

Town And Farm In Wartime

Ration Reminder

Gasoline—"A" book coupons No. 7, good for four gallons each outside the East Coast shortage area, must last through September 21. Within the short-area "A" book coupons No. 6, good for three gallons each, are valid July 22. "B" and "C" coupons cut to two and one-half gallons in twelve of the North-eastern states of the shortage area. "B" and "C" coupons good for three gallons in the remaining five states of the Eastern shortage area.

Sugar—Stamp No. 13 good for 5 lbs. through August 15. Stamp Nos. 15 and 16 are good through October 31 for 5 lbs. each for home canning purposes. Housewives may apply to their local boards for more if necessary.

Coffee—Stamp No. 22 (1 lb.) good through August 11.

Fuel Oil—Period 5 coupons valid in all zones through September 30. Period 1 coupons in new fuel oil rations became valid July 1 and are good for ten gallons each.

Shoes—Stamp No. 18 (1 pair) is valid through October 31.

Meat, etc.—Red stamps P, Q and R good through July 31.

Marvin Jones' Crop Report

War Food Administrator Marvin Jones said recently that, on the average, farmers are meeting this year's production goals for field crops. Earlier reports indicated that livestock and livestock products also will reach production goals. Mr. Jones said: "We will have enough food in this county—given at least average weather for the rest of the year—to give civilians adequate and healthful diets, in addition to meeting military and other essential wartime requirements. This does not mean, of course, that there is any better chance than appeared earlier for having all the food that civilians would like to buy, or that civilian supplies for some individual items will not be far below the demand. "For some important crops—in-

cluding rice, oats, flaxseed, and potatoes, estimated 1943 acreage is well above the year's goals. "Acreage of corn, hay, barley, grain sorghums, cotton, and tobacco is about at the goals. Acreage of sweet potatoes, dry field beans, Peanuts, and sugar beets is below 1943 goals."

Soldier's Life Insurance
Soldiers—at home or abroad—are reminded that less than three weeks remain in which they can get National Service Life Insurance without a physical examination. Until August 10, 1943, every application will be accepted regardless of the individual's medical condition. After August 10 a rigid physical examination will be required.

Program To Avoid Clothes Rationing

A program to make clothes rationing unnecessary, recently announced by Donald M. Nelson, chairman of WPB, contains these six points: (1) increased production, (2) orderly and adequate distribution, (3) more "volume" merchandise, (4) allocation of materials to essential needs, (5) increased imports of burlap, and (6) proper care of clothing by consumers. There is an adequate supply of textiles to meet civilian needs, the WPB has determined.

Farmers Will Get Gasoline

Farmers are entitled to first call in receiving motor fuel when they present valid 'E', 'R' or bulk coupons or ration checks which are issued pursuant to Ration Order 5-C of the Office of Price Administration. Dealers (whether retail or wholesale) must accord them this privilege. This means, that if necessary, the dealer shall not deliver any motor fuel for any non-agricultural or non-military use until these preferred demands have been "satisfied"—statement by Acting Petroleum Administrator for War Ralph K. Davies.

Dry Beans For Civilians

Civilians will get more dry beans and peas this year than they consumed in 1942, said the WFA in announcing allocations of these foods. More than half of the 22,200,000 hundred pound bags of beans will go to civilians, who will also get 1,624,000 bags of dry peas—more than were eaten in 1942.

and 76,000 bags more than the 1935-39 average civilian consumption.

Egg Supplies Hold Even
About the same quality of eggs will be available to civilians in the 12 months beginning July 1, as in the same period last year, the WFA has indicated. Of a total of 5 billion dozen eggs, civilians will get about 3½ billion dozen.

Soldiers Send Money By Radio

American soldiers overseas except those in Alaska, Hawaii, Panama Canal Zone, and Puerto Rico may now send money home by radio. In a recent week more than 9,000 soldiers sent nearly \$1,000,000, in amounts of \$10 or more, with no maximum limit. Money may be transmitted to an individual payee, or to a bank. The process is speedy and sure. If a soldier desires to do so, he may also purchase war bonds by this method.

Farm Land Values

Farm land values on March 1, 1943 were higher than they were in 1942, the Bureau of Agricultural Economics said, in explaining that the index of average per acre values had risen to 99. (1912 to 1914 equals 100). The index of average per acre values in March, 1942, was 91. A low point of 33 was reached in 1933 in the aftermath of inflation started during the last war. One anti-inflationary force at the present time is the fact that many farmers have been using a considerable part of their cash income to pay off mortgage debts.

Rollback Of Vegetable Prices

Effective July 20, a rollback of about 25 percent in the price of lettuce and 50 percent in the price of cabbage was ordered by the OPA. This was the first step in a program to cut back the excessive prices of fresh fruits and vegetables to keep the cost of living down.

More Community-Wide Prices

OPA will continue to establish community-wide prices on foods sold at retail, even though it has recently issued over-all fixed markup regulations. The housewife cannot easily tell whether a storekeeper has made his prices by the markup method, and that is the reason OPA will proceed with community-wide maximums.

