### HUNTING SEASON WILL OPEN TODAY

Attention Is Called To Bag Limits. Necessary To Have Hunting License

The hunting season for quail, grouse, turkey and rabbit opens today in Transylvania, as well as in the other counties of Western North Carolina, and, with the exception of grouse, the season remains open until February 10th.

The county game warden this week called attention to the fact that all hunters must have licenses and to the bag limits which are as follows:

Quail, 10 per day and 150 per season. Turkey, 1 per day and 3 for the season. Grouse, 2 per day and 10 for the season. There is no limit on rabbits.

The squirrel season closes in Transylvania on December 15th. Hunters are also reminded that it is unlawful to buy or sell wild game or animals except rabbits and squirrels in season.

It is unlawful to use an automatic-loading shotgun capable of holding more than 3 shells in magazine and chamber and to shoot birds sitting on the ground.

The deer and bear hunting season will remain open until January 1st.

### WOMEN PLANNING TO "HOLD-UP" MOTORISTS TO SELL WAR BONDS

Motorists who drive from Brevard to Rosman Friday and Saturday are apt to be "held up", according to information picked up here today.

A group of "women bandits" are plotting to fortify themselves on the side of the road and to "hold up" every motorist who passes those two days, a grapevine report indicates.

These women of the Cathey's Creek community expect to get money, too, from the hold-ups, but in turn they will give beautiful little pieces of paper known as "war bonds" or "war stamps." This unique plan for conducting war bonds sales is part of the activity of the "women at war week" work.

### Killed In Action

LEWIS EARLE JACKSON, of Brevard, was killed on duty with the Marines in the Pacific, his parents here were advised last Friday.

### LEWIS E. JACKSON KILLED IN ACTION

First Transylvania Man To Die In Action. Was With Marines In Pacific

Lewis Earle Jackson, 19, son of Mr. and Mrs. Glover Jackson, of Brevard, and a member of the U. S. Marine corps, was reported killed in action in a telegram received by his parents last Friday night.

The message, from Lieut.-Gen. Holcomb, of the Marine corps in Washington, said, in part:

"I deeply regret to inform you that your son, Private First Class Lewis E. Jackson was killed in the performance of duty and in the service to his country."

Details as to where and when Jackson was killed were not given as it would be valuable information to the enemy, the telegram stated. Jackson's parents believed he was somewhere in the southwest Pacific.

Jackson, who volunteered for service in the Marine corps in January, 1942, received his basic training at Parris Island, S. C., and was later stationed at New River, N. C. He was an assistant gunner.

Graduating from Brevard high school in 1939, Jackson was a good student and an outstanding athlete, and, before his enlistment, was an employee of the local post office. He came here with his parents in 1924 from Resca, Georgia.

A brother, Vance Jackson, is in the military service. He is an aviation cadet at Allington Field, Texas.

## FLASH!

(Editor's note—The following telegram was received by this newspaper Wednesday from Donald Nelson, War Production Board Chairman, just before going to press.)

Washington, D. C., Nov. 24

"The government is asking the American farmer to dedicate the remaining weeks of 1942 to an intensified scrap hunt. Steel mills need more heavy scrap and the farms are one of the best sources of this type of metal. We need your further help in this farm drive and in aiding our salvage committees to continue this effort throughout the next few weeks. Mats and other material to help you are being prepared and will be mailed soon. All salvage committees are being instructed to continue to make available to the farmer all their transportation facilities and manpower, and to cooperate with you in every possible way. The nation is looking to the American farmer. I am sure with your help he will come through."

### Notice To Parents, Relatives And Friends Of Every Transylvania Man In The Armed Forces Of Uncle Sam

In accordance with plans made at a recent meeting of the Transylvania County Salvage Committee and the Chairman of the Civilian Defense, a committee of the Monroe Wilson Post of the American Legion gladly accepted the request to administer certain funds from the Scrap Award for the benefit of Men in Service and future inductees.

Among other things, we are now planning to send, in behalf of the people back home in the county, a warm, personal Christmas greeting to every man in service from Transylvania.

