TO LAUNCH EXPANSION PROGRAM

Transylvania County's War Fund Quota Is \$10,800

BIG DRIVE WILL START SOON IN TOWN, COUNTY

To Raise Funds At One Time For USO And 16 Other Agencies.

CO-OPERATION NEEDED

Plans are now being made to launch the united war fund drive in Transylvania county, J. S. Silversteen, county chairman of the National War Fund, announces.

The national goal is \$125,000,000 and this county's quota is \$10,800. Like a community chest plan, the National War Fund drive consolidates all of the war-related agency campaigns into one financial effort, thereby saving a lot of time and confusion on the part of the public.

Included in the fund are the USO, the United Seamen's Service, War Prisoners Aid, Russian War Relief, United China Relief, British War Relief Society, Greek War Relief association, Polish War Relief, Friends of Luxembourg, French Relief Fund, United Yugoslav Relief Fund, Belgian War Relief society, Refugee Relief trustees, U. S. Committee for Care of European children, etc., making a grand total of 17 agencies.

It is estimated that the money that is being sought will be adequate to take care of the needs and services of these various agencies, on the military front, on the United Nations front and on the home front. There are 1,800 USO clubs, service offices, lounges, and centers that must be supported, and there are many prisoners that need aid. There are men in uniforms in the rest centers that need service.

SUPT. J. B. JONES SPOKE AT MEETING

Urged Public To Co-operate In Seeing That All Children Attend School.

School attendance, its problems and suggested solution were discussed by Superintendent J. B. Jones at the October meeting of the Women's Civic club, which was held Monday afternoon.

Several reasons were given by Mr. Jones for children's non-attendance at school. "Some children are just misfits in school, some are not interested or their parents are indifferent, some lack the proper clothing and various causes prevent their regular school attendance," Mr. Jones said.

Since there is no officially designated truant officer for this county, Mr. Jones suggested that parents and interested friends report any truancy on the part of school children to the teachers or parents of the child or to other authorities, such as Mr. Jones himself or Mrs. Patton, of the welfare office, so that proper in-

ZACHARY IS BOUND OVER UNDER \$500 BOND HERE MON.

Charged With Violating Law In Soliciting Labor For Out-Of-State Work.

James Burl Zachary of Jackson county and a former lumber worker in this county, was bound over to the December term of Transylvania county superior court under bond of \$500 during a hearing held before Justice F. E. Shuford Monday in the courthouse here, on charges of violation of the state's employment laws.

According to the state law, it is unlawful to solicit, hire or contract with laborers in this state for employment out of the state without obtaining a state license for the privilege of engaging in such business. The state license costs \$500 and counties and towns may make a similar charge, too, if they desire.

Persons convicted of violation of this law must be fined not less than \$1000, according to the statute.

PLAN IS APPROVED BY TRUSTEES OF COLLEGE MONDAY

To Renew Drive To Raise Funds For Building And Endowment Purposes.

TO RAISE SALARIES

Plans for launching an extensive postwar expansion program at Brevard college were unanimously approved by the trustees at an annual meeting held here Tuesday afternoon.

The plans were presented by President Eugene J. Coltrane and provide for the erection of several buildings after the war and for the establishment of a substantial endowment fund.

An expansion movement was started here in the spring of 1941 and considerable progress was made in raising funds, but this program was interrupted when the Japs struck at Pearl Harbor.

In his appeal to the board Tuesday, Dr. Coltrane stressed the importance of renewing the movement immediately and declared that "now is the time to make definite plans for the future."

No specific amount of money was specified by the board Tuesday, as a goal for the proposed expansion program, but it is believed that it will exceed the \$425,000 objective set two years ago. Dr. Coltrane stated that a good increase in enrollment is anticipated after the war and urged that the plans be adequate to take care of this growth.

"Brevard college is a permanent, growing institution and we must plan now for the future," he asserted.

A committee composed of eight...
