GLANCING BACK AT BREVARD

Taken from the files of The Sylvan Valley News, beginning 1895.

(From the file of June, 1903)

The board of aldermen have had the laws and ordinances of Brevard printed in book form and are going to leave one at each house in the town. There will be no reason for not knowing the laws in the future. The ordinances are well gotten up and cover all the ground necessary, and the board should be congratulated on compiling and adopting so comprehensive and thorough laws for Brevard.

Two of our little folks met with quite serious accidents on Sunday last. Grace, daughter of T. W. Whitmire, in getting out of a carriage in front of her father's house, stepped on a piece of glass and nearly severed one of her toes. A more serious accident befell the son of A. C. Norton, who was playing with a knife and fell, sticking the knife in his eye, and will perhaps lose the sight thereof.

It was a surprise to the many friends of George Jones, when he came home last Monday with his bride. Mr. Jones was married very quietly in Asheville to Miss Nora James on May 17th, and kept his marriage secret until last Monday. She is a beautiful and talented young lady and one of Asheville's most popular daughters. We congratulate George on securing so estimable a wife, and she got an honest and industrious young man.

Owing to the many articles in the News about the condition of Ashworth's lane, it has been worked out and is greatly improved. Robert Neely, the overseer, has good ideas about building roads, and we hope he will secure teams enough to continue in the manner he has started.

Terrell Taylor, who is making his home with Marshall Bryson, reports that James Lanning and his son, who live on Clear Creek in Henderson county, were bitten by a mad dog, on last Monday. Mr. Lanning was attacked by the dog and bitten several times and sent his son after a doctor. On the way the son was attacked by the same dog and bitten on the hand, but he kept hold of the dog and choked it to death. Both father and son left for Baltimore on Tuesday to be treated at the Pasteur Institute. On Saturday evening last, Bonnie May Jones, the 14-year-old daughter of Cal H. Jones, of Asheville, died a horrible death from hydrophobia, caused by a slight scratch on the end of a finger by a pet dog sent her by her brother. Every one should see that their dogs have access to plenty of water at all times, especially in the summer months, which will help prevent the dread disease of rabies.

M. D. Cooper has greatly beautified his property known as Mount Surprise by leveling the top thereof and making it very attractive to the pleasure seeker. The view from the summit is beautiful and is only about a half mile from town. It will repay the exertions of our visitors to walk or drive to the top and see the panoramic view of the mountains, valley and the town.

Elliott Heath and Eugene Lewis, of Cedar Mountain, were in town on Monday and report crops favorable in their section.

The residence of Zero Nichols is fast approaching completion. He inspected it recently and found it is not only a handsome house, but the interior is a model of convenience and artistic design, and the location is superb.

J. Gaston Neill, wife and two children, of the Davidson River section inspected the mysteries of the News plant on Monday.

J. A. Bryson and family have moved into the Rufus England house on Main street. Such additions to our population are gladly welcomed, and we hope they will dwell among us for many years.

Oliver and Norris Hardin spent last week at their summer home at Cedar Mountain. They are reported to be tired of keeping bachelor's hall.

Mr. and Mrs. E. A. Reid were in Brevard on business last week.

Miss Verona Fisher spent a night last week with Miss Louise Rigdon.

Tim Miller, of New York City, was here recently for a visit to his brother, Woodfin, and family and other relatives. He returned by way of Georgia for a visit with his sister, who was the former Miss Effie Miller.

Mr. and Mrs. W. F. McCall had as visitors from Jacksonville, Fla., last week, Mr. and Mrs. James Bowden and Mr. and Mrs. G. H. Pollock. They are Florida east coast railroad men, and work with Mr. McCall during the winter.

Arthur Chappell, of South Carolina, spent the week-end here with his daughter, Mrs. Nell Thomas and family.

K. Miller, of Lake Toxaway, visited his grandmother, Mrs. Belzie Nicholson, over the week-end.

Miss Louise Rigdon, who has employment here, recently visited her mother, Mrs. Louis Rigdon, and family. After the resignation Sunday of our Sunday school superintendent, Guy Whitmire, Herbert Hall was elected superintendent of the Lake Toxaway Baptist Sunday school. Rev. Clyde McCall was recalled as pastor for the coming year. We hope for a united membership and lasting good to be accomplished at the church this year.

were in the Reba section hunting last week. They killed two crows and one squirrel on Mr. Hogsd's premises.

Mrs. M. E. Chastain, sister of William and John Gravely, died at her home at East Fork. Rev. W. A. Giddney officiated at the funeral. Interment was in the Gravely cemetery.

Joseph G. Glazener, who left here 13 years ago, died at his home in the Indian Territory in April at the age of 42. He leaves a wife and two little ones.

W. P. Hogsd and daughter returned home from a visit in Greenville and report a nice visit.

We hear of a little visitor who is stopping at the home of Mr. and Mrs. Wesley Ballew, and we think she will make that her permanent home.

Ephriam, youngest son of Dr. and Mrs. G. W. Young, has been appointed to the position of telegraph operator at Mooresville. It is not often that such a young boy as Ephriam is given such a responsible position.

Park Magazine Tells Of Transylvania In Publication Just Out

Transylvania county is featured in the Park to Park Guide which is just off the press and is being circulated through Eastern and central parts of the United States.

Maiden Hair, and Connetsee Falls are shown in attractively laid out pages, and the pictures of these two waterfalls are reproduced in such fine style that they are very appealing.

Two pages of reading matter tell of the advantages, and the scenic attractions of Transylvania.

Business houses contributing to the expense of getting the advertising for the county include: Chamber of Commerce, Carr Lumber company, Co-Ed, and Clemson Theatres, The Times, Tinsley Esso Station, McCrary Auto company, Austin Studio, Franklin hotel and Canteen Cafe. Pictures for the edition were furnished by Austin Studio. The magazine has a circulation of 10,000.

A new attempt is being made to salvage the treasure of the Grosvenor, the English East Indianman, which was wrecked off Pordoland, South Africa, in 1782.