In order that we may do this, it is imperative that we have at once the names and addresses of these men. Since these men are moved from time to time, we know of no other source from which to obtain this information.

Therefore, will each of you kindly send me a postal card, giving this information. It is necessary that we have this information by next Wednesday, Dec. 2.

You may also leave names and addresses at the City Hall or The Times office in Brevard, but it is preferable that they be mailed to me.

All school principals and all ministers in the county are asked to co-operate in this activity by making this announcement and appeal in the schools and churches of the county.

Yours for an early Victory,

W. J. WALLIS, Commander  
Monroe Wilson Post, American  
Legion, Brevard, N. C.

### NUTRITION GROUP TO MEET FRIDAY AND MAKE PLANS

Voluntary, Educational Drive Is Proposed. Miss Teague Is Chairman

REASONS ARE GIVEN

With the view of enabling every person to get his or her share of the reduced supply of meats for civilian consumption, members of the newly appointed nutrition committee of the Transylvania civilian defense council are now planning to conduct a "share-the-meat campaign" in Brevard and the county next week, Ralph Ramsey announced today.

The nation's meat supply this year is the largest in history, but to meet the needs of the armed forces and fighting allies, the OPA issued an order in October, cutting delivery of beef, veal, lamb, mutton, and pork, including canned meats and sausage made from these limited meats, to retailers, Miss Margaret Fuller, district home management supervisor of the FSA, told a representative group of local citizens at a meeting here in the courthouse last Friday night.

"Therefore the problem today is to make it possible for every family to get its fair share of the reduced meat supply," she said.

Committee Named

Yesterday Mr. Ramsey announced the appointment of a nutrition committee to conduct an educational "share-the-meat campaign" in the county. This committee will meet tomorrow night at the city hall at 8 o'clock and work out plans for the drive.

Named on the committee are Miss Annabel Teague, temporary chairman, Miss Emily Whitesides, Miss Jessie Mae Alexander, Mrs. C. Y. Patton, J. A. Glazener, Mrs. Elma Goddell, Dr. G. B. Lynch, Dr. C. J. Goodwin, Mrs. W. P. Jordan, C. M. Douglas, Paul Tindall, E. H. McMahan, Mrs. Lester Mar-

### Several Local Men Are Successful. Hunt Tuesday Very Successful

The final round of the 9th annual Pisgah National Forest deer hunt starts tomorrow and ends Saturday, with hunting confined to the Pisgah Ledge, North Mills river and Wilderness sections.

Nearly 300 hunters are signed up to take part in the last three-day hunt and with improvement in hunting weather, it is believed that a large number of deer will be killed.

Because of the rain, only 9 deer were killed on Monday, while Tuesday's kill picked up considerably. A total of 26 deer and 1 bear were brought down, J. H. Longshore, director of the hunt, reported.

This brought the total kill for the season to 177 deer and 13 bears. No word had been received from the Wilderness hunts, however.

The paper went to press too early Wednesday to get the results of the day's hunt.

Lester Stamey, of Brevard, Monday killed the largest deer of the season. It weighed 203 pounds. The lone bear brought down Tuesday was killed by Lonnie Jones, of Brevard, and weighed 161 pounds.

F. R. Houston, of Hendersonville, has the distinction of going on every one of the forest hunts and of killing a deer in each hunt. Tuesday he bagged a nice buck.

Those killing deer Tuesday were Ollie P. Graves, of Mocksville; W. C. Warren, of Taylorsville; Harry Stroupe, Cherryville; C. R. Brown,

### Deadline On Idle Tires Is Dec. 1st

All idle tires, or those in excess of five per car, have to be turned in to a railway express agency, sold or given to the government by next Tuesday, December 1.

The deadline of November 22 was moved up to December 1, OPA announced last Saturday.

Tire records have to be filed with local rationing boards, too, and the tires have to be inspected by OPA tire inspectors.

A check-up made yesterday by John Bishop, popular Brevard freight and express agent, revealed that around 800 idle tires had been turned in at the three offices in Transylvania county.
