NEW WASTE FATS DRIVE IS STARTED IN TRANSYLVANIA

All Housewives Asked To Co-operate. List Of Dealers Announced

Housewives in Brevard and Transylvania are again reminded by Salvage Chairman Howard Wyatt to save their waste fats and to take them to local meat dealers and receive 3 cents per pound.

Transylvania has been assigned a new quota of 6,121 pounds. This means that every person in the county is expected to save at least a half a pound of fat this year.

Waste fats are needed in the war effort because they contain 10 percent glycerine, Wyatt said. From each 10 pounds of fats you turn in, it will make one pound of glycerine. Glycerine is used in many essential ways. It is used in the raw state for gun mechanisms, hydraulic equipment, pumps, ships, steering gears, compasses. It is used as a base for explosives. One pound of glycerine as a base will make two and a half pounds of nitro-glycerine.

The list of local dealers is as follows: Mitchem's Sea Food market, City Market, A & P Market, Cash & Carry, Dixie Home stores, Mull's market and Carr Lumber company store.

The Consolidated Hide and Metal company, of Asheville and J. A. Baker & company, of Asheville, will collect the fats from the dealers.

Sluder, who has been quite ill with flu the past two weeks, is reported to be somewhat improved.
