'em" is the attitude the locals took as they returned just a mite downhearted, and their optimism is shared by fans here who have seen the boys show great improvement during the year.

FINE RESPONSE FOR RED CROSS APPEAL

Twenty Brevard Firms Are Again On 100 Per Cent "Roll Of Honor"

Jerry Jerome, chairman of the Red Cross Roll Call, reports that the quota of 200 memberships for Transylvania county will again be reached this year, judging from the response made last week.

Several firms in Brevard have taken out memberships for each of the staff members, and individuals who have been contacted have been courteous in every respect, and withal interested sufficiently to invest one dollar and more in the movement for support of "The Greatest Mother on Earth"—The American Red Cross.

The following firms are already listed as "one hundred per centers"—with memberships being taken out for each member of the firm:

Pisgah Mills, A. W. Wheeler and Son, McCrary Real Estate and Insurance company, The Transylvania Times, Brevard high school, Duke Power company, Main Street A & P, Wilkins Insurance agency, B & B Feed company, Transylvania Trust company, Long's Drug store, Macfie drug store, Hayes Motor company, United Variety store, Duckworth Motor company, Dixie Stores, McCrary Auto Service, Walker Insurance agency, Carr Lumber company, Brevard Insurance agency.

While a thorough house to house canvass will not be possible, Mr. Jerome requests that any one wishing to join the Red Cross may obtain membership cards at the office of the Building and Loan, or The Transylvania Times. Girl scouts will be on duty in the lobby of the Transylvania Trust company on Saturday morning for the convenience of those who wish a membership, or a telephone call to either Number One or Number Seven will bring a representative to the home or place of business.

Transylvania county has "gone over the top" for a number of years in securing its quota, and is listed each year in the honor roll of counties which secures its quota. This has been made possible by reason of the fact that a large number of people seek out Mr. Jerome and take memberships, and also the general feeling of interest in the work in this county.

Several schools of the county are listed each year in the one hundred per cent column, and they are again expected to come through in the roll call this year.

Fifty cents out of each membership of one dollar collected remains in the Transylvania chapter's treasury for work in the schools and other worthy causes which the executive committee headed by Jos. S. Silverstein deems to be meritorious, and the other fifty cents goes to the national headquarters where it is used in relieving suffering, taking care of catastrophe victims and otherwise doing service in the organization that is ready at all times to go where most needed.

Nearly All Business Lines "Stepping Up"

NEW YORK.—Industrial activity has climbed back to the 1929 level, moving out of the 1930 range in the last week. The Associated Press index rose to 88.0, from 97.0 a week ago, and 83.4 in the same period last year.

Gains were general, only cotton manufacturing activity dipped from the previous rate. Analysts pointed out in this connection that cloth fabricators had been easing operations slowly since early August as the edge was taken off the enormous demand that swept production upward.

Freight carloadings advanced contrastingly, pushing the index to a new top for the year. Substantial declines in ore and less-than-carlot movement was more than offset by a sharp boost in miscellaneous freight and coal shipments.

Production of 1937 model automobiles stepped ahead smartly as the recent auto shows reported unexpectedly large orders for new cars.

Steel mill operations inched higher, with demand from auto makers, railroads, and miscellaneous categories steady. Electric power output nudged up to within a fraction of its recent historic peak.

Lunch Room Donations

Appreciation has been expressed for recent donations to the Brevard lunch room. Mrs. T. J. McGehee, of Macon, Ga., and Brevard, sent a cash donation, and Mr. and Mrs. T. H. Shipman and Mrs. L. E. Bagwell gave liberal donations the past week. These contributions will be used for the special Thanksgiving dinner to be served the school children on Wednesday. Miss Jackie Clayton, supervisor, states.
