WAR FUND DRIVE STARTS MON.

Plans For Distributing Ration Book 4 Announced

MEETING OF ALL TEACHERS TO BE HELD HERE SAT.

Starting October 21, Children To Take Application Blanks To Their Homes.

DETAILS ARE GIVEN

Plans for distribution of the new War Ration Book 4 in Brevard and throughout the county have been worked out by the ration board here, and dates for registration have been set, it was announced yesterday by Dr. J. F. Zachary, chairman of the board.

Instead of the entire registration taking place in the schools, a more simplified method, it is believed, will be carried out with the assistance of the school children in co-operation with the teachers.

The new books will be distributed partly through the school children on October 21, Dr. Zachary pointed out. The children will be given application forms by the teachers, with instructions to bring them back, properly filled out, to the teachers on October 25, together with the old Ration Book 3. The teachers will then issue new books to the children on Oct. 25 and 26. The books will be given to the oldest child of a family attending school.

For those families not having children in school, or with a child too young to trust with the book, registration will be arranged through the PTA or volunteer workers on October 27 and 28. The place and hours for this registration will be announced in next week's paper.

Dr. Zachary called attention to the fact that these new ration books must not be lost, because no spares will be available.

Italy Declares War Against Her Former Partner

WASHINGTON—The White House yesterday announced that Italy had declared war against Germany.

The news was communicated to President Roosevelt by Gen. Dwight D. Eisenhower, Allied commander in chief in the Mediterranean, along with a proclamation by Italian Marshal Pietro Badoglio which said "there will not be peace in Italy as long as a single German remains upon our soil."

The president, Prime Minister Winston Churchill of Britain, and Premier Josef Stalin of the Soviet Union issued a joint statement congratulating Italy on the action.

Badoglio's proclamation attacked "German arrogance and ferocity." He accused the German army of "abuses of power, robbery and violence of all kinds... while they were still our allies."

General Eisenhower has been working for some time to get the Italians to take this action.

Chamber Of Commerce Directors Pleased With Greyhound Service

Directors of the Brevard chamber of commerce passed a resolution Tuesday night urging the Atlantic Greyhound company to continue operating their bus line from Brevard to Hendersonville and not to lease it.

This action was taken when it was pointed out by President C. M. Douglas that the Greyhound people are giving consideration to a proposal that the line be leased to John L. Loy, Hendersonville bus operator.

The directors pointed out that they had nothing whatever against Mr. Loy or any other proposed lessee, but that they were satisfied with the service that the Greyhound company is now giving between Brevard and Hendersonville and wanted Greyhound to continue to operate directly into this community.

The directors voted that the annual election of officers should be held in the usual manner and urged all firms that have not paid their dues, to do so at once.

Ballots will be turned over for printing October 21, and officers will be chosen, following the election of new directors.

Ralph Fisher reported that a committee is still busy looking for a location for a proposed airport.
