

### GLANCING BACK AT BREVARD

Taken from the files of The Sylvan Valley News, beginning 1895.

(From the file of April, 1906)

The residence of Gaston Neill on RFD 2 has been brightened up with a coat of paint and looks enough better to pay all expenses. We are glad to see country people taking pride in their surroundings, and hope the example of Mr. Neill may become epidemic.

News came here by telegraph today that San Francisco had been visited by a very destructive earthquake. Many of the finest buildings in the city were destroyed, among which was the city hall building which cost seven million dollars. The water supply was cut off, fires were burning all over the city and buildings were being dynamited to check the ravages of the flames. The loss of life was reported at 2,000. Our local people who have relatives and friends are more than anxious to learn of their safety.

Welch Galloway has been in South Carolina this week on business, and was not here to vote in the school election.

We learn that the new bank has at last found a building to occupy. It is to be located in the front part of the store room next door south of the Aethelwold hotel entrance. It was rumored for several

### GRAY HAIR TURNING DEEP BLACK

says Mrs. J. B., Chicago

"After using Grayvita only a short time, I noticed my gray hair was turning to a real deep black, exactly as it used to be. What a difference this makes in my appearance."

Mrs. Bauss' experience may or may not be different than yours. Why not try GRAYVITA? Money back if not satisfactory. This anti-gray hair vitamin discovery when tested by a leading magazine showed 88% of persons tested had positive evidence of some return of hair color. A GRAYVITA tablet is 10 mgm. of Calcium Pantothenate PLUS 450 U. S. P. units of "pep" vitamin B1. Get GRAYVITA now! 30 day supply \$1.50, 100 day supply \$4.00. Phone

VARNER'S DRUG STORE

days that its promoters had bought a lot from Nat McMinn and would build a home for the bank on Main street, but this rumor is not well founded.

Clerk of Court T. T. Loftis has won the medal this spring by catching a 5-pound carp while fishing for a 5-ounce horny head.

General agent J. F. Hays, superintendent Ramsaur and Trackmaster Ramsey, of the Southern railway, visited Selica last Friday. They decided to lengthen the sidetrack 500 feet at once to accommodate the loading of 4,000 cords of chestnut wood now ready for shipment to the Brevard tanning plant.

The Dunn's Rock building company are now ready to begin work on their new building on Broad Street next to the News office. Over \$4,000 are now available, and the books are open for stock subscriptions. The impossibility of getting good brick on short notice is delaying all of our building, and the importance of a home brick plant is becoming more imperative every day. While every brick machine in this whole mountain country is pushed to its utmost capacity, Brevard is waiting for something to turn up. Why not make our own brick?

Squire Henning, who has been helping on the local columns of the News, is too busy in his garden this week to give us a lift.

Lumber for building a nice cottage is being delivered on the lot belonging to Rev. T. F. Marr on South Gaston street, and the construction work is to begin soon.

H. P. Clarke was in town Tuesday on a hurry-up visit to Rockbrook. We are sorry that he and his family will not come to Brevard until the middle of June.

T. B. Cray, in a private letter from Chattanooga, has the following to say about the special tax: "Let us have a graded school, good streets and sidewalks, and if there are some who don't want to pay the taxes they will find others who will be glad to pay in their places."

Several of the young people had a very enjoyable dance at the Aethelwold Tuesday night and about 15 couples were present.

### WARTIME HINTS FOR Brevard and Transylvania HOMEMAKERS

—By Aunt Sawyer

#### Send In Your Recipes

As stated in this column last week, we want your war time recipes—ones that you have originated yourself or have tried and know to be successful. We will print the recipe, with the name of the contributor, in this column, thereby passing along a war time suggestion that may be used by others. Or, if you know any war time household hint or suggestion of any kind, just send that in also and it will be run in this column, giving your name as the contributor, unless otherwise specified. Let's share what we know with others and pass the good word along. This little service is voluntary on your part and will be greatly appreciated by this column. So send in your ideas along any line that pertains to current times.

#### Summer Fashion Trends

Among the noticeable fashion trends for the summer, you will observe that flared skirts are gone and that soft fullness is in evidence, usually in small pleats, unpressed. In regard to color and design, there appears to be no limitation. Prints are still good, then next in order of popularity are, perhaps, stripes and plaids. Brown, in all its varied shades, is particularly good, as are also mustard gold, jewel green, brick red, American beauty, deep turquoise and beige with black or white. Blouses have returned in all their former glory; as has also the two-piece suit dress in stripes and plaid washable material. Bag, hat and the gloves often match the blouse.

#### Moon vs Romance

The moon is credited or blamed for many of the variations of romance, when its beams cast a soft radiating light upon a romantic couple nestled comfortably in the cool of the evening on a park bench or grassy plot and cause a "young man's fancy to turn to love." But, did it ever occur to you that the moon also has an influence otherwise upon a person's life and characteristics? There are some who believe that the age of the moon has decided influence upon a person's life and that there are many individual personalities that one may derive from the moon. For instance, here are a few illustrations, and you can figure it out for yourself if you believe in such nonsense: The child born before the moon is 24 hours old is exceptionally fortunate. He will live long and happily. Children born on the second day of the new moon will be strong, healthy and persevering. Children born on the third day

### Attu Commander

IN COMMAND of U. S. Army troops on Attu in the Aleutians is Maj. Gen. Eugene M. Landrum, according to an announcement by Secretary of War Stimson. This photo was taken in the Andreanof Islands when Landrum was a brigadier general. (International)

will be progressive and ambitious. Those born on the fourth day of the new moon have a tendency to contract serious ailments. Their intelligent minds, however, will help them avoid serious trouble. Etc., etc., etc.

