## WIKES RETURN FROM FLORIDA

Former Brevard Mayor Says He's "Ready to Raise A Victory Garden."

"I'm going to devote my time now to raising a Victory Garden," J. Carl Wike, well known and prominent Brevard man said this week upon returning from St. Petersburg, Fla., where he and his wife and daughter, Mrs. Flora Barclay and grandson, Thomas B. Barclay IV spent the winter.

"We had an enjoyable winter in Florida, but it certainly feels good to be back home," Mr. Wike said.

Living in Florida impresses one with the fact that a war is going on, the former Brevard mayor declared. "There are many training camps in that state and the boys drill in the streets in some places."

"No, I didn't do a great deal of fishing because of the gasoline shortage," he asserted.

In regard to the food for freedom and Victory Gardens programs, Mr. Wike said that farmers from Florida to Brevard are really going all-out this season to produce more than ever.

While in Florida Mr. Wike received a good deal of publicity through the press. Among other things, he is an authority on surveying and municipal planning.

## College Ball Team Defeated Asheville Boys Last Saturday

Paced by the three-hit pitching of Rupert Norfleet and home runs by Lonnie Bishop and Albert Hand, the Brevard College baseball team opened its season with an easy 9-1 victory over the Asheville school for boys. The game was played last Saturday afternoon on the losers' diamond.

The home run by Bishop was one of three hits he gathered from four trips to the plate to top the hitting for both teams.

In a track meet held before the baseball game, the Asheville school defeated Brevard 64-12 to 16-12.

A return engagement was played here yesterday afternoon, the results of which are published elsewhere in this issue.

Miss Nancy Blanton is now arranging games with other ball clubs in this section.

## Verner And Hamlin Spoke At Lions Club Meeting; Ladies Night Planned

Verner Discussed Possibilities Of TVA Program For County

S. P. Verner was the principal speaker at the regular meeting of the Lions club last Thursday evening. His topic was "The New Program of the TVA," and he gave an enlightening discussion of this tremendous government project. He was presented by Lion C. W. Lively, who had charge of the program.

Lewis Hamlin, county chairman of the war bond drive, also spoke to the Lions and made an earnest plea for liberal subscriptions. Stressing the need for an allied victory, Mr. Hamlin said: "If we lose, we lose everything worthwhile." The object of Japan and its associates, he said was to enslave mankind. Mr. Hamlin urged that Transylvania county oversubscribe its quotas to offset any deficit that might develop in other parts of the country.

Lion President E. H. McMahan announced that the county had already exceeded its quotas with other receipts confidently expected.

To All Truck and Automobile Owners In Transylvania—

**Priority Truck and Auto Repair Service In Our Mechanical Department**

All Truck and all B and C card holders will be given priority service. Rationing Boards have determined that Truck owners and holders of B and C gasoline books are engaged in more essential work and therefore are permitted to operate their vehicles more. As a result, they naturally need more mechanical service and we are going to give them priority in our shop, in co-operation with the war effort.

Auto and Truck transportation is absolutely essential to winning the war and we feel that it is our patriotic duty to give Preference Service to those with Preferred Mileage.

At the same time, however, we are going to do everything possible to take care of all the mechanical needs of those who have just A cards. In the future, service will be given to them by appointment, or when a slack period develops.

The co-operation of all truck and auto owners will be appreciated. We realize that our job is to
