

BAPTIST CHURCHES TO MEET HERE NEXT WEEK FOR 2 DAYS

Transylvania Association To Convene Wednesday; Prominent Men Coming

Plans are complete for holding the annual two-day Transylvania Baptist Association, which meets at the Brevard church on Wednesday and Thursday of next week, August 11-12.

Representatives from the 24 Baptist churches in the county, visitors from other sections, and leaders in the church and church institutions will attend the sessions which open Wednesday morning at 9:30 with the Rev. Yancey C. Elliott and the Rev. M. L. Lewis in charge.

Ladies of the Brevard church are planning to serve lunch on both days of the association to the delegates and visiting church members, who will be given tickets to the lunch each day upon registration.

Program outlined by the Rev. Mr. Elliott will be as follows:

Wednesday—Devotionals, Rev. Yancey C. Elliott; business; Baptist hospital, W. Holtzclaw and Smith Hagaman; B. T. U., Hubert Batson and Nathan C. Brooks; sermon; luncheon.

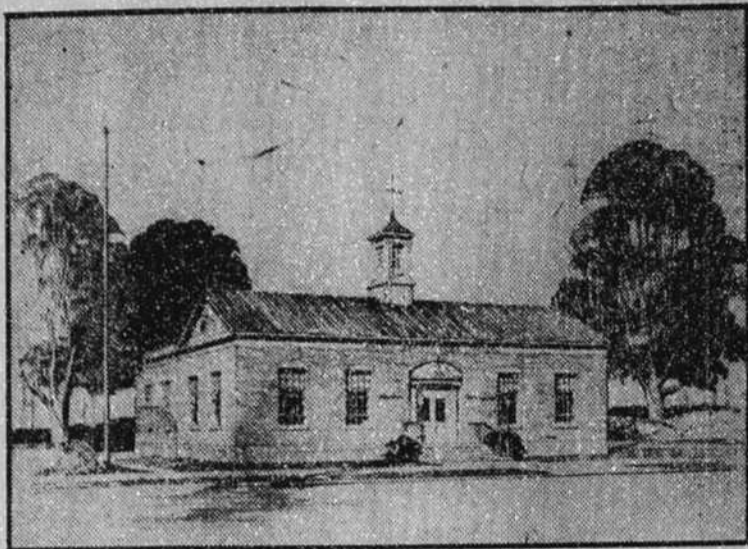

Afternoon—Devotionals, F. H. Holden; condition of churches, C. E. Campbell; W. M. U., Mrs. Eli Huggins; Cooperative program, T. C. Henderson and M. A. Huggins; adjournment.

Thursday—Devotionals, Nathan Chapman; orphanage, C. W. Hilleman and P. D. Covington; religious literature, R. J. Lyday and W. R. Beech; Sunday school, N. L. Ponder and L. L. Morgan; incidentals; luncheon.

Afternoon—Devotionals, Clyde S. McCall; Christian education, M. L. Lewis and R. L. Moore; temperance and public morals, E. J. Coltrane and Mrs. M. H. Holliday; reports of committees; adjournment.

M. A. Huggins, state secretary of missions; Nathan C. Brooks, state secretary of young people's work; Dr. E. J. Coltrane, president of Brevard College; Dr. R. L. Moore, president of Mars Hill College, and other prominent speakers will take part on the program during the two-day session.

New Postoffice Building In Catawba County

Down at Newton, hustling county seat of Catawba county, Uncle Sam is building a new postoffice, and will equip it to serve the patrons of that wide-awake community in a way that will be pleasing to home-folks and visitors alike. Brevard asked the congressman many years ago, since and often, to secure a building for this community, and has been asking over and over again. "There are still hopes."

Farmers and Business Men To Make Transylvania Farm Tour

Transylvania's first County Farm Tour will be made next Wednesday, when a large group of farmers and business men, together with their wives, are expected to visit a number of farms in the county.

The group will leave the county agent's office at 9 o'clock in cars, and will visit among other projects—corn, purebred beef cattle, soy beans, and public land improvement, buter bean field, and Brevard College farm where hog feeding and model farm stock improvement program is being carried on.

