

## FUNERAL IS HELD FOR WM. MILLER, ACCIDENT VICTIM

Coroner's Inquest Be Conducted Today Into Death of Last Monday Morning

Funeral service was held yesterday morning at 11 o'clock at the Oak Grove church for William Miller, 36, native of Sapphires, who died in the Transylvania Community hospital last Monday morning as a result of head injuries received when he was struck by a car on Highway 64 near Calvert around Sunday midnight. Rev. Wade Nicholson officiated at the service. Interment was in the Oak Grove cemetery.

According to reports released through Sheriff G. D. Shuford and Deputy T. E. Brown, who investigated the accident, Miller was struck down by a car said to have been driven by Carl Barrett, young resident of Rosman. Miller and a companion, William Parker, had been driving toward Brevard in a truck, the officers said, and they ran out of gas. At the time of the accident Parker was attempting to flag the car driven by Barrett, also headed toward Brevard, when Miller stepped from behind Parker into the path of the moving car. He was carried for several yards along the highway before the car could be stopped.

Miller was rushed to Transylvania Community hospital for treatment, but his condition was regarded as critical from the outset. He died at 10:30 Monday morning.

Young Barrett was held in the custody of local officers until late Monday morning when he was released under \$5,000 bond. No charges have been preferred against him as yet, but a coroner's jury has been impaneled for an inquest into the death at 3 o'clock today at the court house. Coroner J. C. Wilke will conduct the inquest.

Miller is survived by his father, David H. Miller, of Sapphires; three brothers, Noah C. Miller, of Rabun Gap, Ga., and S. A. and Floyd K. Miller, of Sapphires; two sisters, Mrs. Ethel Owens, of Washington, D. C., and Mrs. Louise Harrison, of Brevard.

## A SIX-YEAR-OLD FLIES AIRPLANES ALL BY HERSELF

This modern machine age caught up with blase little Willie Kate Waters, 6, granddaughter of Mr. and Mrs. J. E. Waters, of Brevard, last Monday when she winged off to Buffalo, New York, all by her lonesome on a fast passenger airliner.

Wee and winsome Willie Kate was down for a visit with her grandparents, and she just had to get back to "Noo York" in a hurry—to see an ailing doll perhaps—so she made reservations on a plane stopping at Greenville, S. C. She didn't drive down to meet the plane, but once at the airport she bid her grandparents adieu and boarded the airliner, bag, baggage and powder puff.

On board, she settled back comfortably for the 600 mile trip, smoothed out the ruffles on her thigh-high dress, and began wondering how her doll was getting along way up in "Noo York."

## HOUSE VOTES FOR EXTENDED DRAFT

Passes By A Narrow Margin Of 203 To 202 Votes On Tuesday Night

WASHINGTON.—In an atmosphere of hushed tension alternating with clamorous uproar, the House passed the army service extension bill last Tuesday by a single vote—203 to 202.

By that narrow margin, it saved the administration from a devastating defeat and apparently assured the ultimate enactment of the legislation, perhaps by the end of this week.

Twenty-one Republicans joined 182 Democrats in voting for the bill. The opposition votes were cast by 65 Democrats, 133 Republicans and four minor party members. (All Carolinians voted for the bill except McMillan of the Sixth South Carolina.)

The measure had already received Senate approval in different language, but the principal provisions exactly the same.

The President is empowered to keep draftees, militiamen, reservists and army enlisted men in the service for a maximum period of 18 months beyond the term for which they were inducted.

All will receive a raise of \$10 a month after they have completed one year in the army. (The present basic army pay is \$30 a month.)

The previous restriction limiting the number of draftees simultaneously in the army to 900,000 is removed.

There has been no advance in rates since The Times was established in the early 30's, and since that time the paper has increased in size as well as new features being added.

Publisher Ed M. Anderson pointed out that a slight advance in the rates was necessary at this time because of rising prices on practically all materials used.

Subscribers, however, may take advantage of the present rates before September 15 and are urged to renew or to send in new subscriptions at once. The new rates are announced in detail in the advertisement in this issue of The Times.

## Clothing, Jewelry, Money Are Among Articles Taken From Homes Here

A series of break-ins to Brevard homes have temporarily baffled local officers in their attempt to track down the burglar or burglars, but Chief of Police B. H. Freeman said here yesterday the meager clues were being sifted and that finger prints were being taken from a window of one of the homes entered.

Four private homes have been entered within the past week here, Chief Freeman said, two of which were temporarily unoccupied. Homes entered were listed as those of Nat Townsend and Horace Hall, on Parkview Drive, and Walter Hart and Jerry Jerome, just off Park avenue. The latter were unoccupied for the summer.

The report issued by local officers stated that nothing was missing in the homes of Nat Townsend and Jerry Jerome, but that a number of articles were taken from the other two. All were entered at night. The fact that the burglar or burglars entered the homes of Mr. Townsend and Mr. Hall when they were temporarily out, indicates that the person or persons entering knew pretty well the daily habits of these two families, officers said, and therefore they are pretty well satisfied that the break-ins were made by a person or persons living in or near Brevard.

Articles taken from the home of Walter Hart were listed as jewelry, ladies' clothing and a small amount of money. A portable typewriter, portable sewing machine, rings, and a lady's watch were given by officers as the articles taken from the home of Horace Hall.

Chief Freeman said that fingerprints were being taken off the window of Hall's home where the entry was made. He said he hoped that this, together with other clues which he did not reveal, would enable them to track down the guilty person or persons.

The epidemic of break-ins has brought anxiety to the entire community, and inquiries have been plentiful at local hardware stores for pistols. In making these inquiries, local citizens stated that they hadn't ever kept firearms in their homes, but if such as this kept up they felt like they needed them for protection.

## TO CONDUCT FIRST AID COURSE HERE

Certificates Will Be Awarded In Junior, Standard, Advanced Aid

A 20-hour course in first aid under the auspices of the American National Red Cross, in which certificates in junior, standard, and advanced first aid will be awarded, will be opened in Brevard next week, Carl M. Classes will be held each Tuesday and Thursday evening from 8 until 10 p. m., and the first class will be conducted next Tuesday evening probably. The Red Cross work room over the City Hall will be used as a classroom.

Instruction is absolutely free, Mr. Gross emphasized, and both men and women will be welcomed to the classes. He pointed out that the course would be beneficial to people in all walks of life and that knowledge gained in such a course may mean saving a life or a limb some time.

Mr. Gross said that all members of the local fire department are especially urged to enroll for the course, and he stated that provisions for making up classes would be made for those who wish to enroll and who are working shifts at Ecusta or other industrial plants in the county. Henry Newbury, safety director at Ecusta, is expected to enroll for the course along with a number of other Ecusta employes.

Those desiring further information about the first aid course should get in touch with Mr. Gross prior to the opening of the first class next Tuesday. He is manager of Carlton's Jewelry store on West Main street, and may be contacted there.

## Dances, Sings Are Drawing Big Crowds

With upwards of 3,000 people attending the Monday night street dances, and 600 to 800 attending the Thursday night community singings, the Junior Chamber of Commerce is going forward steadily with its plans for summer entertainment.

"Big rings, circle left, and..." the street dances are attracting people from South Carolina and even parts of Georgia each Monday, along with hundreds of summer visitors and home folks as well.

At the Thursday night singings, also held on South Broad near the high school, many visitors register at each event, and over a hundred of these have asked the privilege of keeping the song programs.
