

Wartime Hints

—for— Transylvania and Brevard HOMEMAKERS

By AUNT SAWYER

Spirit Of Cooperation

A splendid spirit of co-operation and patriotism has been exhibited within recent weeks among housewives in a colored community near Brevard, their accomplishment displaying what can be done in the war effort with united work. Mrs. G. M. Hemphill, of the Glade Creek section, a teacher in the Transylvania county school system and a housekeeper, purchased a new pressure cooker but didn't know how to use it until she saw it demonstrated by Miss Annabel Teague, county home agent, a few weeks ago. Since that time she and her neighbors in that community, who had the privilege of using the cooker, have canned a total of 190 quarts of vegetables and fruits. Not one of the women had ever used a pressure cooker before, and they were delighted with their fine array of canned foods for winter use. Mrs. Hemphill also loaned her cooker to several white women who used it with good results.

First Quiz Lesson

Since everybody else is having quiz tests, why don't we start one, too? So, just as a starter, here goes the first lesson: 1. Who was the first English child born on American soil? 2. What was the year of the big Chicago fire, and what is the only building now standing that survived the fire? 3. Is Chevy Chase the name of a Spanish castle, a race horse, or a celebrated British ballad? 4. Who was Fannie Crosby? 5. Is Chlorophyll a cleaning fluid, the name of a patent medicine or the green

Made Record Leap

LT. COL. W. R. LOVELACE shows how he leaped at 40,200 feet from a Boeing Flying Fortress recently to set a new American record. The stratosphere jump gave valuable data to researchers. (International)

GLANCING BACK AT BREVARD

Taken from the files of The Sylvan Valley News, beginning 1895

(From the file of June, 1906)

S. L. Earle, of Jacksonville, Fla., owner of the old M. J. Orr place, has been in Brevard several days looking after his business interests here.

C. M. Doyle, the produce man, has moved from the little building above Joe Clayton's to the Walker McGaha store room below Orr's livery barn. He invites you to call and see him in his new quarters.

Messrs L. B. Houston and J. W. McMinn left town on Wednesday morning about 9:30 and returned that afternoon from Cathey's Creek with a string of 42 trout, none under nine inches long.

If every person who is in favor of having mail on all of our trains will make it a personal matter and write a letter to Chas. M. Vickery, in Washington, D. C., then we will soon have them. We are badly in need of an evening mail service up and a morning mail down on the railroad. One mail a day each way is not satisfactory to our home people or the visitors. If we cannot have another postal clerk on the train they might give us a pouch service from Hendersonville.

Word has been received from Asheville that Forsey Hamilton, the 16-year-old son of M. L. Hamilton, was almost instantly killed by a Southern train at a rock quarry near Asheville Wednesday afternoon. He was employed to carry steel at the quarry and when crossing the tracks was struck by the train. His neck was broken, skull crushed and his death was almost instantaneous.

Brevard was represented at the Bankers association at Lake Toxaway Wednesday by Rev. and Mrs. P. G. Elsom, Mr. and Mrs. Thos. H. Shipman, Mr. and Mrs. W. H. Duckworth, W. P. Whitmore, W. P. Weilt and Welch Galloway. All reported that North Carolina bankers know how to entertain.

Mrs. W. L. Norwood, of Chapel

Hill, who has rented the Thos. L. Walters cottage, corner of Broad and Jordan streets, arrived Tuesday night and is now permanently located in her new home. She was a Brevard visitor last summer and took a liking to our town, which has resulted in her locating here.

Miss Nina Morgan, a charming young lady of Landrum, S. C., is visiting her sister, Mrs. P. G. Morris, and brother, C. W. Morgan.

And they do say that the address of welcome by Welch Galloway was almost without parallel in the annals of speech making. His effort certainly brought credit to himself and our town.

The many friends of Misses Ida and Fanny Sitton will be sorry to learn of the death of their father, Samuel Sitton, which occurred at his home near Greenville on Friday of last week.

Ralph Henry, son of Patrick Henry, who has been living with Lawrence Ashworth, died June 14, after a lingering illness, age 13 years. Funeral was conducted by Rev. T. C. Holtzelaw.

When your doctor asks where you prefer to have your prescription filled, say: VARNER'S, because: Filled only by registered pharmacist; as written and at reasonable prices. (Advt.) ttc

Have a "Coke" = Aloha No

(WELCOME, FRIEND)

"Coke" = Coca-Cola

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".

... from Honolulu to Hartford

Aloha No, says a newly-found acquaintance in Hawaii. Have a "Coke", responds the visiting sailor, and in a jiffy he's made a friend. Around the globe Coca-Cola stands for the pause that refreshes—has become the high-sign of the friendly-minded.

★ FROM YOUR PULPWOOD COMMITTEE

THIS Committee is starting a drive to cut more pulpwood trees. The shortage is serious... and pulpwood is urgently needed for everything from blood plasma containers to parachutes... from shell cases to airplane parts... from gas mask filters to explosives.

Our Government is asking every able-bodied woodcutter and farmer to pledge 3 extra work days this year (at regular pay) to cut pulpwood... 2,500,000 extra cords are needed quickly.

This is a challenge to everyone of us in this community. We must not let our boys down. 3 EXTRA days' work are little to ask when our boys are out there giving their lives for their country.

Enlist today in this drive. Wear the button that shows you are in this fight. This is one way this community can help win this war.

Come to Committee headquarters or get in touch with any of these men. And do it quickly.

This pulpwood shortage is a national war emergency.
