## Ecusta Downs Tanners In First League Game

Ecusta nine of the Western Carolina Industrial league defeated the last year pennant - winning Brevard Tanners here Saturday afternoon by the score of 6-4.

The Papermakers started early, and scored three runs in the initial frame and one in the second to put the game on ice. The Tanners came back strong in the third inning to push three runs across and added another in the ninth, but Ecusta had run up one in the sixth and seventh.

Albert Payne former Brevard high school star twirler, was on the mound to start for Ecusta, and did a very good job. He showed his old-time form, and has promise of coming back ere the season ends to the post he occupied several years ago when the high school crew "just felt safe with Albert."

Hammett for the Tanners had a good day, although he was credited with a lost game. In addition to doing more than his share of the work on the mound for the losers he drew a pass and three singles out of the four times he faced the opposing twirlers.

W. Conn was big noise with the bat for Ecusta, and had a single and a homer for four trials. His circuit blow came in the eighth inning with the bases empty.

Sinclair Deal, former College ace was in the outfield for the Tanners, but failed to connect but once safely out of his four tries. Other local performers who saw action on the Ecusta team included Harry Clayton at Short, Cotton Fowler at third, Knuckle Morris at leftfield, Billy Atwell, who made his debut with Brevard Institute back in the late 20's, was on short for the Tanners, but failed to connect safely on his single trip up.

Both teams showed up well despite the fact that practice has been limited due to the cold weather, and the several hundred fans out for the initial game, gave plenty of backing to their respective teams.

A "cloud of dust" at the top of the spire of the church in Bridgewater, England, proved to be a swarm of bees, and the investigators wished they carried parachutes.

Are You Modernizing?

## We have the Lumber!

Regardless of Age, modernizing greatly improves any home and makes it more livable and appealing. Carefully planned sensible modernizing also restores a "dead one" to the active renting and selling market.

Whether you modernize for profit or just for more comfort and convenience in living, we shall be glad to supply your lumber requirements. All orders, large or small, promptly delivered.

Don't delay—start now—we expect building material prices to advance sharply.