Each person going on the tour is expected to bring a basket lunch, which will be spread at the noon hour. Music for the dinner hour will be furnished by Wallace Galloway and his string band.

County Agents Glazener and Maness stress the fact that they are inviting all farmers and their wives, as well as business men to go on the tour which will be a revelation to many of the local people.

Similar tours are being conducted throughout the state by county agents.

Four-Family Reunion At Blue Ridge Sunday

Blue Ridge church near Cedar Mountain, will be the scene of a large family gathering next Sunday, August 8, when members of the Jones, Bishop, Burns, and McCrary families and their friends will meet for the annual family reunion.

The program will start at 10 o'clock Sunday morning, recess for picnic lunch at the noon hour, and reconvene about 1:30. Short talks and music will be featured. All who attend are requested to bring full dinner baskets to be spread picnic style.

Merrill Reunion Set For Sunday, Aug. 15

Annual Merrill reunion will be held at Fletcher high school on Sunday, August 15, it has been announced by D. F. Merrill, of Easley, who is president of the organized family group.

The program will begin at 10 o'clock and will consist of musical numbers by different groups of the clan, an exhibition of family heirlooms, short speeches, and a picnic dinner at the noon hour.

Prizes will be awarded to the groups for programs rendered, and for exhibitions of old Merrill keepsakes. A special room will be fitted up at the meeting place to care for the antique show.

ADVERTISING Dangerous Proposition BY CIRCULARS

Business firms who try to do their advertising by circulars and poster distribution are running the risk of being sued for damage, causing accidents and probably getting someone killed.

Young chap here last Saturday came near losing his life when he took off in an airplane to distribute hand bills. His plane crashed, his hand bills were scattered about on the ground in the woods, and the damage to personal property must have amounted to six or seven hundred dollars, to say nothing of the severe injuries to the young man.

The Times goes into most EVERY home in the county, and people pay for it year after year because they want to read it. We suggest that columns of The Times be used to get the best possible distribution of sales messages, and at the same time save money.

McKenna-Simpson Reunion

The McKenna and Simpson reunion will be held at the Boylston church the first Sunday in September. All members of the two families are invited to attend and bring well filled picnic baskets. An especial invitation is extended to the church members to join in the reunion.

Two Crews Starting Work Next Week Surfacing 284

Work of surfacing State Highway 284 in Pisgah National Forest will get underway next week, with a crusher having already been set up and call issued for 80 Transylvania laborers by the employment office here.

The Ragland Construction company of Louisburg, which company also is building the "top link" of the highway to Wagon Road Gap, is laying the surface on the stretch that has been graded from the mouth of Looking Glass creek.

Contract calls for a 20-foot surface of six-inch compact crushed stone, with a 23-foot roadbed. Surface treating of the project will be completed later by the state.

Two shifts of workmen are to be employed on the surfacing job, according to Gus Ginn, in charge of

the construction job, with 40 men working six hours in the morning, and 40 in the afternoon.

The crusher has been set up near Looking Glass falls, and first stone will be laid from the quarry site toward the Looking Glass bridge.

J. C. Walker, district engineer, for the state highway department, was in Brevard last week, and told a Times representative that it was plans of the commission to let the lower link of 284 at an early date, which will complete the 17-mile link from the Boylston road at Davidson River to Wagon Road Gap.

G. G. Page, local engineer for the state on the construction work, said Wednesday that all surveys had been made on the lower link of the highway and turned in to the Raleigh office.

Board Equalization To Meet August 16th

The county commissioners will sit as a board of equalization at the court house, on Monday, August 16, to hear complaints from tax payers pertaining to the re-assessment.

Held primarily for residents of Gloucester, Hogback, and Little River townships, the board will hear any taxpayer during the day.

McGuire Family Will Meet at Enon Sunday

The annual McGuire family reunion will be held on Sunday, August 8, at the home of Mr. and Mrs. P. E. McGuire in the Enon section.

It is expected that from three to four hundred relatives and friends will attend the family meet, and all are requested to bring well filled dinner baskets.

Bill Warren Wins Golf Handicap Tournament at Brevard Municipal

Bill Warren was low score man in the Brevard Municipal handicap golf tournament which was played off on Tuesday of this week. Mr. Warren's score was 46 and 46 for a total of 92, and his handicap was 18.

