

# Executive Group Is Named For Farm Labor Committee

### Ralph R. King Talks On Labor Outlook And Bill Before Congress

#### BEAN PICKERS NEEDED

A Farm Labor Advisory Committee, whose function will be to assist other agencies in recruiting and allocating farm labor in Transylvania county, was formed at a meeting held in the county agent's office Saturday morning. Named on an executive committee were: Mr. Glazener, representing the extension service; T. J. Wilson of the AAA, Ralph Smith of the FSA, Charles Bridges of the U. S. Employment service and O. H. Orr of the Selective Service. Assistant County Agent T. S. Gash conducted the meeting in the absence of Mr. Glazener, who was unable to attend.

Ralph R. King, former interviewer with the U. S. Employment Service at Hendersonville, gave a talk on the farm labor outlook in this area and spoke of a bill pending in congress which would place it under the direction of the extension service. Mr. King said that a migratory labor camp would very likely be established about July 1 in Hendersonville with accommodations for about 1,500 people. Workers from this camp, he stated, could be obtained for farms in Transylvania county. It was said that they would be needed principally to harvest the bean crop, of which it was estimated there would be over 1,000 acres in this county.

#### Survey Proposed

It was suggested that the Calvert Prison Camp, now abandoned, and several summer camps might be utilized as quarters for migratory workers needed during the harvest in this county, and Mr. Gash intimated a survey would be made to ascertain the accommodations available. Another meeting of the committee will be held in the near future to complete the organization and formulate plans.
