Are You In Tune With The Times?

Artificial hose, a war time development intended to replace the customary stockings, has already won the approval of a host of women. This is due to the fact that, when expertly applied—as is done in our shop—it can hardly be told from fabric hose, runs are eliminated and the cost of application is moderate.

RUTH'S BEAUTY SHOP

West Main St.

Do your shirts have 12 o'clock fainting fits?

Come 12 o'clock—especially in hot weather—many shirts collapse. Their collars wrinkle, rumple and crumple.

Not so Arrow Hitt Shirts. Hitts have non-wilt (starchless) collars that stay neat and trim all day long. And—

Like all Arrow Shirts, they're "Sanforized"—labeled (won't shrink even 1%). They have the smooth-fitting Mitoga figure cut, and anchored buttons. Try 'em!