Cotton fabrics for women's work clothing have been cut from 14 types to five.

GLANCING BACK AT BREVARD

Taken from the files of The Sylva Valley News, beginning 1895

(From the file of May, 1906)

Mrs. Witherspoon and daughter, of Louisville, Ky., arrived this week to visit Mrs. John F. Henry and daughter, Miss Violet.

T. B. Cray, our brick mason, who has been at work in Chattanooga, Tenn., is back at his home here for the summer.

The name of T. H. Galloway is announced this week for representative. We might well go farther and fare worse.

A. M. Verdery and family have moved to the old V. B. McGaha residence, corner of Jordan and Gaston streets.

This is the time of year when a baldheaded man is kept busy preventing the flies from making a skating rink of his brain pan.

T. T. Patton and D. L. English were up on the Rod and Gun club preserve the first of the week with their rods, but brought back few fish.

Mrs. C. C. Yongue, of North Brevard, who went to Asheville last week to undergo an operation for appendicitis, is reported as rapidly recovering. Hers was a chronic case of several years standing.

People wanting boat rides or fishing trips should see S. F. Puette about his gasoline boat. It is ready to run on short notice.

The first announcement of a wish for office is published in this week's paper. T. T. Loftis asks for a renomination, and those who know how faithful he has been in the discharge of his official duties will doubtless be willing that he should continue to serve them.

W. E. Breese, who was present at the closing exercises of the Cullowhee Normal school last week, returned on Tuesday, highly pleased with his outing. He says that Transylvania county students were in the limelight from start to finish and came out of the intellectual battle with colors flying.

Dr. Cheatham is attending the North Carolina Medical society meeting in Charlotte this week. He wears the palm of victory on the fish story business. He says he caught a 21-ounce bass with a feather the other day. Ask him how it was done.

J. S. Bromfield, well known to a large circle of friends in and around Brevard, has this week become a permanent resident of our town. He has bought the lot near the depot formerly owned by Dr. Crenshaw, of Pickens county, and proposes to establish a coal and wood yard thereon. The consumers of coal are increasing in Brevard and it will be a boon to all such to learn that a supply of both hard and soft coal will always be on hand. The business is a good investment for our town, and we hope it may prove a good one for Mr. Bromfield.

Mark Osborne is home from Farm School on vacation. He speaks in glowing terms of the school.

STATE OF NORTH CAROLINA Department of State PRELIMINARY CERTIFICATE OF DISSOLUTION

To All to Whom These Presents May Come—Greeting:

Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Centennial Bowling Center Corporation a corporation of this State, whose principal office is situated at No. N. Caldwell Street, in the Town of Brevard County of Transylvania State of North Carolina (Walter A. Weill being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 22, Consolidated Statutes, entitled "Corporations" preliminary to the issuing of this Certificate of Dissolution:

Now Therefore, I, Thad Eure, Secretary of the State of North Carolina, do hereby certify that the said corporation did, on the 30th day of June, 1943, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In Testimony Whereof, I have hereto set my hand and affixed my official seal at Raleigh, this 30th day of June, A. D. 1943. THAD EURE, Secretary of State.

Uncle Sam Needs Extra Pulpwood

Uncle Sam is asking farm woodland owners to spend some of their spare time in cutting pulpwood because more tons of wood go into the war machine than tons of steel, says R. W. Graeber, extension forester at N. C. State College.

Recently 125 farmers and timbermen met in Rutherford County with the county agents and soil conservationists from Polk, Cleveland, Burke, McDowell and Gaston counties. Paper company representatives were also present to answer questions put to them by the farmers.

The meeting brought out that a paper company at Georgetown, S. C. is making 125,000 boxes a day for use in exporting food and war supplies for the army. Ninety-two percent of the paper manufactured by this plant goes into the war effort and it has a capacity of 2,200 cords a day.

When wool is clean, rinse 2 or 3 times in clear lukewarm water. Squeeze water out gently. Don't wring or twist.

NOTICE

IN THE SUPERIOR COURT STATE OF NORTH CAROLINA, COUNTY OF TRANSYLVANIA. MERLE MARSALANE SHINKOSKY, Plaintiff,

vs JACK NEWTON SHINKOSKY, Defendant.

The above-named defendant, JACK NEWTON SHINKOSKY, will take notice that an action entitled as above has been commenced in the Superior Court of Transylvania County, North Carolina by the plaintiff to secure an absolute divorce from the defendant upon the ground that the plaintiff and defendant have lived separate and apart for more than two years next preceding the commencement of this action; and the defendant will further take notice that he is required to appear in the office of the Clerk of the Superior Court of Transylvania County in the Court House in Brevard, North Carolina, within thirty days after the 16th day of August, 1943, and answer or demur to the complaint in said action, or the plaintiff will apply to the court for the relief demanded in said complaint. This the 7th day of July, 1943. N. A. MILLER, Clerk Superior Court.
