

# Legion Post Is Now Making Plans To Hold County-Wide Fourth Of July Celebration

### To Feature Band Concert, Parade And Service At Brevard High School

Plans are now being made to hold a county-wide Fourth of July celebration and re-dedication service here on Sunday evening, the Fourth, William Wallis, commander of the Monroe Wilson post of the American Legion, announced today.

According to present plans, the Ecusta band will give a concert here on the courthouse lawn, starting at 7 o'clock in the evening. At 7:45 the band will lead a parade to the Brevard high school and at 8 o'clock a special service will be held in the high school auditorium, featuring an address by Rev. B. W. Thomason, post chaplain and special music will be rendered by members of the Brevard Music Lovers' club.

Every man, woman and child in the county is being requested to join in the parade and several organizations, including the Legion, boy and girl scouts, will be asked to march to the high school in a body.

Mrs. H. R. Bobst, president of the Music Lovers' club, is in charge of the musical arrangements and the band concert will be presented under the direction of John Eversman.

It is understood that no church services will be held in Brevard that evening and that all local ministers will participate in the special July Fourth program at the high school.

"This is the 167th. birthday of the nation, and I think it is fitting that we should celebrate it by re-dedicating ourselves to the preservation of the great principles for which our country was established," Commander Wallis said.

On Monday, July 5th, a big picnic for Ecusta employees will be held at Camp Sapphire.

## Local Lions Will Attend Convention

The Lions club of Brevard will be represented by a group of members at the 21st annual convention of North Carolina Lions clubs to be held in Winston-Salem June 27 and 28, President Jack Trantham said yesterday.

The convention this year will be streamlined, in keeping with the general trend throughout the country to cut down on convention "frills" and hold sessions strictly to business, Mr. Trantham said.

The meeting will open Sunday with a memorial service at the First Baptist church. Dr. Ralph A. Herring, pastor, will make the address.

At the luncheon meeting on Monday, Henry J. Johnson, district governor-elect of Tampa, Fla., will speak.

The annual district governors' banquet and ball on Monday night will bring the convention to a close. Charles J. Stevenson, director of Lions International, of Cambridge, N. Y., will be the banquet speaker.

Little ads bring great returns

## COUNTY WILL BE FEATURED IN 6 GREYHOUND ADS

### Unique Series Of Advertisements Started This Week In The Times

This county's part in the nation's war effort is being given its full share of prominence in the first of a series of newspaper advertisements to be published in this paper by the Greyhound bus lines. Local and state activities—as well as the part local Greyhound people and service play in them—will be featured in all of these advertisements.

Some highly interesting facts about the state's great highway system will be the basis of one advertisement—with special emphasis on what these roads have meant in the past, and will mean in the future, to this county and its neighbors. The newspapers of the state—both dailies and weeklies—will come in for their share of attention as will the splendid grade schools, secondary schools and colleges of this state. Pride in the rich farmlands of this area and the state's leading industries will be expressed in still other advertisements.

Greyhound executives state that they have chosen to "point with pride" to local achievements and institutions because Greyhound feels itself to be a part of the community—its people live here, their children go to school here, and a great proportion of the bus service Greyhound provides in this region is definitely local in nature—a great share of this service being to war plants, farming centers and neighboring communities.
