BIBLE THOUGHT
 THE PURE WORD OF GOD: Thy word is very pure; therefore thy servant loveth it.—Psalms 119:140.

NO HEAD LOSING WANTED HERE

This community is on the eve of an industrial expansion which is greater in comparison than any of its neighboring counties, and the warning is, we consider very timely, to the effect that our folk don't "lose their heads."

We will not be the Utopia, even if the new development is to be of great magnitude. Business conditions here will improve by reason of industrial expansion, but it will not warrant mushroom activity, and the sincere hope is expressed that our people will not get the misconception which seems to be prevailing here that this will be the land of perfection, and that no more will there be need for looking forward with sanity.

There WILL be increased employment; there WILL be a bigger payroll here sometime within the year; there WILL be jobs for some of our people who have been wanting to work for the last several years and have been denied this privilege—but again, it WILL NOT be a Utopia.

There will be jobs for some of our folk in Brevard and Transylvania county within a few weeks, but we are assured that "home folks" will be used by our now "home folk" corporation, and those who come from "outside" looking to find employment will probably be sadly disappointed.

"Higness of the industrial project is not an assumption—it is real—but it is not so big that the man who owns a house can jump his rents overnight, and the man who has real property for sale can say "This is a gold mine, because we're getting a payroll."

Let's be sarely happy over the good luck which is coming our way.

HAPPY HAPPY HAPPY

The word happy tells exactly how The Transylvania Times and all the people in our county really are at this time.

Because Nature provided us with clear, pure water, an ideal valley, and good people, this community is to be the home of the Ecusta Paper Corporation's new plant.

The Transylvania Times is a happy newspaper because it has had much to do in bringing about a realization of the dreams of our leaders for years—building of an industry of huge proportions on Davidson River.

Harry Patton is a happy man because he has worked hard, long, and without a cent of pay, and spent hundreds of dollars in doing the things that were necessary to "put the house in order" for the new concern to come here.

All our business men and civic-minded citizens are happy because most of them at some time during the past five months have contributed of their time, their money, or their influence in bringing something good to the community.

The work has been a labor of love for the two men who spent most of their time for several months, and much of their cash on the project and have done so at their own expense with no hopes of any remuneration other than to see the community a more prosperous place for all to live.

The new corporation's officials are happy because they found here an ideal location for their plant, and they are happy, too, because the people here have been very cordial to them, and have given them the assurance of a mutual co-operation which will be pleasant, beneficial, and fruitful for all concerned.

Everyone in the county should be happy because we have been favored by such a fine group of business men as compose the Ecusta Paper Corporation, who have been very gracious in their dealings with the local people, and who will, we are assured from past connections, continue this fine spirit. "Happy Days Are Here Again."

SQUIBS AND SQUAWKS
 Owe Mrs. Knox DeLong an apology for an omission in the paper two weeks ago—she worked all winter and spring for The Times, and then through oversight was snubbed by the "old man of The Times." Sorry, and promise to do better in the future.

Um-m-m, Beer-Barnes circus wasn't such a thriller, but at least it was clean, which is far more than could be said about some of the tent outfits that have been here in the past.

Big black bear at the circus had a lot more sense than some of our folks hereabouts. An' although, he was "at the circus," he stayed sober as a judge. For that matter, don't believe there was a drink at the night performance.

Never-the-less I'm "agin-it" bringing the tented organization to Brevard. Maybe I'm getting old fog-eye-ish, but when I see so many folk around trying to eke out a living, I hate to see a dollar leave the community.

Cherries and strawberries are ripe in South Carolina—had proof of it Sunday night when Memory Mull brought me a basket of the delicious fruit off the vine and the tree, and a cherry tree limb hanging thick with red ripe to prove genuineness.

Hitch-hiking is not such great fun by oneself—ask Rabbi Wrubbel who tried it Sunday morning.

Quintuplets born Saturday in Transylvania—but they were baby bulldogs. Miss Rr-th McCall pulled the smart crack on the "old man" to get him awake Sunday morning—and just when I thought I had the ONE big news story of all my life, she furthered the information that the five babies were dogs belonging to Dr. R. L. Stokes. Anyway, it was a break in the monotony of things.

Pulled my worst boner of the year Sunday. Down at Virge McCrary's fine country home, and after looking around a bit, asked him: "Where do you get your water from?" Any nit-wit ought to have known that Virge McCrary would have a drilled well . . . I do now, because he told me in no uncertain terms.

Congressman Lee Whitmire took time out Sunday to do the "old man" a great favor . . . one of those kind that makes a chap want to get out and hustle for a man, especially when he's running for office. Lee can certainly add one more friend to the large list he already has in his old home town.

The pasture on the other side of the fence always looks the greenest—but there are some swell fellows around Hendersonville—makes it a good town.

