Cpl. Vaughn Lane, who has been in the parachute infantry at Fort Bragg for some time, is now in overseas service. His mother, Mrs. J. L. Lane, lives in Kannapolis, and his wife is in Brevard with her parents, Mr. and Mrs. Will Owen.

Sgt. Clyde Owen, son of Mrs. Kermit Hall, of Rosman, is in the U. S. army service, stationed now in Daytona Beach, Fla. Mrs. Hall has two other sons in the service, Maurice Owen, also in the army, is at a training camp in California, Curtis Owen, who is in the navy on a U. S. destroyer. The grandmother of the three service men, Mrs. Clara S. Owen, of Rosman, purchased this week \$500.00 in war bonds, so that she may share with her grandsons her part in the war effort.

Janie Wilson, who is in the army signal corps at Fort Monmouth, N. J., is on furlough this week here with her mother, Mrs. Allie C. Wilson. She has been at this training center the past six months, and expects to finish the course in June. Waynesville chamber of commerce:

Tampa—"It seems to me as though you could count on a some what better season this summer than you had last year, as far as the people from this section are concerned. Defense workers in this community are making high wages and even if the men are not taking vacations, it seems as though their families would be able to do so."

St. Petersburg—"It appears to us that your experience will be like ours—you will have a fewer number of people, but they will remain when they get there."

Orlando—"In view of the fact that you are located in an area where there are no defense plants or no army camps, it is our opinion that you should have a good season."

Aiken, S. C.—"We have several parties who spend the winter in Aiken and the summer in your section and they all plan to go up this summer as usual."

Pinehurst, N. C.—"The season at Pinehurst this year has been the best in many, many years. Although we have not had any conventions, we have still done a greater gross business without them than we did last year. We believe the mountain area in North Carolina should do a fine business."

Miami—"The winter has been extremely kind to us with approximately 40,000 civilian tourists here weekly during the last six weeks of the period. Every tourist house, tourist camp and other place catering to tourists that has entertained visitors in the past three or four years should do a definite advertising campaign addressed to those people."

West Palm Beach—"We have had a very good season. Since you are located in an area where army camps and defense plants are not located, we believe you should enjoy a very splendid tourist season."

Fort Lauderdale—"We had one of the best seasons we have had in our history. We had some of the most distinguished and interesting people down here we have ever before had. In your advertising you should announce this fact—the absence of army camps, and defense plants. There are a lot of people who are trying to get away from the congested army camps and war production centers."

Sarasota—"The winter tourist business was about 50 per cent off. It would be difficult to forecast what Brevard may expect."

some other training center.

Sgt. Roscoe W. Mull, son of W. W. Mull, of Brevard, was highly commended by his commanding officer in a recent letter to the McCrary Transfer company here, for which Sgt. Mull formerly worked. The letter states that Sgt. Mull "has participated in a recent campaign against the Japs on an island in the South Pacific. He performed all of his duties in a commendable manner even in the most trying circumstances. I feel that I can best show my appreciation for the aid this man has been to me by writing to some one who has known him in civilian life and who would therefore be interested in the part he is playing in the war." The letter was signed by George F. Carter, captain, 90th. F. A. Bn., commanding.

Pvt. Jack Loftis, of the engineer corps, has arrived safely on one of the Hawaiian Islands, according to word received by his parents, Mr. and Mrs. T. J. Loftis, of Brevard. He was inducted into the service in October, 1942, and received training at Fort Belvoir, Va., at Camp Butler and Camp Stoneman, Calif. In a letter to his parents he said he liked the Hawaiian Islands fine and that it was a very beautiful place. Richard M. Loftis, another son of Mr. and Mrs. T. J. Loftis, of the bombing squadron naval air gunner's school, has graduated from the radio school at Northwestern University, Evanston, Ill., with a third class commission. He completed an intensive course in radioman at Evanston. He entered the navy at Great Lakes in August, 1942.

C.; Bob Hauss, Lincolnton; Bill Swan, Andrews and A. J. Reno, Canton. Manning Garren, Greenville, S. C., manager of the team, was not present when the picture was made. The team will play Murphy high school here Saturday afternoon at 3 o'clock. (Staff Photo)

presented next, and said if the audience were in an Axis controlled country they would not be asked to buy bonds; they would be forced to give their money. The big buyers of bonds, he stated, cannot finance the war effort; people of moderate means must also buy government securities.

Mr. McMahan then presented a number of people, heads of local industries and others, who in diverse ways contributed to the success of the bonds campaign. They were:

W. W. Croushorn of the Carr Lumber Co.; George Wheeler of the Wheeler Hosiery mills; Ralph Fisher of the Transylvania Pipe Co.; Carl Allison, chairman of the county board; Mayor Carl Hardin; Ralph H. Ramsey, Jr., chairman of Civilian Defense; T. E. Reid, chairman of the board of education; C. M. Douglas, president of the chamber of commerce; William Wallis of the local post of the American Legion; Mrs. J. M. Allison, co-county chairman Women's War Savings Staff; Mrs. O. H. Orr, chairman Women's Club War Activities; A. H. Harris, chairman of the local draft board; Howard Wyatt, scrap metal chairman; Melvin L. Gillespie, secretary, War Savings Staff and Finance committee; L. P. Hamlin, chairman, speakers' committee.

