### LARGE ENROLLMENT SEEN FOR COLLEGE

#### Many Transylvania Students Expected To Enroll—Dates For Registration Given

Prospects are bright for a "full house" enrollment when Brevard College opens its doors September 19 to begin the sixth year of operation as a Junior College. Exceptionally hopeful is the outlook for a large group of Transylvania county day students.

Every year from the beginning in 1934, the College has had a capacity student body. This record is expected to be upheld again at the beginning of the Fall Semester. Pre-registration of young men has exceeded that of young women but indications are that there will be as many students of both groups as can be accommodated .

Due to the full semester summer school which closes September 15 the date for opening the Fall Semester this year is later than usual. Tuesday, September 19, is the date set for the two-day Freshmen orientation pro-

Sophomores will register Wednesday, September 20th and the Freshmen, Thursday, September 21. Classes will begin Friday morning, September 22.

The College is gratified over the support being given it this year by the people of Transylvania County in the favorable indications for a record group of students from this county. Faculty and administration desire to be of ever increasing service to the "home"

#### Thanksgiving Will Be Observed Nov. 30th

RALEIGH-North Carolinians will observe Thanksgiving on the same date -the last Thursday in November.

Gov. Hoey said Monday that after "mature consideration" he decided it would be unwise to change the date as President Roosevelt had suggested, so that the date would fall one week ear-

"The reason for a change is not impressive." he commented. years the last Thursday in November has been observed in America, as a day of Thanksgiving, and it is so well etablished in public mind and traditions of the people that a change is not desirable unless there is some compelling reasons."

#### Rides Million Miles

RUFUS W. OWEN of Cherryfield has driven over a million miles in his auto during the past 14 years, and yet never been more than 50 miles from home.

In fact, in all of his travels, Mr. Owen's longest trip was 48 miles—to Sylva. Other trips for the most part have been to Hendersonville and return, to Balsam Grove postoffice in Upper Transylvania, with occasional trips to Asheville.

Mr. Owen has made his long mileage as carrier for the afternoon Asheville Times, and as star route mail carrier between Rosman and Balsam Grove.

During the 14 years Mr. Owen has worn out two "T" model Fords, two models, one V-8, and three Chevrolets, all of which he says gave him plenty of mileage for his money invested. In addition to the auto travel, the Cherryfield man has also ridden a horse on the Rosman-Balsam Grove mail route upwards of a couple thousand miles.

To Asheville, north; Six Mile, S. C., South, Sylva, west; and Caesar's Head, east, has been the extent of the distance away from home the muchly-traveled man has gone

Mr. Owen says he is still good for a million or two miles yet, and that he hopes he will be as lucky as he has been on his first million with regards to accidents.

#### No Good To Hitler

GEORGE PHILLIPS, 78, nearblind, and broken in health, is expected to arrive in Brevard during the next few days, and will live temporarily at the home of Mr. and Mrs. E. H. Mackey in Little River.

The aged man, former Brevard baker, is being sent back from Germany by the Hitler regime which saw no need of keeping a "pauper who was a burden on the 'State'."

Mr. Phillips left Brevard in September of 1936 upon invitation of his brother and sister who resided in Germany, and was supposed to have spent the rest of his few remaining days in company of his family there. But the government of Hitler-Ger-many did not wish the old man to remain in that country, and he was shipped back to New York where federal agencies have been looking after him since August 10.

Mrs. C. Y. Patton, welfare superintendent for Transylvania, and the state of North Carolina's agency for blind, have made preparations to bring the old man back to this country, and he will reside at the Mackey home until permanent accommodations can be secured for him.

Mrs. Patton is making effort to contact a niece of the old man who lives in Colorado, and who aided the old man in getting passage to Ger-many in 1936. The niece provided money for Mr. Phillips' ticket, and for his keep while enroute, as well as paying his expenses here after he had become too ill and blind to work.

Friends of the old man in Brevard have expressed themselves as high-ly perturbed over treatment given him by officials of Germany, and they state that they are willing to aid in his upkeep here, where "private property does not belong to the 'State'." The state blind commission will pay for part of his expenses, according to Mrs. Patton, who has been in constant touch with the case since been "shipped" out of Germany,

### DR. LYNCH WINNER DAHLIA LOVING CUP

### Miss Julia Deaver Takes Blue Ribbon Sweepstakes Prize —Many Entries

Brevard's annual dahlia show, held Saturday afternoon and evening in the Brevard College gymnasium, was pronounced one of the prettiest and most successful ever sponsored here by the Transylvania Dahlia club. The show was largely attended by summer visitors and residents.

Miss Julia Deaver won the silver cup sweepstakes prize for winning the most points—a total of 42 points. Dr. G. B. Lynch was second highest winner of the most points, making 32, and Shuford ran a close third with 29 points.

Dr. Lynch won the silver loving cup for exhibiting the largest and most perfect dahlia in the show. This dahlia was also adjudged the most meritorius single dahlia. Dr. Lynch is now the permanent owner of the loving cup, since this is the third consecutive year he has won the same cup for the best

dahlia exhibited, Miss Emeve Crouck was winner in the guessing contest, for guessing nearest to the correct number of petals in the prize winning best dahlia. The correct number of petals was 264, and Miss Crouch's guess was 261. The prize was a bulb of the winning dahlia, which was a Murphy's Masterpiece variety.

Other highest prize winners in each section include: Section I.-Dr. Lynch, first, Mrs. H. J. Bradley, second, Mrs. John Maxwell, third; Section II.-Mrs. C. R.