Miss Daisy Orr was the first person to way back when yrs truly had the (???) idea that newspaper business was THE thing of all things, so naturally the item in last week's paper to the effect that she is now Mrs. H. T. Headrick holds much interest for me. Incidentally, Miss Daisy has been able to put up with all my shortcomings, and the paper is still going to her . . . paid for regularly, and I hope—enjoyed.

New paint going on Main street buildings, adding every day to the nice, looks of the town . . . Bradley's, Farmer Supply, Variety Store, City Market . . . all on Main street . . . Amen, dear brethren, Amen! May there be many more.

Think I'll have The Times office painted, looks so good on other people's places . . . A. B. Owen, who does the job for me every time it's done suggests that I use a "baby blue" and a cream white . . . wonder how that sounds to the folks who subscribe and really own the paper?

Remarkable how well lot of people are responding to the Clean-Up, Paint-Up drive . . . who said our people were lazy or slothful?

Things look lot brighter for this county . . . the "old man" is proud, very proud that things are turning out nicely for us, and especially am I proud of the fine spirit of co-operation that most of our people have shown during the last several months.

Two "brand new" cafes—the Canteen, and Galloway's . . . Clyde moved across the street next to Plummer's new store and "Doc" moved to the Picklesimer-Ramseur place just across the street . . . both fixed up nice . . . good eats, and both have good coffee—I know.

Mark Bagwell brought an egg in this week that has the facsimile of the Alf Landon Sunflower which loyal Republicans wore two years ago. But Marcus said reason for that was, he had been feeding the hens sunflower seed, and that he hadn't changed his politics.

Brevard Teams Play On Foreign Grounds

Both Brevard industrial league teams will play away Saturday afternoon, with the Tanners playing at Sayles, and Pisgah Spinners playing at Green River.

The Tanners were idle last Saturday, while the Spinners were defeated by Hendersonville in their first start here 15-4.

Special College Service
 Special religious services have been in progress at Brevard College two days this week, conducted by the Rev. J. G. Huggin, of the Waynesville Methodist church. Morning and evening services were held on Tuesday and Wednesday, with the visiting pastor delivering forceful and inspiring messages at each of the four services.

We needed two more loads of sand which we hope some one will volunteer to haul. We also planted a fine lot of flower bulbs and seeds. We now hope some one will suggest a working on the cemetery at Lake Toxaway Baptist church.

Vocational Teachers Plan W.N.C. Outing
 (By J. F. Corbin)
 The Henderson-Transylvania county group of Vocational Agriculture teachers held their April meeting in the Brevard high school on April 26th.
 E. T. Frisbee, chairman, presided and M. E. Nestitt, W. A. Franklin, and R. D. Bruce were on the program to tell how they teach agriculture. Each of these three men attempted to outline in a few minutes the main points used and the subject matter presented in their program giving the methods to the men and boys in their communities.
 Each community presents a different problem as well as each student in a class. Also each teacher has his own methods for doing things and when these are all brought together there is room for plenty of discussion. It seems to be a fact that agriculture teachers meet more often, stay longer and have more to say than any other group. But that is natural since there is more to farming than any other subject.
 Tal H. Stafford was present and told about the Young Tar Heel camp that is to be open this season near Bannockville for the first time. The Y. T. H. F. camp at White Lake has been in operation for a number of years and now there is to be one in the mountains, so the Eastern Carolina boys can come to see how we make a living in these hills.
 At the close of the business meeting the teachers joined their wives and Mr. and Mrs. J. A. Glazener, R. T. Kimzey and Mrs. Stafford at the home of R. J. Lyday for dinner.

Mrs. Roxie E. Blythe Died Saturday Night
 Mrs. Roxie Evans Blythe, 65, widow of Judge O. V. F. Blythe, died suddenly at her home in Hendersonville Saturday night, death being due to a stroke. Funeral services were conducted Monday afternoon from the First Baptist church in Hendersonville, with interment in Oakdale cemetery. The pastor, the Rev. Broadus E. Wolf, officiated.
 Mrs. Blythe was a daughter of the late James L. Evans, of Henderson county, and Mrs. Louisa McCall Evans, a native of Transylvania county. Her husband, who died several years ago, was widely known in Western North Carolina.
 Surviving is one daughter, Mrs. Eva Blythe Rice, of Hendersonville.

IN MEMORY
 Of B. J. Glazener
 Who passed away one year ago, the 2nd day of May.
 Another year has passed and gone.
 One to me so sad and long.
 For it has been one year today
 Since my dear daddy passed away.
 I'll never forget that Sunday night
 I sat by his bedside, still and quiet
 When the angel of death was hovering near
 To take the one we all loved so dear.
 In memory I can see him yet
 As he lay on his bed, I can't forget,
 But I know that now he has no pain,
 And that some day we'll meet again.
 —A Daughter.