Mr. McMahan also commended the efforts of the people of Pisgah Mills, Brevard college, the Transylvania Trust Company, the rationing board and the postmasters of the county.

Solicitors Praised

Presented by the chairman as a "star bond salesman," Jerry Jerome declined the honor and gave credit for the success of the drive to the 24 solicitors who made the canvass. Mr. Jerome said he felt that the time consumed and energy spent in selling the bonds was small in comparison to what the boys in the service are doing. "When you go home tonight," Mr. Jerome said, "get down on your knees and thank God that you live in a country that asks you to lend money, instead of taking your money, your property and possibly your lives." Mr. Jerome then presented Jonathan H. Woody president of the First National Bank of Waynesville and manager of the drive in Western North Carolina, who in turn introduced Joe Emerson Rose, radio singer, who rendered several songs. He also gave his check for a \$5,000 bond to be credited to Transylvania county.

Mr. McMahan then presented Ed M. Anderson, publisher of the Times and chairman of the publicity committee, and warmly commended him for the assistance he had given the campaign. Addressing the audience as "fellow Americans and fighters for the survival of Democracy," Mr. Anderson introduced Gerald Cowan, vice president of the Wachovia Bank and Trust company of Asheville and chairman of the War Drive in this area. Mr. Anderson described Mr. Cowan as an outstanding banker and a friend of Transylvania county and the mountain area. "He has done a wonderful job in this campaign," Mr. Anderson asserted.

Why War Cost Is High

Mr. Cowan congratulated the people of Transylvania on the excellence of the campaign and the results achieved. He said the county was fortunate to have such a loyal and patriotic group of industrial leaders. The cost of the war to us is high, Mr. Cowan said, because Germany spent seven years preparing and it takes more money than ever today to outfit a man for combat duty. Regular purchase of bonds must continue after the present drive ends, he stated, to sustain the war effort. All but two counties in his area, Mr. Cowan said, had reached their

DAILY DIET FOR ALL SHOULD HAVE 7 BASIC FOODS

Recommendations Are Made By an Authority. Important Right Now

Mrs. Cornelia C. Morris, home economist in food conservation at N. C. State College, calls attention to the seven basic food groups which should be included in the daily diet of every person to enable families to improve wartime diets and maintain nutrition standards.

In the first group are the green and yellow vegetables, some of which should be raw and some cooked. In the second group are oranges, tomatoes, grapefruit or raw cabbage, or salad greens.

Group three consists of potatoes and other vegetables and fruits, which can be eaten raw, dried or cooked, frozen or canned. Milk and milk products make up the fourth group.

In the fifth group are meat, poultry, fish or eggs. Dried beans, peas, nuts or peanut butter are also included. The sixth group consists of bread, flour and cereals with the natural whole grain or enriched products giving the highest food value. In the final group are butter and fortified margarine.

Mrs. Morris says that the daily diet should be checked against these seven groups, and housewives should make the best possible use of the various foods which are available. This must be done if the nutrition standards of the nation are to be properly maintained.

She says: "To be vigorous and strong, eat the basic 7 every day."

quotas and he expected them to go over the top.

After Miss Julia Owen had sung the National Anthem, Mr. McMahan presented Pfc. Martin H. Torgerson, a patient at Moore General Hospital, Swannanoa, who was injured in Africa during the winter by a strafing German plane. Mr. Torgerson said he felt sure if the people of the whole nation were supporting the war effort as actively as the citizens of Transylvania, the conflict would be materially shortened. He asserted the United Nations were "about ready to do something" and lauded the navy, who was represented on the stage by C. P. O. Rose of Asheville, who also spoke briefly, as did C. P. O. Gaston Siniard of Brevard.

Accompanying Mr. Torgerson to Brevard in a Jeep, which cruised over the town during the afternoon, were Staff Sergt. R. A. Hembree and Pfc. Eddie Bencivenga. Sergt. Hembree spoke to the audience briefly.

Quota Tripled

At this point, Mr. Jerome again came forward and subscriptions were asked to enable the county to triple its quota and buy a bomber, Mr. Straus having announced at the beginning that he would match any money so pledged. J. S. Silversteen subscribed \$10,000 and numerous people in the audience bought bonds ranging in price down to \$25.00. When Mr. Jerome announced that the revised goal had been exceeded, there was an outburst of vigorous applause.

With the singing of "God Bless America," accompanied by the Ecusta band, which played at intervals during the evening, the meeting adjourned. It was estimated that fully three-fourths of the seats in the auditorium were occupied and the spirit manifested on that occasion brought to a fitting close a signally successful campaign.

Large crowds attended the graduation exercises held at Brevard and Rosman high schools last Friday night, and saw 94 seniors receive their diplomas.

Addressing the graduating class here, Dr. Phil Elliott, of W. C. T. C., stressed the point that education is not an accumulation of facts, but a quality of character achieved through knowledge.

"We must learn to look through the surface and see that which is genuine and develop the ability to recognize reality and truth," he said.