All Kyle was second with net score of 63. He had a 62 and a 60, with a handicap of 27.

Ernest Tilson and Tom Whitmire tied for third place with 72. Tilson made 58 and 66 with a handicap of 26. Whitmire made 48 and 52, with a handicap of 14.

Twenty-three entered the tournament. "Big score" was so big that Ed McCoy, manager of the course, refused to give it out for publication.

Plans are being made for another tournament to start within the next two weeks.

Brevard College Outlook Points To Large Enrollment; Improved Course of Study To Be Instituted

MILLS RIVER PEOPLE OPPOSE ROAD ROUTE

Object to Relocating Boylston Highway Near Intersection of No. 191

Residents of the Mills River section are protesting the proposed re-routing of highway 280 (Boylston road) where it enters number 191 south of the Mills River bridge, and have applied to the Henderson county commissioners for aid in their fight.

Under proposed routing of the road, as posted by the state highway commission in the Henderson and Transylvania county court houses, the relocated road will leave 191 some distance south of the Mills River bridge, hence the kick.

Plans announced several days ago by Highway Commissioner E. L. McKee of Sylvania, call for relocation and surfacing of the Boylston road during this fiscal year.

Henderson and Peek Reunion August 14th

The annual Henderson-Peek reunion for 1937 is to be held at Vanhook Glade camp ground in Macon county on U. S. highway 64 between Highlands and Franklin, on Saturday, August 14.

Large numbers of representatives and relatives of the Henderson and Peek families are expected to be present from Western and Central North Carolina, Virginia, Georgia, South Carolina, Tennessee and other sections of the country.

The program will consist of the annual address at 11 o'clock by T. C. Henderson, with an impromptu program in the afternoon.

It is expected that the lunches, which are supposed to be taken by all who attend, will be spread together on the tables which are on the camp ground.

The officers for the Henderson-Peek reunion for this year are: President, Charles W. Henderson; vice president, Zachariah Peek; secretary, Miss Amy Henderson.

Free Vaccine for Children

A typhoid and diphtheria vaccination campaign will be put on in Transylvania by the county health unit, beginning Monday, August 9, and continuing for four weeks—through September 1.

The county health officer and his assistants will observe a schedule which will enable all people of the county to send their children to the clinics at least inconvenience, and the treatment for typhoid is being given free of cost.

For the diphtheria vaccination, a charge of 15 cents will be made to cover minimum cost of the vaccine to the state board of health.

Dr. Windley, health officer, will be assisted in the vaccination work by Dr. C. N. Sisk, district health officer, and by Miss Edith Bunton, Transylvania health nurse, and E. L. Hinton, sanitary officer, either of whom are qualified to give the vaccinations.

This county has been free from typhoid fever except in rare cases for several years, due in great part to the fact that vaccinations have been given. Likewise diphtheria has been minimized here through cooperation of some of the doctors and the Brevard Kiwanis club. However, it is pointed out that the vaccinations given against diphtheria except in the Connestee-East Fork sections, was several years ago, and the need for immunization of children against diphtheria is imminent.

Children between six months and twelve months of age should be treated against diphtheria the health officer points out, and again at two years of age the vaccination should be given. Older children, especially up to twelve years of age, should have the treatment also.

The following schedules will be followed by the health workers, and it is pointed out that promptness in meeting the health department officials is essential:

Mondays, August 9, 16, 23, 30
Lake Toxaway, 9:00 a. m.; Quebec school, 10:00 a. m.; Sliversteen school, 11:00 a. m.; Balsam Grove school, 1:00 p. m.; Rosman school, 2:00 p. m.

Tuesdays, August 10, 17, 24, 31
Little River school, 9:00 a. m.; Penrose school, 10:00 a. m.; Pisgah Forest school, 11:00 a. m.; Selica school, 1:00 p. m.; Connestee school, 3:00 p. m.

Wednesdays, August 11, 18, 25, Sept. 1
Rosenwald colored school, 9:00 a. m.; Brevard Health Dept., (Tinsley building) 2:00 p. m.

