thousand or more men in the armed services from our county, that we are wholeheartedly behind them, and will continue to back them until the job is finished.

The Transylvania County War Finance committee wishes also to publicly thank all the workers who helped put the campaign over in such a grand style. To the solicitors and the ladies of the various zones, who worked so faithfully, a large share of the credit for the success of the campaign must go. We thank you for a big job well done. Especial praise rightfully goes to the ladies who worked so faithfully in our Bond Headquarters, and to those of the rural sections, both men and women, who managed the campaign in their respective communities. You all did a great job and your county thanks you.

The committee also thanks members of the Ecusta String Band, the Ecusta Trio, Ginney Wood, Mr. Eversman and Mr. Ray Bennett for the part each played in connection with our bond rallies, and we have a special thanks for Jerry Jerome and Charlie Douglas, as well as all the speakers who did so much to make our rallies a success. We are also deeply grateful to all the school teachers of the county who so nobly and efficiently aided the cause; and we especially thank the Transylvania Times and Ed Anderson for a great job of publicity.

Last, but not least, we thank the various clubs and organizations for the great part they played, and especially the Junior Chamber of Commerce and the ladies' clubs who labored so faithfully.

To cover it all, we just say, "Thanks, citizens of Transylvania County, you did a great job, and your nation and its fighting men are proud of you."
