

Town And Farm In Wartime

HERSHEY SHOWS ORDER OF INDUCTION

The selection of men needed for the armed forces and the deferment of men required for agriculture, war production and war supporting activities are much more difficult than in the days when we had ample men to choose from," said Major General Lewis B. Hershey, director of selective service, in a recent letter to local boards. He said available men will be called for induction in the following order: (1) single men without dependents; (2) single men with collateral dependents; (3) married men without children; (4) men with children (nondeferable activities and occupations; (5) men with children.

DROPS BOMBS — GATHERS CORN

When the B-24 Liberator bomber, "Lemon Drop," of the U. S. Army Ninth Air force came back from its mission of bombing Rumanian oil refineries at Ploesti, corn stalks were clinging to its bomb bay doors. The bombardier, Captain Herbert Light, Ames, Ia., observed: "Why, back in Iowa you'd have to fly 25 feet off the ground to get above the corn tops. No risks involved in that. But when you're heading for a target in the Rumanian oil and corn country, you've got to tear along about six feet off the ground to skim the corn tops."

SOME BOOTS ARE RATION-FREE

Certain kinds of rubber boots useful in farming and similar work but no longer being manufactured for general use have been released from rationing by a recent OPA amendment. All olive drab, clay or khaki colored rubber boots, all over-the-shoe rubber boots, and all light-weight ankle-fitting rubber boots which depend upon stretch at the ankle for fitting are included in the order. However, quantities will be small because dealers do not have complete stocks on hand.

TO HELP YOU GET TRUCK TIRES

If you own a truck and have tire rationing certificates but cannot locate the proper tires within your county, you may apply to the nearest Motor Transport District Office of the Office of Defense Transportation for assistance, the ODT has reported.

PRICE SUPPORT FOR SWEET POTATOES

To encourage farmers to cure and store as much as possible of this year's expected crop of 81 million bushels of sweet potatoes, farmers will be assured a minimum of \$1.50 per bushel for U.S. No. 1 or better cured sweet potatoes properly packed in bushel crates, baskets or hampers and offered during January, and \$1.65 per bushel beginning February 1, 1944. Prices of U. S. sweet potatoes containing not less than 75 per cent No. 1 quality will be 15 cents per bushel less than the

above prices. Farmers desiring information concerning the handling of sweet potatoes are requested to get in touch with their state or county agricultural war boards.

PEACE TO REPAY FOR LEND-LEASE

"The Congress in passing and extending the Lend-Lease Act made it plain that the United States wants no new war debts to jeopardize the coming peace," President Roosevelt declared in his letter transmitting to Congress the eleventh report on Lend-Lease operations for the period ending July 31, 1943. "Victory and a secure peace," the President added, "are the only coin in which we can be repaid."

"STANDING ROOM ONLY" ON TRAINS

If you are planning to take a trip over Labor day, you probably will have to stand in the aisles, ODT officials say. Passenger trains throughout the U. S. continue to run heavily loaded with standing in the aisles occurring frequently on some trains, particularly at week ends.

BETTER RUBBER FOR RECAPS

Rationing restrictions on the use of Grade "C" camelback for recapping have been removed, according to OPA. Grade "A" camelback, previously available for only the largest truck and bus tires, may now be obtained for recapping tires on all trucks and buses although it is still subject to rationing.

WAR-USEFUL JOBS NEED 2,600,000

Between now and next July, "a rock-bottom minimum of 2,600,000 persons" must transfer to war-useful jobs, according to Paul V. McNutt, chairman of the War Manpower commission. "There are acute shortages of laundry workers, teachers, nurses, doctors, bus and delivery drivers and others whose services are needed by civilians," Mr. McNutt said. The War Manpower commission advises those in doubt about the war-usefulness of their jobs to consult the U. S. Employment Service.

that housewives may know that they are not paying "black market" prices for groceries and meats, food prices must be posted in each store as follows:

1. The food store will post one or more signs in a conspicuous place showing the group of retail stores to which it belongs. The sign will read "OPA-1", "OPA-2", "OPA-3" or "OPA-4", whichever applies. These same designations will apply on the applicable ceiling price charts.

2. The printed OPA ceiling price

charts for groceries covered by community prices, pork cuts and beef, veal and lamb cuts must be posted in the store at a point where they may be noticed and conveniently read by customers. These posters must be the correct ones for the store group in question.

3. Stores must post their selling prices for groceries covered by community prices on the item or at or near the point of sale. Meat in display cases must be tagged or marked to show the selling price per pound, and bacon, sausages, beef, veal and lamb must be tagged or labeled to show grade of the meat.
