WNC Rabbit Breeders Association Is Organized Here

DR. C. HARDIN IS PRESIDENT AND OTHERS ELECTED

Application Is Made For Charter. To Promote Raising Rabbits.

HELP FOOD SHORTAGE

A Western North Carolina Rabbit Breeders association has been organized here with Dr. Carl Hardin, of Brevard, as president.

Other officers elected to date include H. E. Redmond, Asheville, vice president for Buncombe county; M. W. Smith, of Hendersonville, vice president for Henderson county; Jimmy King, Brevard, treasurer and C. M. Douglas, Brevard, secretary.

The association will include all counties west of Marion and other vice presidents are to be selected.

Application for a national charter has been made to headquarters at Colorado Springs, Colorado.

Rabbit, as food, and for breeding purposes, have come to the forefront in this section of the state, it was pointed out by those applying for the charter and it is expected that the culls or regular food rabbits will do a lot toward relieving the meat shortage.

An association of breeders and growers will be worth a great deal toward the promotion of rabbit production.

AQUATIC SCHOOL CLOSES SATURDAY, FESTIVAL STAGED

Slogan Of School Is "Everybody Seaworthy." Kenning Is Pleased

The American Red Cross National Aquatic school, which has been in session at Camp Carolina for the past week, will close Saturday and the second school for 1943 will be held on August 21-31.

Director Harry Kenning yesterday stated that he is well pleased with the school and that the instruction is designed to meet war-time emergency needs in swimming, first aid and accident prevention.

Yesterday afternoon the students participated in an impressive water festival, demonstrating what they have learned so far.

This aquatic event featured water ballets, exhibitions in swimming, diving, lifesaving and canoeing. Godfrey Novotny, director of first aid and water safety in Philadelphia, and Mr. F. Lewis, of the national Red Cross staff, were in charge of the men's activities, while Miss Jannie Johnson, of Fort Lauderdale, Fla., was in charge of women's exhibitions. A number of local people witnessed the colorful demonstration.

One of the slogans of the school this year is "everybody seaworthy." The aim of the 28 members of the faculty is to return to the Red Cross chapters through

Catches "Whale" Of A Bass In County

Here is Walter McNeely, well known Lake Toxaway merchant, and a five and a half pound small mouth bass which he caught in the Toxaway river at the mouth of Indian creek near his store. As the yardstick shows, the fish is 22 inches long. This is one of the largest bass ever caught in the county. "No, I'm really not a fisherman, but I was thrilled when I caught that one," Mr. McNeely said. (Photo by Austin.)

COUNTY BUDGET FOR NEXT YEAR BEING DRAFTED

Valuation Expected To Be About Same. Some Departments Want Increase

COLLECTIONS GOOD

In spite of the fact that the county's valuation will be about the same and that a number of departments are asking for increased appropriations, Transylvania county's tax rate for 1943 will remain at \$1.55, information obtained yesterday from Carl Allison, chairman of the board of commissioners, indicated.

This week Mr. Allison, County Attorney Ralph Ramsey and Mrs. Dorothy Mitchell, county accountant, have spent a good deal of time working on a proposed budget for the new fiscal year which starts July 1, and the commissioners are expected to meet within the next few days and give further study to all budget requests. Final adoption, however, will not be made before July.

Tabulations of 1943 tax listing figures have not been completed, but according to estimates, the county's valuation will remain about the same as of last year, approximately \$6,000,000.

The county's debt payment requirements under the refunding plan are also about the same as last year, but some departments, including the schools and welfare, state that they need more money for operation during 1943-44. It is pointed out that the nine months school term will naturally cost the county a little more even though all salaries and bus operating expenses are paid by the state.

The commissioners, it seems, are endeavoring to make certain increases in some departments and economize in others in order not to increase the tax rate.

"Our county must progress, but at the same time I do not think

Valuable Piece Of Equipment Made Possible By Hospital Auxiliary

Since the news has become circulated over Brevard concerning the arrival last week of the new oxygen tent at Transylvania Community hospital, several persons have been heard making wild guesses as to who will be No. 1 patient to use the tent at the hospital.

Miss Myrtice Dillard, head nurse at the hospital, said yesterday that the tent is installed and ready for use when the need arises, but so far no patient has required its use.

The oxygen tent was purchased through funds, amounting to \$300, raised by the Women's Hospital Auxiliary, and is modern in every respect, Miss Dillard said. Among the up-to-date devices is a cooling system, which the old canvas-type model, formerly owned by the hospital, did not possess.

The \$300.00 paid by the women's auxiliary for the tent was raised mainly through progressive hospital teas given by several hundred ladies of Brevard, and also through individual donations from interested friends.

TO PROMOTE SALES OF BONDS, STAMPS

County Has Large Quota This Month. Women To Push Stamp Sales

With a county quota of \$45,150 for the month of June, the war savings staff is urging every man, woman and child to buy bonds and stamps this month.

The original quota was \$30,150, but this amount was increased by one-half to help meet the shortage in the national goal of 12 billion dollars for the fiscal year set by the President last June, Chairman E. H. McMahan states.

In addition to the sale of E bonds, members of the county's staff will push the sale of F and G bonds. Solicitors have been appointed to make contacts.

The women's division of the staff will concentrate on the sale of stamps. Mrs. Oliver Orr is chairman of this drive. The women of the Civic club in particular will promote these sales.

According to present plans, merchants will be requested to allow the ladies to have booths in their stores and sales will be pushed all next week.
