

They Fight - We Write

The More We Write

The Better They Fight!

Transylvania county now has over 1,000 men in service. These men are scattered all over the world and most of them are a long ways from home and from all of their old friends.

Naturally, they are lonesome at times and long to hear from friends and relatives. Nothing else will cheer them up quite so much as a personal letter.

Members of the Brevard Chapter Order of DeMolay Urge That You Write Often!

That will boost their morale and you'll enjoy hearing from these men, too. They are our heroes of today. They are making history. They are fighting for our freedom here at home!

Resolve To Write More Letters To Men In The Service!!

Notice To Parents, Relatives and Friends Of Transylvania County Boys Now In Military Service - - Important!

The Brevard Chapter Order of DeMolay has adopted as its major project a letter-writing to men-in-service campaign and in order to keep on file a complete and accurate list of names and addresses of men in service from this county so that this information can be available to all interested persons, churches or organizations, you are requested to send the DeMolays the name and address of your son, relative or friend, and to keep them posted of any change in address.

This central file of names and addresses will be available at all times to the public and its success depends upon your full co-operation.
