Teacher Status Told Of at PTA Meeting

A three-point educational program for improvement of the schools of North Carolina and matters pertaining to home training and citizenship were vital and timely discussion topics at the February meeting of the Parent-Teacher association, held Tuesday afternoon in the Brevard grammar school auditorium.

Principal J. E. Ruffy, speaking on the three-point program for improvement in the schools of the state, told of the legislative measures before the present session of the general assembly at Raleigh, including increased salaries for teachers, teachers retirement fund and adding a twelfth year to the school curriculum. In explanation of these three measures, Mr. Ruffy stated that the teachers are justified in asking higher salaries since the state demands more of the teachers. In defending the retirement fund, the speaker questioned, "If pensions are good for big business and for government, why not for the schools of North Carolina?" Mr. Ruffy spoke of the inadequacy and unfairness to the children of the state in the present school system, which is going backward instead of forward. The P. T. A. organization voted to send telegrams to the finance committee and the legislators at Raleigh to use their influence in having these measures favorably enacted.

C. E. Buckner, dean of Brevard College, spoke on the subject, "Training for Home and Family Life." He stressed the importance of early home training for citizenship and character development, and of the parents' responsibility and attitude in the home as the center from which everything radiates. Included in the routine business, presided over by the vice president, Mrs. C. E. Buckner, was the appointment of the following nominating committee: Mrs. Harold Norwood, chairman, Mrs. Joe Poole and Mrs. T. E. Reid. The second grade won the attendance prize for having the most parents present at the meeting. The prize of notebook paper for each child was donated by the R. H. Plummer Department store. Preceding the program, Miss Bill Aiken's second grade children presented an entertaining play, "Valentine Mystery." The Rev. Yancey C. Elliott conducted the devotionals. The meeting concluded with tea served by the NYA girls in the school lunch room.

LAST BASKETBALL GAMES THIS WEEK

**College Plays Blue Ridge and
Piedmont Here Friday
and Saturday**

Last two home games of the Brevard College basketball season will be played on Brevard high court Friday and Saturday nights of this week. Each game will start at 8 o'clock.

On Friday night Coach Christenbury will send his quint against the Hill-toppers from Blue Ridge, who are coming here to end their successful season.

On Saturday night Piedmont College of Demorest, Ga., will visit Brevard, and while the visitors are representing a four-year institution, the brand of ball the Brevard boys have been playing this year is expected to keep the Georgia quint on their toes during the game.

Tuesday night of next week, Feb. 21, Coach Christenbury takes his charges to Mars Hill where the final game of the season will be played. At last meeting of the two quint Brevard was decidedly the victor, and the boys are going to their old-time foe's home town with a determination to keep their record intact.

On February 23 the Brevard team will enter the state junior college tournament at Gastonia.

To date the Tornado has licked North Georgia, Piedmont, Blue Ridge, Boiling Springs twice, Pfeiffer twice, Catawba "B", Mars Hill, Biltmore twice, and bowed to Belmont Abbey and dropped two games to Lees McRae. So far this season the Tornado has scored 621 points to their opponents 451. From this it is evident that they depend upon a fast, powerful offensive game rather than a close fought defensive struggle.
