DEMOCRATS WIN IN TRANSYLVANIA BY LARGE MAJORITIES

CAMP CONNESTEE BOUGHT BY MISS MARY W. GWYNN

Wright Sisters And Mrs. Ott Have Operated Fine Girls Camp For Years

Camp Conneestee for girls, one of Transylvania county's 10 organized summer camps, has been sold the past week to Miss Mary W. Gwynn, experienced camp operator, of Leaksville. The purchase was made from Mrs. J. P. Ott and Misses Zoe and Mary Wright, of Bradenton, Fla., owners and directors of the camp for the past 20 years.

The purchase price was not disclosed. The camp is located about 7 miles from Brevard, just below the beautiful Conneestee falls, and near Caesar's Head. The property consists of 230 acres, adequate buildings and surroundings.

Miss Gwynn, who has operated a summer camp in Brevard at Camp Transylvania for young-age boys and girls the past eight years, plans to open Camp Conneestee early next summer for both boys and girls of younger age, according to information given out this week by Miss Wright.

Camp Conneestee is one of this county's outstanding summer camps for girls, and has been pronounced by visitors as having the most beautiful natural setting of all of the camps in Transylvania county. The camp has increased in popularity and enrollment from year to year, and the past season was said by Miss Wright to have been the most successful since she and her sisters have owned and operated the camp. Many applicants have been turned away each summer because of lack of space. The camp's capacity is 125.

AUTO OWNERS TO REGISTER TIRES IN NEAR FUTURE

Inspection Will Also Be Required. No Definite Dates Announced Yet

In the near future all automobile owners will be required to register again and in addition to information about their cars and gasoline books, they will be required to list serial numbers of tires mounted on the vehicles and serial numbers of any other passenger car tires owned, the local war price and rationing board announces.

After registering the owner will be required to take the automobile to an OPA tire inspector who will inspect all tires, list the service needed and record speedometer reading.

One of the main purposes of this registering is to get an accurate check on all surplus tires. Each car will be allowed to have five tires mounted on it. No announcement has been made, but it is understood that the government will purchase all surplus tires.

The OPA tire inspectors appointed for Transylvania are: Buck McCall's service station, Pisgah Forest; Duckworth Motor company, Gibbs and Tinsley's service stations, Brevard; Hogged Auto service, Rosman and McNeely's store, Lake Toxaway.

THREE NOT REPORTED

With voting over a fourth lighter than it was two years ago, Transylvania county voters went to the polls Tuesday and gave all Democratic candidates majorities ranging from 1,000 to 1,400, according to unofficial returns tabulated yesterday afternoon.

All precincts in the county except three had sent in reports yesterday afternoon and Chairman Fred Johnson stated that these three—Gloucester 1, Hogback 1, and Old Toxaway—would not change the county's totals a great deal.

Of the 14 precincts reported, Hayes carried 10 and Rufus Owen 4. Yesterday Hayes' majority stood at 1,392, while Mrs. McKee had a 1,026 majority over Ralph Fisher.

In 1940, a total of 5,351 votes were cast in this county for congressional candidates and estimates show that the total vote in the congressional race Tuesday will run around 3,900, which is a fourth less than two years ago. Republican leaders state that their

Transylvania county's annual Christmas Seal sale will get under way on November 23 and continue in Brevard and the county for several weeks. Mrs. C. Y. Patton, acting chairman has announced.

Mrs. Patton and her assistants will mail letters with seals enclosed to individuals and organizations throughout the county, and they are asked to follow instructions and make every effort to sell the little penny seals.

The Christmas seals, which are used each year on holiday mail and packages, will help in the fight of tuberculosis throughout this county and nation and will help, in their sales, the tuberculosis association to hold the battle lines on the home front.

Wars have always brought an increase in tuberculosis, it is pointed out, and since protection of civilian health has become a necessary part of home defense, it is urged by the committee in charge that the public co-operate in buying these little stamps to aid in safeguarding the health of children and adults in all walks of life.