In Mayor's Court

Only two cases were tried before Mayor A. H. Harris on Monday night, leading to the belief that the "cash and carry" plan is doing good. Both cases were for public drunkenness—one paid \$9.05, and the other \$10.25.

BTU Revival To Be Held During Week

A revival for young people in the Baptist churches throughout the county will be staged during the coming week, with Nathan C. Brooks of Raleigh, and a group of 14 young people's workers spending that period in various churches of the county.

A similar program was carried out in county churches last summer, with decided improvement being noted in church activities following close of the county-wide revival.

Assignment of workers to the several churches is expected to be completed Thursday or Friday.

'NIGHT RIDERS' GET MANY BREVARD DOGS

Dangerous Methods Are Used By Poison Crew Here Last of Week

The Night Riders were in Brevard Friday night of last week, and left in their wake a lot of irate adults, and a number of sad-faced children.

Reason for the sad children and the angry old folk was the fact that 15 to 20 dogs were poisoned during the night, and those that did not die during the night, succumbed the next day.

The city sanitary department was checking up Tuesday, finding an extra dead dog here and there, and on the outlook for others. There is no way of knowing just exactly how many dogs died from effects of the poison, but there were enough threats made Saturday by owners of dogs that had been contacted by the poisoners to have slain an army, had the threats all been made good.

Method used for poisoning the dogs was to take a weiner (hot dog) and place a small amount of strychnine in it, and toss it where a dog would be most apt to find it. Some of the extra weiners that were not eaten by dogs Friday night were examined Saturday morning by Dr. E. S. English who said that the poison used was strychnine.

Some of the dogs killed were valuable, while others were of more or less nondescript types. Chief of Police Freeman said Wednesday that he was working on the case, but that he had no evidence so far which would pin the blame on any particular party.

Water Rent Question Gives Board Headache

It seems, from reports made at the board of aldermen's meeting Monday night, that people "just forget" to pay their water rent, and drastic steps were ordered by the board to remind such consumers of the fact that water rent is due to be paid "on or before the tenth of the month" in advance.

A full time man is to be employed, given a cut-off wrench, and a list of delinquent water consumers, and told to get the money.

County Tax List To Be Advertised 12th

At the meeting of the board of commissioners Monday the delinquent tax list for 1936 was ordered published, and the property sold on the first Monday in September.

Tax Collector Lem Brooks will turn the list of delinquents over to the newspaper Thursday for publication, and any taxes which have not been paid by Monday night of next week will be advertised.

Publication of the town of Brevard list will be made on August 19, and sold on the second Monday in September.

At Lyday Hospital

Patients reported at Lyday Memorial hospital on Wednesday were: Miss Anna Patton, Miss Thelma Hubbard, Miss Velma Sharpe, Mr. Knight and Eugene Duckworth.

IMPROVEMENTS ARE BEING MADE; MANY REGISTRATIONS NOW

New Sidewalk Laid and New Residence For Faculty Built On Campus

Brevard College campus is alive with students who are working on college credits, many of whom expect to graduate at the end of the summer quarter, August 25.

In addition to the regular students there are about forty young men from various parts of North Carolina who are doing special work under the auspices of the National Youth Administration. Several young men working under the direction of Grady W. Campbell, director of student labor, and Thomas Palmer, director of construction, are putting buildings in repair and erecting a new residence east of the college campus. A sidewalk extending from French Broad avenue to Whitmire street, the entrance to the college grounds, has been completed. Under present plans Whitmire street extending directly in front of the Administration building will be closed, and a new

AIRPLANE CRASHES IN TOXAWAY SECTION

Asheville Flier Severely Injured and Plane Damaged Saturday Afternoon

M. D. Chunn, Jr. of Asheville, was severely injured and only escaped death by a miracle when an airplane which he was piloting crashed Saturday afternoon near Oakland, about 100 yards from the highway.

According to eye-witnesses of the crash the young flier was flying very low, just above the tree tops, and when he attempted to pull the plane up too quickly the motor stalled and he nosed over. The fact that he was near the ground probably saved him from being killed, as the impact of the plane in the soft woods earth was not so heavy.