#### Wise Sayings

No hat covers all wisdom. Lives are measured by actions, not years. We carry our greatest enemies within us. A sunny heart makes a sunny world. No poorer music than singing your own praise. The most loving are the most lovable. A lover chases a girl until she catches him. Delay is fatal to good resolutions.

#### She's Even Now

Mr. Grouch (bored at party): "This affair is horribly dull. Guess I'll go home." His Date: "Yes, perhaps that would help matters some."

### MUGGS AND SKEETER

THE UNITED STATES SECRET SERVICE TREASURY DEPARTMENT cautions you to KNOW YOUR Endorsers

Millions of Government checks are being sent by the Army and Navy to dependents of soldiers and sailors. The Government also sends Social Security and other checks to more millions. When any of these checks are stolen, the people entitled to them may go without food, or fuel, or may suffer other hardships. The U. S. Secret Service wants your help in fighting the check thief and forger. Here's how you can lend a hand:

#### IF YOU ARE ASKED TO CASH A GOVERNMENT CHECK

- 1. INSIST that a person presenting a Government check properly identify himself as the person entitled to that check.
2. BEFORE accepting the check ask yourself this question: IF THIS CHECK IS RETURNED BECAUSE OF A FORGED ENDORSEMENT, CAN I LOCATE THE FORGER AND RECOVER MY LOSS?
3. INSIST that all checks be endorsed in your presence. If a check is already endorsed, ask that it be endorsed again, then compare the writing.
4. REQUIRE all checks to be initialed by the employees who pay out money for them, or who approve such payment.

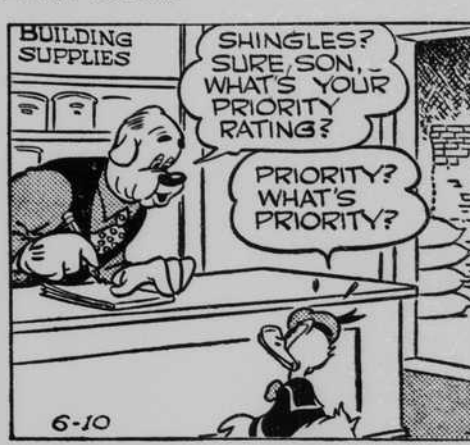

#### IF YOU RECEIVE CHECKS FROM THE GOVERNMENT

- 1. BE SURE some member of the family is at home when checks are due to be delivered.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

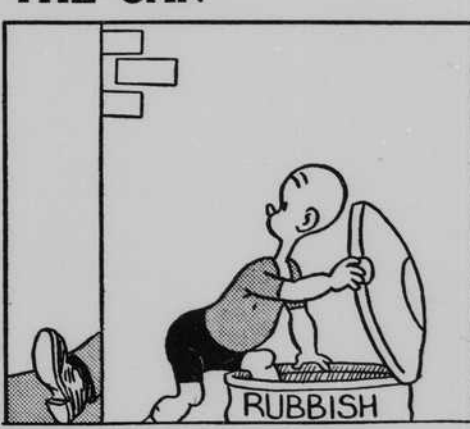

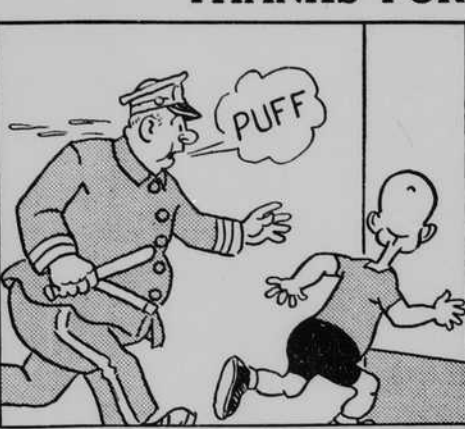

For more information on how to guard against forged checks, and how to detect counterfeit money, send ten cents in coin or stamps to the SUPERINTENDENT OF DOCUMENTS, WASHINGTON, D. C., and ask for a copy of the U. S. Secret Service booklet, "KNOW YOUR MONEY."

NOTICE IN THE SUPERIOR COURT State of North Carolina, County of Transylvania. Transylvania Trust Co., J. B. Pickelsimer, Assignee, vs. Milon Nicholson Under and by virtue of an execution directed to the undersigned Sheriff from the Superior Court of Transylvania County, in the above entitled action, I will on the 21st day of June, 1943 at 12 o'clock M. at the door of the County Courthouse in Brevard, North Carolina, offer for sale to the highest bidder for cash, to satisfy said execution, all right, title and interest which the defendant Milon Nicholson now has or at any time at or after the docketing of the judgment in said action had in and to the fol-

lowing described real estate, lying and being in Brevard Township, Transylvania County, North Carolina. Beginning on a stake on the east side of a 10 foot alley, opposite Milon Nicholson's south east corner, a corner between lots Nos. 15 1/2 and 16 as shown on plat made by A. L. Hardin for the N. McMinn estate and runs south 47 deg. east 170 feet to a stake in S. A. Englands line; thence north 43 deg. east 85 1/2 feet to a stake; thence north 47 deg. west 163 1/2 feet to a stake in the line of a 10 foot alley; thence with east side of the alley, south 47 1/2 deg. west 85 1/2 feet to the Beginning. This the 21st day of May, 1943. FREEMAN HAYES, Sheriff of Transylvania County. 5-27-43c

What accounts for the amazing performance of American planes today? First, they are superb planes manned by skilled pilots, and in the second place they are properly maintained. No machine of any kind can perform its best unless it is properly maintained. That applies especially to your present car... which in all likelihood is a "duration" model. Do not neglect it.
