

### Loan Fund Committee Named By Kiwanians

The Rev. C. M. Jones, Ralph H. Ramsey, and C. E. Buckner were named loan fund committee for the Kiwanis Loan Fund at the meeting of the club held last Thursday.

This committee will have charge of all arrangements in making of loans to Transylvania County high school graduates who wish to enter Brevard College but do not have the necessary funds.

The committee will also head the group which will receive donations to the loan fund, and will have oversight over all activities for a period of one year. Next August one new member will be named, making the committee perpetual as to two members in the hold-over manner of appointments.

The Kiwanis club made a donation of \$75 to the loan fund, which is ready for lending at this time.

C. S. Hinds, secretary of the St. Petersburg Kiwanis club drove down from Franklin in order to make up his attendance at the local club.

Mr. Palmer of Florida, was a guest of Julian Glazener, and Marvin Ortlip, of Philadelphia was a guest of Charles Jones.

The Rev. A. D. Sargis of Philadelphia was guest speaker, and told of some of his experiences in Cow Creek, Kentucky, where he served as mission pastor for 18 months. The naturalized Persian man who is a minister of the Presbyterian church, said that the Cow Creek natives were misunderstood, and that some of the highly colored articles written by un-knowing writers were for the most part false.

### Marker Unveiled at Davidson River For Pioneer Valley Man

A large number of descendants, interested friends and members of the Brevard and Hendersonville chapters of the D. A. R. attended the marker unveiling ceremonies for Benjamin Davidson, Revolutionary war soldier, at the Davidson River cemetery Sunday afternoon.

The ceremonies were sponsored jointly by the Waightstill Avery chapter of Brevard and the Joseph McDowell chapter of Hendersonville. Mrs. R. P. Frazer, regent of the Hendersonville chapter, presided.

Those taking part on the program from the local chapter were Mrs. Coleman Galloway, regent, Mrs. Thorvald Berg, district D. A. R. director, and Mrs. J. S. Silversteen, state D.A.R. official.

W. R. Kimzey, of Brevard, a Davidson descendant, read the biographical sketch, and his granddaughter, Carolyn Kimzey, a descendant of the sixth generation, unveiled the marker. A wreath was laid on the grave by Anne Osborne, daughter of Mr. and Mrs. Lee Osborne, of Hendersonville, also a member of the sixth generation. Rev. W. S. Hutchison, pastor of the Mills River Presbyterian church, pronounced the invocation.

### St. Louis Doctor Is Transylvania Visitor

"Time is all too short to see the many things Transylvania has to offer" said Dr. F. E. Jacobi of St. Louis, who has been visiting here for the past week. Dr. and Mrs. Jacobi have been visiting Mr. and Mrs. R. L. Hogsed at Calveet, and have taken numerous trips during their short stay here. Dr. Jacobi, who is a leading practitioner in St. Louis, said that he planned to return next summer for an extended visit.

### MUNICIPAL SURVEY BE MADE IN TOWN

#### Records of Towns and Cities Will Be Summarized By Central Group

Brevard will be one of more than 300 towns and cities participating in the WPA survey of municipal government sponsored by the North Carolina League of Municipalities and the Local Government Commission, Mayor A. H. Harris announced yesterday.

The Mayor is a member of a statewide committee of municipal officials who will assist in the survey, and has been appointed chairman of a local administration committee.

City Clerk Alex H. Kizeer has been appointed secretary of the local administration committee, the mayor said. Members of the committees were named by Mayor Ben E. Douglas of Charlotte, president of the League of municipalities.

Members of the local administration committee, in addition to the mayor and the city clerk are: B. H. Freeman, Ralph H. Ramsey, attorney, J. S. Bromfield and A. M. Case.

One to six WPA research workers will begin collection of information here sometime soon, the mayor said. The work will continue for several months.

Research workers will transfer information from city records to a 150-page schedule of forms which covers every phase of municipal government. Tabulations and analysis of data will be made by the project's staff of experts at Raleigh and Chapel Hill.

Each municipality, the mayor said he had been informed, will be thoroughly studied by the survey workers. Data will be collected and analyzed on points of personnel and of the powers, duties, and limitations of officials. Each department of city government will be charted upon basis of practices and policies.

Special attention will be given to financial procedures and tax structures. Information for purposes of analysis will be collected on public works, municipally-owned utilities, and on costs of construction and maintenance of municipal properties.

Important information concerning crime, mortality rates, and health statistics will be obtained for study in relation to expenditures for police protection, and in relation to education and municipal recreational facilities. Police and fire departments, and traffic problems, will be detailed.

The experts of the project will cross-analyze on a state-wide basis the facts disclosed by the survey in order to evaluate improved practices.

Data on practically every phase of municipal government will be collected here, the mayor said.

