Clean-Up Campaign Will Be Waged Here Next Week

Clean-Up Week will be observed in Brevard next week, and from the start that has been made this week, the town will be neat as a pin by the end of the coming week.

Town officials and the sanitary department are cooperating in the annual drive for a cleaner, prettier town, with ladies of the Women's Civic club taking the lead as sponsors.

The town truck will pick up trash and refuse in the four "zones" of the town on scheduled dates, and residents in the four zones are requested to have their trash ready for the truck on the day it is scheduled in the particular section of Brevard.

The zones are laid out with Broad street being the north-south dividing line, and Main street being the east-west line.

Truck schedule calls for Zone 1—east of Broad and north of east Main on Tuesday; Zone 2—east of Broad and south of Main on Wednesday; Zone 3—west of Broad and south of Main, Thursday; Zone 4—west of Broad and north of Main, Friday.

Observing the above dates which the trucks will be in the four zones, residents are requested to place their trash in containers, on the front of their property the afternoon before the truck is to make its rounds. It is necessary to observe this schedule closely, as the truck will be unable to get back over any of the zones.

Request is made by the truck crew that trash be placed in containers where possible, but in any event to have it piled compact, so that loading may be facilitated. There will be no charge for hauling the trash.

Merchants and business men of the town are also lending their cooperation by giving special prices on "clean-up" supplies for the week, and on needed things to help make the homes more liveable after the yards and lots have been cleaned.

Mrs. John W. Smith is general chairman of the Clean-Up drive, with a number of ladies assisting as co-chairmen, and other ladies of the town also lending their aid. The following chairmen have been announced:
