

### Town And Farm In Wartime

#### NO DATES ON KEROSENE COUPONS

Persons who use small amounts of kerosene for domestic cooking and lighting may now get renewal rations for periods longer than the six months formerly permitted. This provision of a recent OPA amendment is to reduce the number of renewal applications by the consumer and the amount of paper work performed by the rationing board. The amendment provides that rations issued for domestic cooking and lighting no longer will bear dates of issuance and expiration, and coupons may be used as long as they last. The rationing board may issue the ration for any period up to a year from date of application. The maximum ration allowed for domestic cooking has been increased to 30 gallons a month for the first seven persons. It was formerly 24 gallons for six or seven persons.

#### PRICES SET FOR DRY BEANS

Sale of dry edible beans, 1943 crop, to the Food Distribution Administration, to other country shippers, and to other governmental agencies designated in Food prices established for the commodity or support prices set for specified classes last April by the War Food Administration. OPA emphasized that all other sales must be made at or below maximum prices established in Maximum Price Regulation No. 270.

#### CABBAGE SEED CEILING PRICES

Ceiling prices for 1942 cabbage seed have been made the same as for the 1943 crop, according to a recent OPA amendment.

#### HOUSING DOWN PAYMENTS CUT

Down payments required to buy housing in rent-controlled areas has been reduced from 33 1/3 percent to 20 percent. OPA amended the regulation because of easing in the housing situation.

#### REPORT GOOD WHEAT CROP IN ITALY

In spite of the war, the Italian wheat crop this year is believed to have been as large or even larger than the pre-war average, according to the Office of Foreign Agricultural Relations of the Department of Agriculture. The 1943 crop may have amounted to as much as 280 million bushels. That estimate compares with unofficial estimates of 268 million bushels last year.

#### ABOUT THOSE FREE MATCHES

If your tobacco dealer gave you free matches—the wood or book variety—during March, 1942, when he sold you your tobacco products, he must continue to give them to you now. Sales through vending machines are included in the new OPA ruling on matches.

#### NOTIFICATION OF "NEXT OF KIN"

Notification of "next of kin" of naval personnel killed, missing, wounded, or captured—except where death occurs within the continental limits—is generally a telegram giving such available information as may be divulged. In case of death this telegram is confirmed by a letter from the Secretary of the Navy, conveying condolences and giving any additional details. Next of kin are also furnished data as to rights and benefits to which they are entitled. In the case of a "missing" person, the next of kin receives a letter about the continuance of allotments for insurance premiums and for dependents. If the navy receives further details of the casualty, next of kin are promptly notified.

#### REFUGEE JOINS WAC

A German-born naturalized American, who fled her native land to escape the despotism of the Nazis, has enrolled as a private in the Women's Army Corps and is in training at the First WAC Training Center, Fort Des Moines, Iowa, the War Department announced recently. She is Private Lilly Sadie Gerard, of 3065 Clay Street, San Francisco, California, who has been in the U. S. since 1936 and became a naturalized citizen in 1942. "A refugee from Hitlerism, I can think of no better way to show my gratitude for the freedom given me by the United States than by serving in the WAC," Private Gerard said.

### War Bond Rally At Lake Toxaway Turned Out To Be A Patriotic Jubilee; Over \$3000 Bonds Sold

Ralph Fisher Made Stirring Speech. Music Furnished By Ecusta Band

A war bond rally held at Lake Toxaway school last week turned out to be a patriotic jubilee celebration, with nearly every person present buying bonds and dancing to the hillbilly music furnished by the Ecusta string band.

The small school house was filled to capacity and over \$3,000 worth of bonds were sold and delivered.

"I never saw anything like it in my life," E. H. McMahan, Transylvania county Third War Loan drive chairman, said. "We could have sold several thousand dollars more if we had had the bonds and facilities for handling checks."

This was one of the 11 war bond rallies that are being held in Transylvania this month. The outlook at the beginning of the rally was dismal.

"I arrived there about dark," McMahan said. "And there were no lights in the building, no piano for our musicians, and no one had gotten there to take charge, but at least 150 people were in the yard."

"With the aid of a sound speaking system and an automobile, we got some light and the program was started about 30 minutes late. "Our string band and singers really put on a show and Ralph Fisher then made a stirring address, after which the sale of

bonds started," he explained enthusiastically.

"You should have seen that crowd; they lined up to buy bonds and kept on buying them while the string band played. Many of our bond buyers got so happy that they started singing."

L. V. Sigmon, Rosman postmaster, was present and issued bonds.

## 3RD WAR DRIVE

Transylvania county is making gratifying progress toward raising its quota of \$432,000 in the Third War Loan drive. Both in the towns and in the rural areas, the people are responding to the call to uphold the nation in its hour of trial.

The goal is to induce every person in the county who possibly can to buy at least one bond. It is entirely likely that many who could buy have not done so; that those who have already bought could purchase more. As the drive approaches the end, every citizen should ask himself the question: Have I performed my duty by the man on the firing line?