The project will employ a maximum of 175 workers, 130 of whom will be taken from the certified relief rolls. The others are technical workers selected by the league of municipalities. Fourteen University of North Carolina professors are among the nationally-recognized authorities who will assist in the analysis and publication of the findings.

### Here-There Over the County

(J. A. Glazener, County Agent)

Mr. and Mrs. W. T. Whitmire of the Penrose community are not only developing a very outstanding flock of White Leghorns, but are becoming interested in developing a small herd of purebred Guernseys. The foundation stock for the Guernsey herd has been started by the buying of an 18 months old registered heifer, Jake's Nellie June No. 518022 bred by L. J. Cairnes, Horse Shoe, N. C.

One of the most modern brooder houses to be found in this part of the state was built by Mr. Whitmire this spring. It will be used this fall and winter as a laying house to take care of the extra pullets that have been so well grown out this year. The original barn loft laying house is being remodeled to look more like an office than a hen house. Mr. Whitmire has celled it, placed modern ventilators and windows in it and is now ready to put down an up-to-date asphalt floor. It is most encouraging to see how this poultry project has grown from a small woodshed beginning two years ago. Other folks in the county are becoming more interested in the value of poultry on the farms and as a good farm enterprise for the smaller farms. It is but one of the items that should be considered in our farm program, but a very important one, and one that should receive far more interest and attention than has been given it.

### Farm Meeting To Be Called at Cullowhee

CULLOWHEE, Aug. 31—At least 500 farmers and farm women are expected to attend the second annual get-together sessions to be held here next Tuesday, Wednesday and Thursday, September 6-8.

The Western North Carolina Farmers' and Farm Women's meeting was organized to solve the problem of people who did not care to attend the Farm and Home meetings each year in Raleigh.

The program will be primarily by dirt farmers and housewives, with several noted leaders from State College, and elsewhere also invited. The program will start at 2 o'clock Tuesday afternoon when Dr. H. T. Hunter delivers the address of welcome.

Accommodations will be provided the visitors at a total cost of \$3.50 each in the dormitories and dining hall. Those who attend only part of the sessions will be provided with meals at 35 cents each, and room in the dormitory at 60 cents per night.

### OLD AGE ASSISTANCE FIGURES RELEASED

#### Transylvania Needy Received Over \$8,000 Through Co-operative Agency

Residents of Transylvania county last year received a total of \$8,636 from public assistance funds, including state, federal and local expenditures to the aged needy and dependent children. Needy aged got \$5,336 and dependent children received \$3,300 in the county.

Eighty-one old people of Transylvania county and 89 children living here were listed on the state office records as having received payments during the month of June, according to figures released this week by J. A. Stewart, auditor of the division of public assistance of the State Board of Charities and Public Welfare.

Total expenditures in the state for the year ended June 30 came to \$2,026,153.22 of combined federal, state and local funds with \$2,209,867.29 spent for old age assistance and \$816,285.93 being given to families with dependent children.

"Public assistance during the past year has meant much to those eligible to receive its benefits in North Carolina," said Nathan H. Yelton, director of the division of public assistance. "Through its aid, four county homes have been closed and five more are in process of liquidation, their inmates to be placed in homes outside the institutions where they will come closer to family life and happiness that is not available to them in institutional care," he stated.

Heading the list of the 100 counties of the state in total amount spent was Guilford with \$218,278, followed by Buncombe with \$151,125.50. Guilford spent \$152,298 for 1,111 old people and \$65,989 for 968 dependent children. Thirty three thousand and sixty per-

### True Facts Gleaned From U. S.

If every American ate one more slice of bread daily, farmers could sell 50,000,000 more bushels of wheat a year. . . . There are 15,240,000 work animals on U. S. farms, or approximately 2.2 per farm. . . . Hot coffee is served in 96.4 per cent of American homes, hot tea in 87.5 per cent. . . . Chain stores pay one billion, two hundred million dollars annually in wages and salaries, with the average weekly wage for full-time employees amounting to \$25.89. . . . From 1915 to 1938 the birth rate in the U. S. has dropped from 25.1 per 1,000 population to only 16.6, a decline of one-third.

### Governor Hoey Was Speaker at Zachary Reunion On Sunday

Governor Clyde R. Hoey was principal speaker at the annual Zachary reunion held at Cashiers last Sunday. The governor built his address around the Plymouth Rock monument inscriptions:

"Faith, Loyalty, Morality, Law," and pointed out these virtues as the need for modern-day America.

Changing the meeting date from Saturday to Sunday was cause for vastly increased attendance, the largest crowd ever to attend. The 1938 meeting will be held last Sunday in August.

T. A. Dillard of Cashiers was re-named chairman and Mrs. J. W. Cole of Cashiers was re-elected secretary and treasurer. A plate was erected to the memory of the Rev. T. W. Holcombe, who acted as chaplain of the reunion for a number of years, and who probably had charge of more funeral rites in the Cashiers cemetery than any other minister during the many years of the location of the historic graveyard.