Mrs. Dee Scruggs of Charlotte, who was spending her vacation in one of the McNeely cabins at the old state-highway camp ground on the Oakland highway, said that the plane was extremely low just before it crashed. She was attracted to the yard by the nearness of the plane, and just after catching sight of the airship it seemed to try to go up, halted and nosed over. Chunn was pulled from the plane by Frank Fisher who was near the scene of the crash, and was taken to the offices of Dr. J. E. Osborne at Rosman where he was given treatment, and later removed to his home in Asheville. He was removed to Aston Park hospital Sunday where it was found that he had a broken right knee, and was suffering from deep cuts in both legs.

Young Chunn, who is employed at the city hall in Asheville, was at Brevard with several other pilots Saturday, staging an airshow and taking up passengers. When he crashed he was distributing advertising circulars for the show.

The plane, a Rearwin monoplane, was considerably damaged. The propeller was smashed, wings torn, and the fuselage in bad shape. The plane was removed Sunday by Hogsd's Garage at Rosman. The plane belonged to Ralph Greenwood at West Asheville.

Lightning Kills Cow

Lightning killed a cow belonging to Jim Merrill, of the Little River section, last Thursday afternoon. The cow was in a pasture near the Merrill home when the severe electrical and rain storm passed over that section.

Flower Show Will Be Held Friday Afternoon, Evening

Plans are complete for the flower show to be held on Friday of this week in the civic club room. This is an annual event sponsored by the Women's Civic club, and is open to all flower growers in Transylvania county. The show will be open to visitors from 1 o'clock until 10 o'clock in the afternoon and evening.

Mrs. Bradley Morrow and Mrs. W. C. Cleveland, of Greenville, will judge the exhibits, which will include the most popular annuals and perennials, as well as a number of recent flower introductions. Mrs. Morrow is president of the Overbrook Garden club, and Mrs. Cleveland is a prominent member of the Greenville Garden club. They are authorized judges from the South Carolina Garden club. During national garden week, both Mrs. Cleveland's and

Mrs. Morrow's gardens were included in the Greenville garden tour.

The flower show committee has arranged to furnish containers for all specimen classes, but each exhibitor must furnish his own container in all arrangement classes.

The club room will be open from 8 o'clock until 11 o'clock Friday morning to receive exhibits. The doors will be closed promptly at 11 o'clock, and no flowers will be received after that time, as the judges must make their decisions between 11 and 1 o'clock.

Four beautiful prizes are to be awarded to the exhibitors winning the greatest number of points. A prize of one dollar will be given for the best arrangement by a child of school age. These prizes are on exhibit at the Quality Beauty Salon on Main street.

Real Estate Mart Active

Real estate in Transylvania county has been moving very rapidly, comparatively, during the past six months, with special activity inside the town limits of Brevard.

Agents here report increased interest in residential and business properties, with local residents and visitors buying improved properties. Several farms of the better class have also changed hands during the past six months.

Register of Deeds Eck Sims states that fees from real estate transactions are running very heavy, with a total of \$140.85 having been paid in during July. For the past seven months the total fees collected amounted to \$1447.80.

Rosman Ag Boys Take Trip To Washington

ROSMAN, Aug. 4.—Fourteen members of the Vocational Agriculture class of Rosman high school, together with their teacher, B. L. Lunsford, are on an extended tour this week, going to Washington, D. C., Maryland, and Delaware.

The following boys are on the trip: Herbert Fisher, Cecil Fisher, Owen Lee, Ray Beddingfield, Roy Beddingfield, Charles McNeely, Harold McNeely, Preston Brittain, Rass Whitmire, Tom Rogers, J. R. Breedlove, Robert Whitmire.

To Clean Cemetery

Announcement is made that an all-day working will be held at Oak Grove cemetery, North Brevard, next Tuesday, August 10, for clearing off the graves and putting the property in better shape. J. M. Meece, chairman of the works committee, requests that all those who have friends or relatives buried in the cemetery come to work early in the morning and be prepared to spend the day if necessary, and to bring tools for working.

Smilin' Charlie Says

"I'd like to make my paper read like the truth, and still have the pep of a gossip tale," said Editor Ab Binks today.
